IN DEDICATION

Wisdom is one of those rare qualities found only in a few. Dr. Alton Kurtz was one of those few and we at Spring Arbor have been blessed through his keen insights, leadership, and undying effort to integrate faith and learning. It is to his honor that the 1983 Echo is dedicated.

Long away and far ago, in North Dakota, there lived a yearbook fairy who every year flew around to different schools and helped their yearbooks come out real nice and on time. Maybe someday she will visit the Arbor, but then again, the planets may line up first.

It is hard to say who is responsible for this book. Or should we say not responsible. Sincere apologies are extended to those who had hoped for a better ECHO. Maybe next year.
