YOUR ECHO STAFF

of 1951

Presents you with

Your Memory Lane

FORWARD

"And an highway shall be there, and a way . . ."

Isaiah 35:11.

Out of the crowded pathways of life,
Out of the senseless shadowy strife,
To the flickering human lights held low,
Mid the falling dusk, and the falling snow

We made our way, some fast, some slow,
As is our human want to go,
Till here at last in the setting sun
Of a childhood's day that had but begun

We stumbled ore a ruddy ray
Of love that seemed to downward stray,
To mingle midst the muck and clay.
And we looking up from feet astray
Watched twinkling hearts in the twilight say,
"Our Christ, through love, has found a way!"

Dedication

TO

PROFESSOR DEAN SPENCER:

who so thoughtfully inconsiderate as to make us think; and who let us call him friend, we as a literary token commemorating his friendship across the years with youth, dedicate this 1951 Echo.

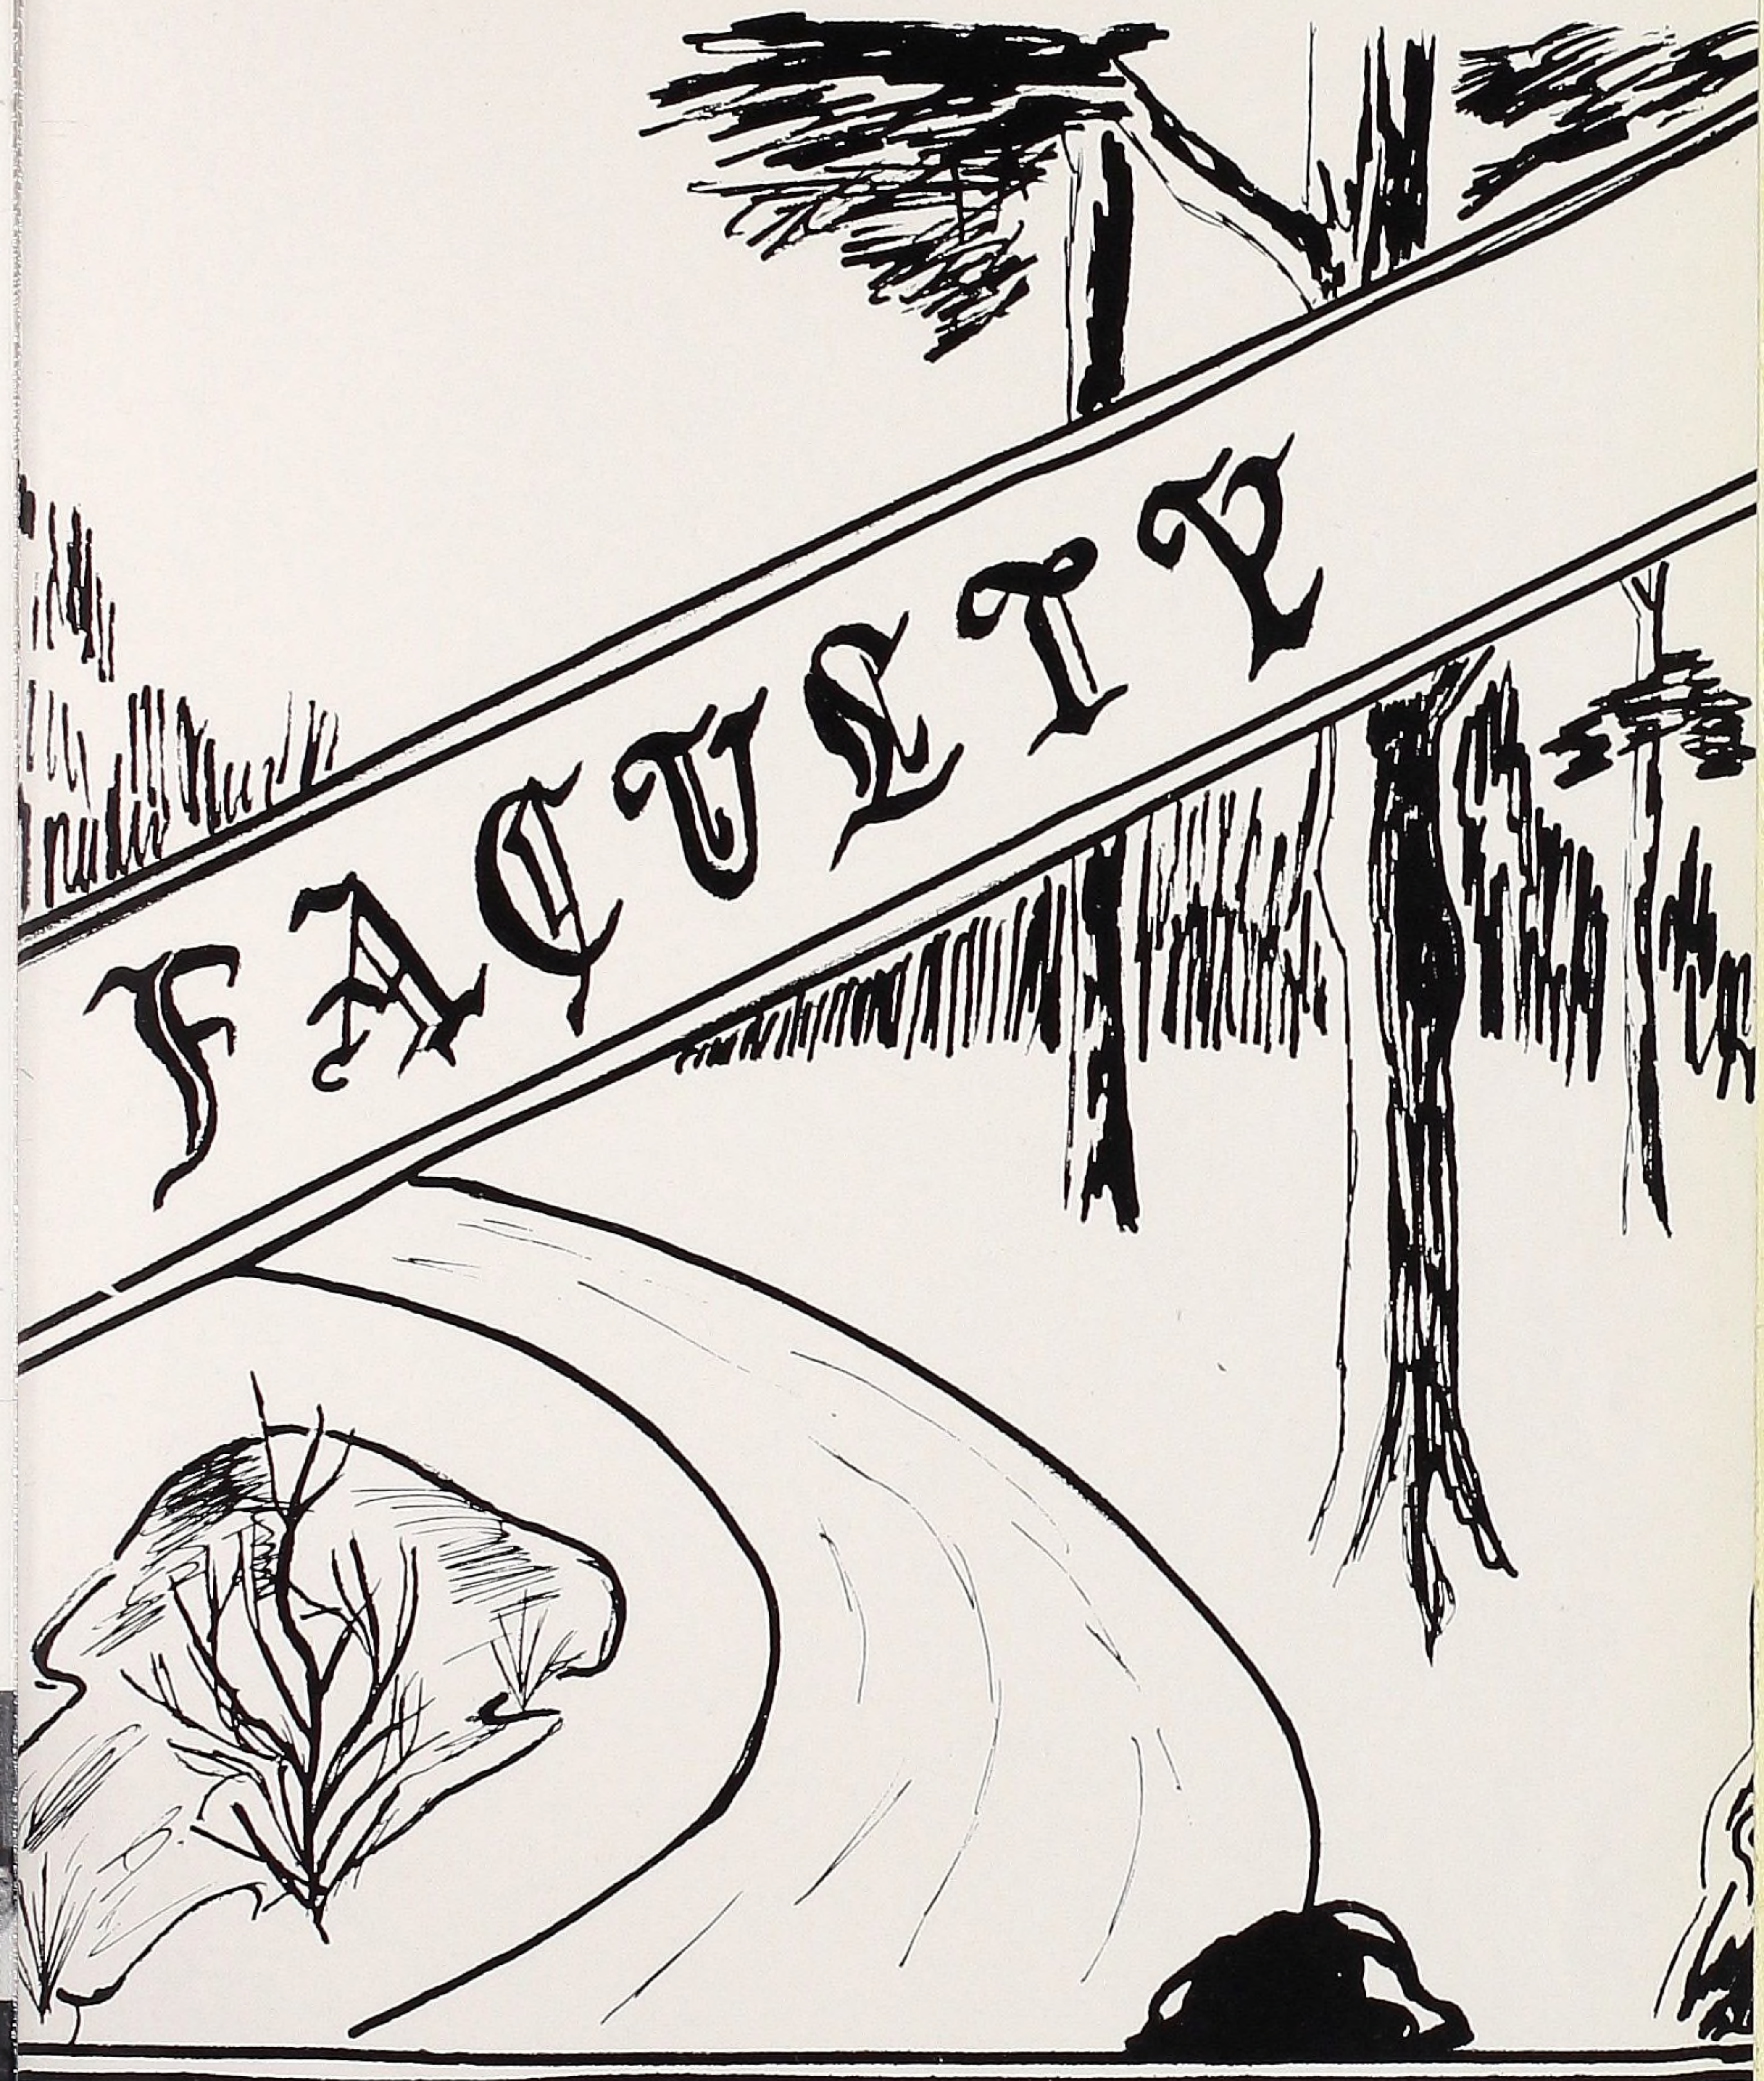

H. STEEL, W. MEADOWS, E. BLACK, P. McADAM, J. CHAPMAN.

One of the most eagerly-awaited events of the year is the presentation of the annual by the Echo Staff, in the Chapel, after which the Echo's are distributed to the students.

The Echo Staff of 1950-'51 has worked hard, under the supervision of Mr. Eldon Whiteman to bring to you this yearbook.

We hope you enjoy our annual; the pictures, and the articles, and find it to be the best ever!

MR. CHARLIE D. MOON, Ed.M., Ed.D.

President

In the harness, a pleasant understanding friend — though oft times stern — in the home a real "Dad." We don't all know him yet, but we all hope to.

MR. OSCAR C. GRISWOLD, A.M.

*Dean-Registrar
Religion*

To that patient, long-suffering man that so exemplifies the love of a christian heart — thank you. May we add thanks also for the efficient labors as Registrar and unlimited time spent in advising us.

MIS EVEA RENSBERY, A.B.

Bursar

Neat, efficient, diligent, quiet, helpful, a true friend — these qualities, more too, make up the personality and character of our own — Miss Rensberry.

MR. ELDON WHITEMAN, B.S., M.S.

Science

One of those rare gems — his quiet, sincere personality helps quiet the storms of school life. He's a real sportsman, too!

MISS LUCY MADDOX, A.B., M.A.

*Dean of Women
English*

We could go on for an age about a lady that controls a dorm full of girls, masters English Literature, produces wonderful programs, possesses a keen sense of humor, is an outstanding Christian, but we'll stop here by saying — Miss Maddox can't be beat.

MR. DONALD McDONALD, A.B., A.M.

*Mathematics, Science
Director of Physical Education*

Who but "Mac" can coach a team, teach mathematics, and keep the home fires burning at the same time? Who but "Mac" plays basketball in his sleep?

MISS VIOLET MORGAN, B.S.

Commerce

We look through those big brown eyes, into the heart of the perfect, business-like Christian lady.

MISS GEORGIA BABCOCK, R.N.

College Hygiene, Nutritionist

"Miss B." the delightful friend who lets her artistic ability carry over into her job as school nurse, especially to those delightful trays.

MR. HENRY RYCKMAN, A.B., B.S.

*Dean of Men
Piano, Industrial Arts*

Another unusual combination — mathematics, shop, music, and Dean — yes, we've even seen him play basketball. Could we sum it up by saying a well rounded life with lots of headaches from the Dean part.

MISS MABLE HARCUM, B.S., A.M.

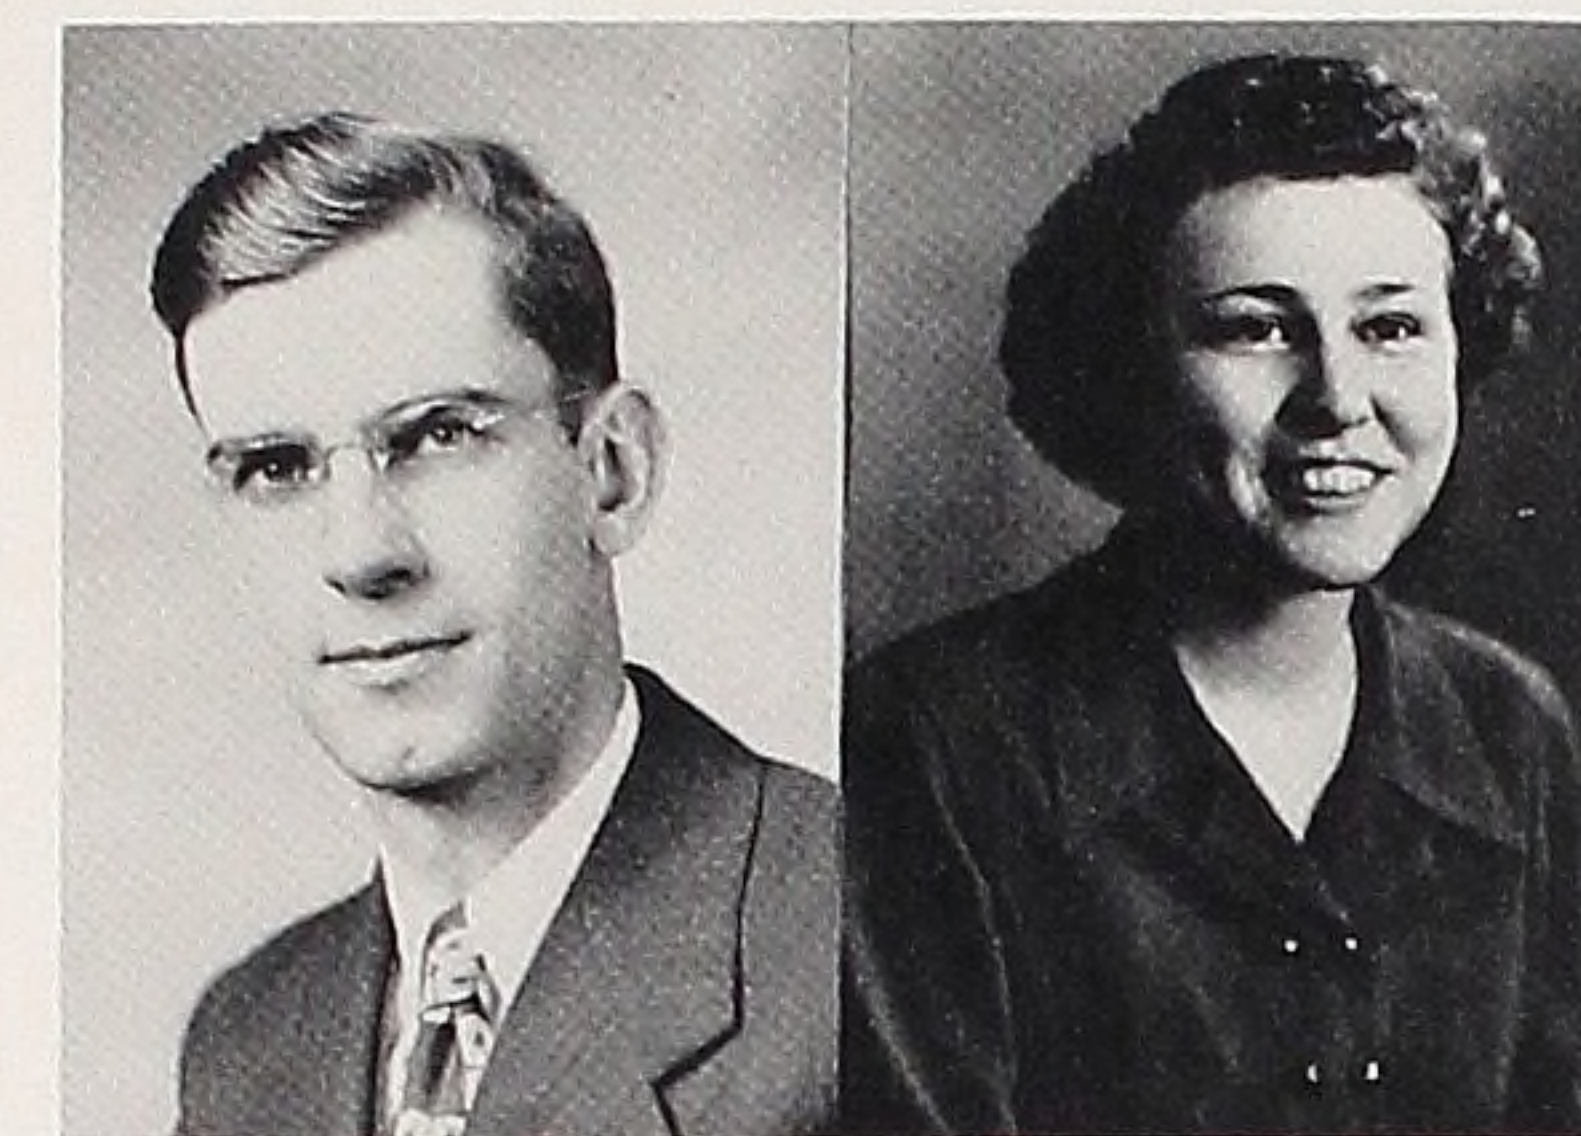

Science, Sociology, Art

She's alive! Why, she can make a chemistry lab live, make nature live through oil paintings, or make the scriptures live for little folks through her object lessons.

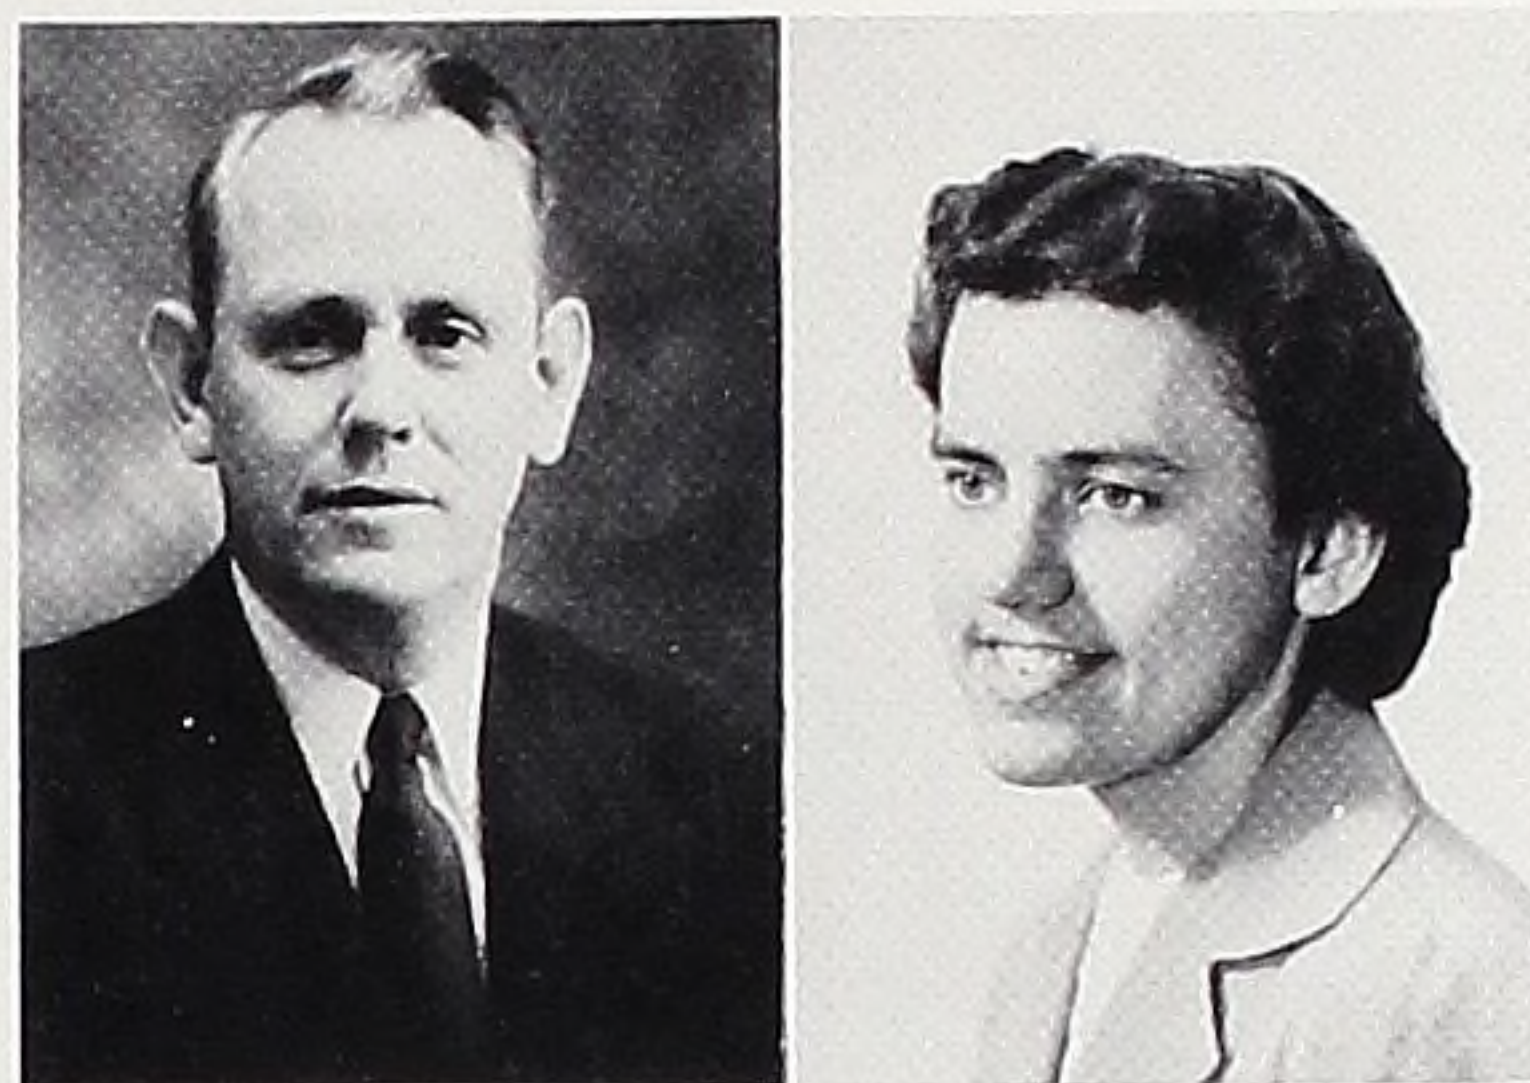

MR. LEONARD SOLDAN, A.B., M.A.

Social Science, English

One of those quiet, greatly talented, steady workers whose willing counsel has directed many young person's course heavenward.

Faculty

MR. EDMUND SNYDER, A.B., A.M.

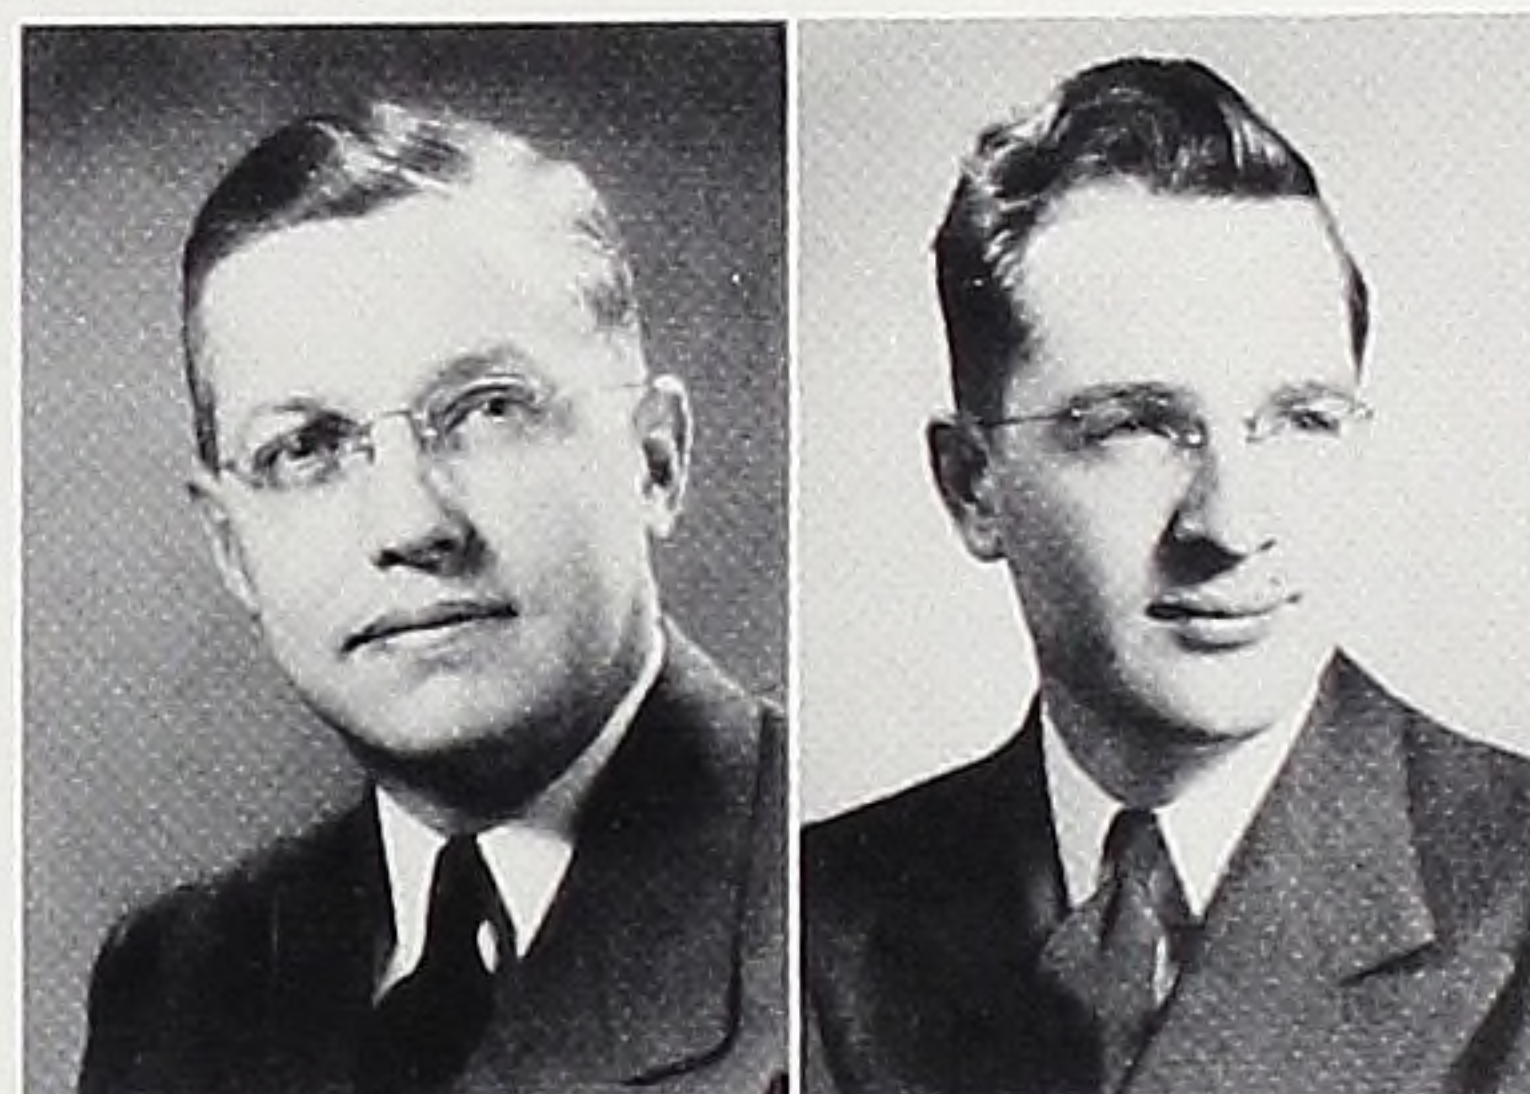

Spanish, Psychology

A very dependable man — you can always depend on him being late to Psychology, having a bundle of jokes, and yes, you can depend on his Christian example and willingness to work for God.

MISS VERA LINDSEY, A.B.

*Voice, Music Theory
Physical Education*

She's energetic and sincere in all that she does, whether it be directing A Capella, playing and coaching basketball, leading singing in chapel, or testifying!

MR. CHARLES KINGSLEY, A.B.

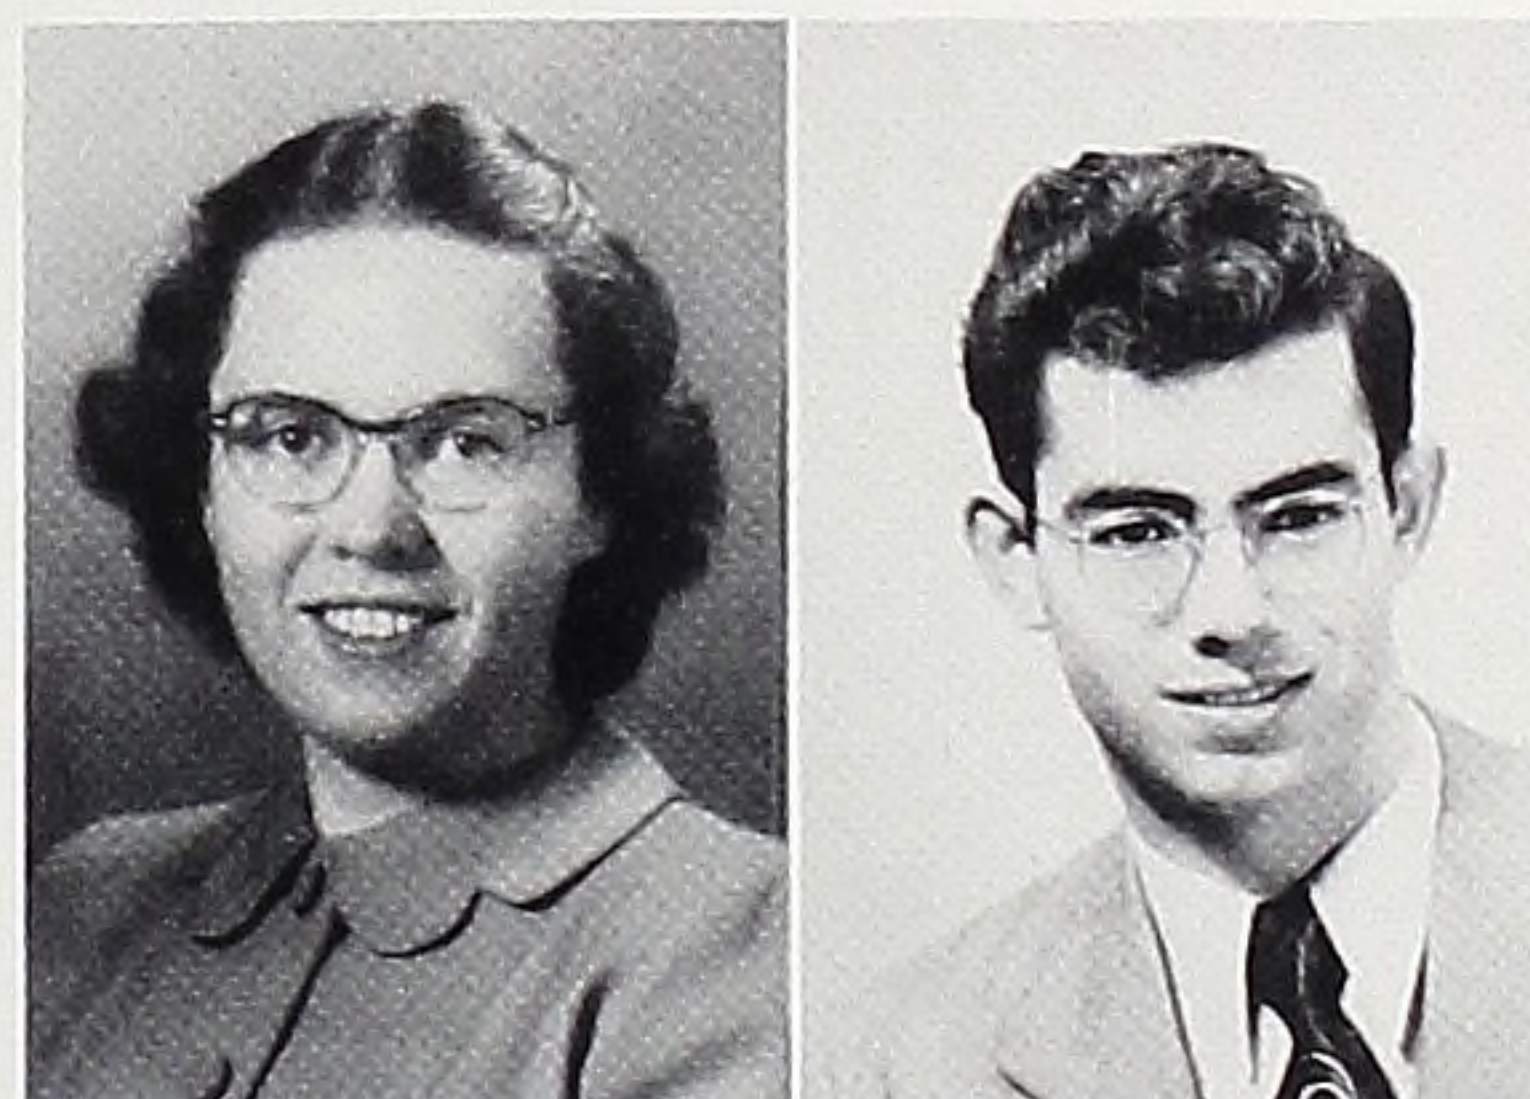

Director of Field Service Department

He has no parallel — he is humor and seriousness and Field Service in one package.

MR. FLOYD McCALLUM, A.B., Th.B.

Religion, Philosophy, Greek

A true genius in the classroom; in the pulpit. When he opens his mouth something original and unique is sure to flow forth.

MISS ARLETA RICHARDSON, B.S.

*Librarian
English*

Yes, she's there again! Where? There on the spot with that helping hand, that loving heart, and that ready smile.

MR. WARREN STORM, B.S.

Commerce

A quiet manner that certainly doesn't live up to his name — Storm. He's not too quiet to be friendly, though.

MR. GILBERT ROLLER, A.B.

Piano, Theory

A frisky little fellow, full of fun and music. He seems to enjoy life.

MR. EDGAR WHITEMAN, A.B., B.D.

Social Science, Religion

A man of unusual intelligence and a theology all his own based on perfect love, which he so magnifies. His students feel favored to have him as an instructor.

General Staff

MRS. MARGARET BUCKTA

Kitchen Supervisor

What would we do without her faithfulness where she rules in the realm of pots and pans? You don't hear much about her, but she sure is important.

MR. AVERY HENDERSON

*Supt. of Buildings and Grounds
Maintenance*

That diligent worker that keeps things ticking when everyone else takes time to play. We appreciate him.

MR. ELLERY BOARDWAY

Farm Maintenance

A little man to run such a big garden and to have so many pets.

MR. JOHN ZIMMERMAN

Organ

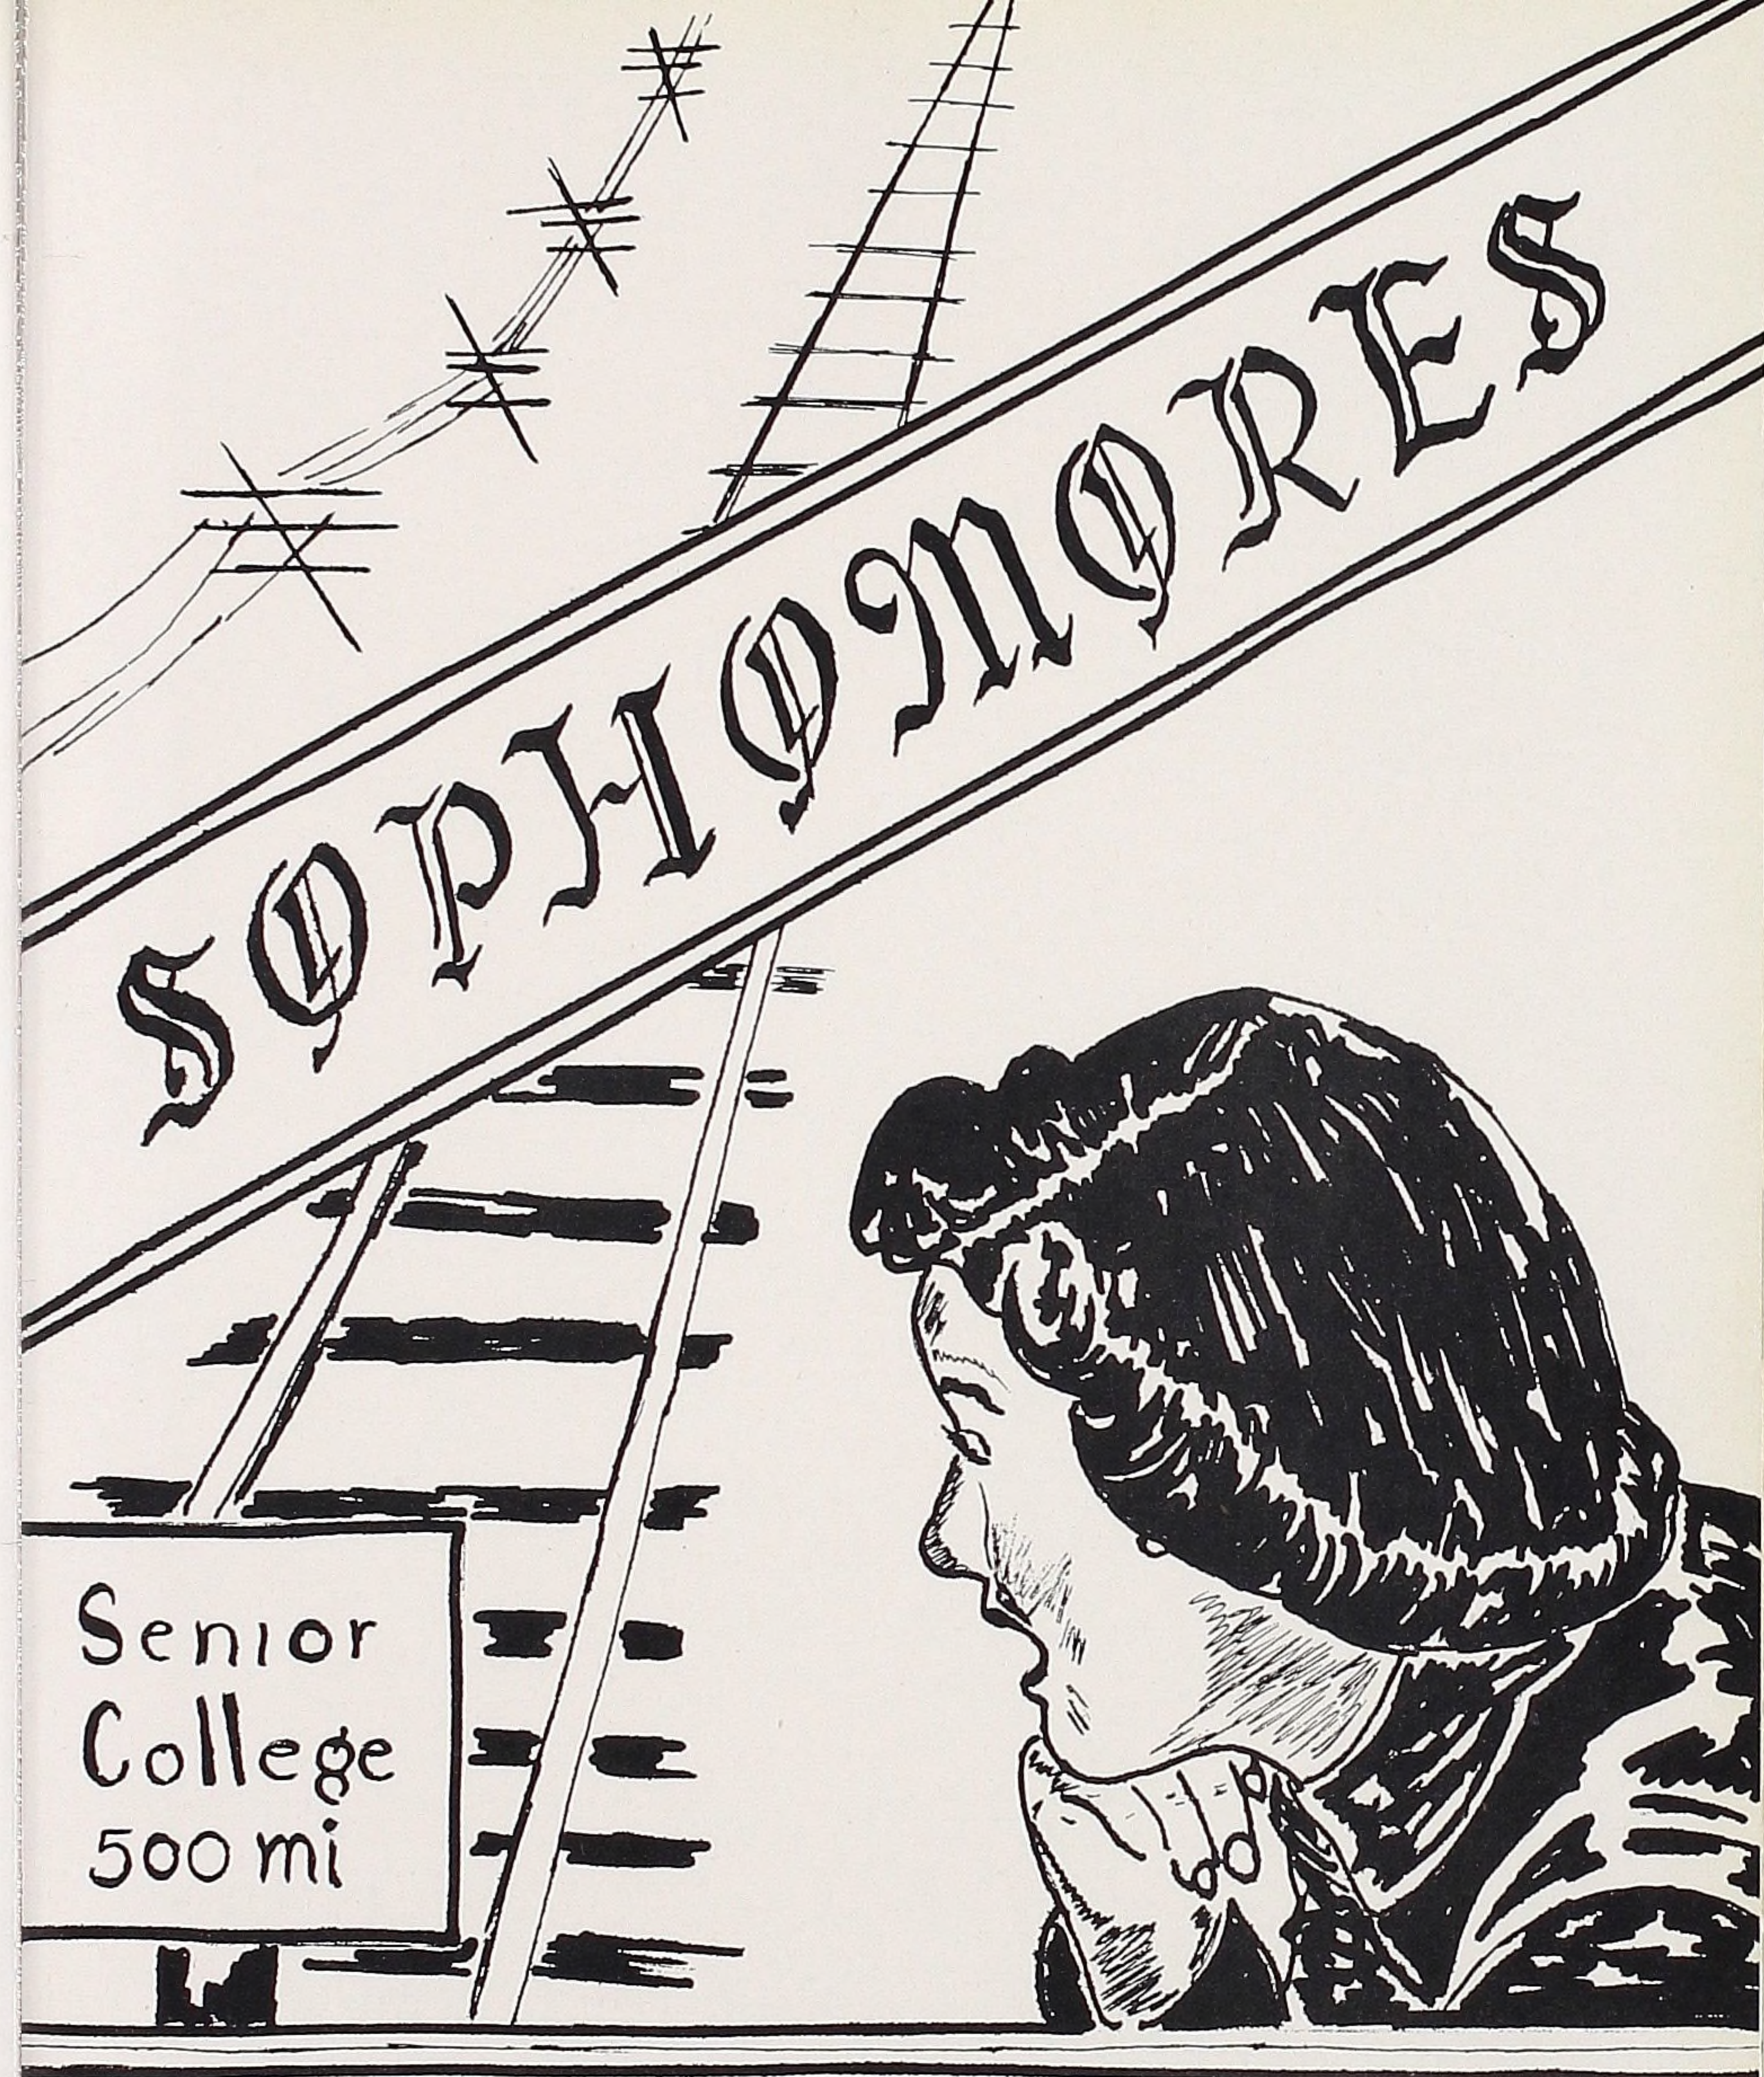

How he can make that organ speak! We consider his organ concert a highlight of the year.

CAVE MAN GAZETTE

Tuesday, June 23, 1960 Price - one mule shoe,
or two flint rocks

NOTICE:

With this issue of CAVE MAN GAZETT civilization comes formally back to Spring Arbor for the first time in two long years. This first issue is primarily for those residents who have not yet recovered from amnesia - for them we relate the happenings since that eventful day in 1958 when our beautiful countryside was scattered out by atom bombs.

COLLEGE CONQUERS CHAOS

School Rises From Rubble
Civilization has been demolished. Throughout the known world sad-faced, lop-eared mules troop in endless train across the deserted lands, broadcasting the hard-hoofed fact that wheels and the Industrial Age are long removed from us with the Cave Man era hard upon us again.

But Spring Arbor is not fallen with her bricks and stately pines. From the bleak expanse of smoking rubble has risen the Spirit of Youth in Search of Truth. This epoch in life that dropped with the Atom Bomb has shattered the veiling cloak of custom and disclosed qualities of the heroic unknown in all the valiant Class of '50-'51.

At the Alumni Banquet in '58 when the bomb hit, the whole class was present in the gymnasium but - - - - -

When the Alumni began picking themselves up on the surrounding campus, LaVern Cobb was the

first to perform acts of heroic nature to the public's great surprise - he opened his eyes, awakened at last by the Atom blast.

Then Eleanor Bird rushed forward to rise to the need of new education in the Cave Man Age. She hastened to post a notice on a nearby stump stating that she would be glad to conduct a class of Moonology for any of the interested bachelors - and Marybelle Colbourne, upon hearing the news, came running to offer her assistance as a teacher of the associate class, Spoonology.

Ward Young dreamily closed his History book and began to build a tepee Administration Building - whereupon he was elected President of the School by a wandering plurality of amnesia victims and ambitious monkeys.

Charles Inman, as Business Manager, after purchasing a black burro, and painting a "SPRING ARBOR JUNIOR COLLEGE" sign upon its ribs, departed for North Michigan to solicit funds for a new "Kingsley Memorial Chapel."

Ed Harrow has inaugurated a Drivers' Training course and as of now is teaching Marion Parks to drive a 1913 hydromatic Donkey.

The village undertaker, Harry Ferguson, and the village auto repairman, Dorothy Ferguson, collaborating, have opened a new "BODY AND FENDER SHOP" and are to be found hopefully trailing close behind Ed's Training Donkey.

President Young has posted an old orange crate listing this year's Faculty for Spring Arbor:

Dorothy Connor	Dean of Women
Alden Tindall	Dean of Men
Margaret Stark	Teaching Philosophy
Nancy Bush	Teaching Nature Study
Dwight Knasel and Helen Long	Chief Cook and Bottle Washer
Wayne Meadows	Dishwasher
Sheila Fletcher	Teaching Psychology
Velma Boadway	Teaching Economics
Gerald McElvain	Music Teacher, learning Phyllis Terman's "amateur quartet" to sing.
Florence Cutcomb and Donna Egts	Co-librarians in charge of salvaged manuscripts from the classics, McCallum, Socrates, Moon, Aristotle, Maddox . . .
Henry Steel	Teaching Theology
Grace Anne Hazelton and Betty Sickmiller	Setting up new "Laundromat" for school - using Gerald Sawyer's latest invention, the "washboard."
Penny Cullum	Teaching Home Economics
Charles Crawford	A Cappella Director (He thinks it's a Miracle that at last his seams are straight.)
Dorothy Dann	Teaching Speech

Then those students who were not intelligent enough to make the Faculty have found other occupations used as:

Jack Hall and Joyce Bennett	Missionaries to Ohio
Donald Grimes and James Lyons	Oat Station Operators
Randall Tucker	Village Preacher
Jim Snyder	Village Blacksmith
George Avis and George Andrewjack	State Cops
Glenna Holton	Famous Author - now writing up the fourteenth volume of her life.
Bob Parks	Starving to death at the post office door waiting for a letter.
Jean Chatson	Trying to think of the next word.
Ruth Brown	Operating a Piano Junkyard
Lois Miller	Painting murals on the walls of her cave.
Joyce Imhoff	Opening the "Scott Orphanage."
Mary Taylor	Writing the Gossip Column for CAVE MAN GAZETT
Bob Blackburn	Cartoonist for CAVE MAN GAZETT
Donald Termin and Wm. Boozer	Explorers to Indiana
Fran Gordon	Washing each meal's coconut shells for Al in the Whited tepee home.
Rae Howe and Boogie Black	Running a "Mule-tele" for tourists from Russia.

So you see, each student having played the hero in their own characteristic fashion, our school has not gone on down with the ruins but stands recreated in vigor and youth and tepees today.

The next copy of CAVE MAN GAZETT will

come off the rock as soon as we have chewed up enough grape juice - come in and help some time - and be sure to mule your way by and get your copy - the cave in the bottom of the third shell hole north from the lake.

Could it be possible that it was two years ago that we received that long-awaited diploma and announced ourselves to the world as "graduates." And could it be possible that nearly two years ago we made our way to Spring Arbor Jr. College, and entering through its high and lofty portals we were classed as College Freshmen. Yes, it has been that long, though, it barely seems more than yesterday.

Through that year of '49-'50 we struggled and strived, with a diligence heretofore unexcelled, to be and do what the mighty Sophomores thought we should. It wasn't always easy, but never too hard.

Yes, there were many, many things to take our valuable time — such as class activities which included two plays (incidentally, both were a great success); figuring out an initiation to be given to the Sophs when they returned from their real Skip Hike, not the fake that they pulled; trying to produce the best Freshmen basketball team that Spring Arbor has ever known; plus using all the ingenuity and ambition of each Frosh and putting together a most delightful banquet centered around a "Rustic" theme and taking place in the luxurious dining room of the Country Club House at Arbor Hills.

Then with wistful eyes we watched the Sophs graduate, and tell their Alma Mater good-bye.

A busy summer and plenty of hard work followed for most of us as we saved and planned for the year ahead of us.

The day dawned when we were to finally troop back to school. Anxiety and curiosity prevailed on every hand as we tried to see who the new girl was coming across the campus, greet our old pals, and get registered so as to have 60 hours credit when June finally came.

Our high light of the year was, of course, our Skip Hike. Leaving Thursday afternoon on October 5th, we headed for Sleeper's State Park on Lake Huron, Michigan. What a set-up! Plenty of food, plenty of cabins and beds,

plenty of room to roam, and, Oh Yes, plenty of water guns! We had fun from the start. Hiking, boating, playing games, trips to town (walking (?) or riding), and our memorable Friday evening of an exciting program and wonderful devotional time. Saturday night found us back in S.A., tired but happy.

Of course, this year we are the mighty Sophs and it is needless to say that the athletes of the school belong to our class, and that our reputation for producing good plays still stands.

We really appreciated the super banquet given to us by you Freshmen and also the way the underclassmen have looked to us as leaders.

Seriously, we have enjoyed our stay at Spring Arbor; it has

SENIORS

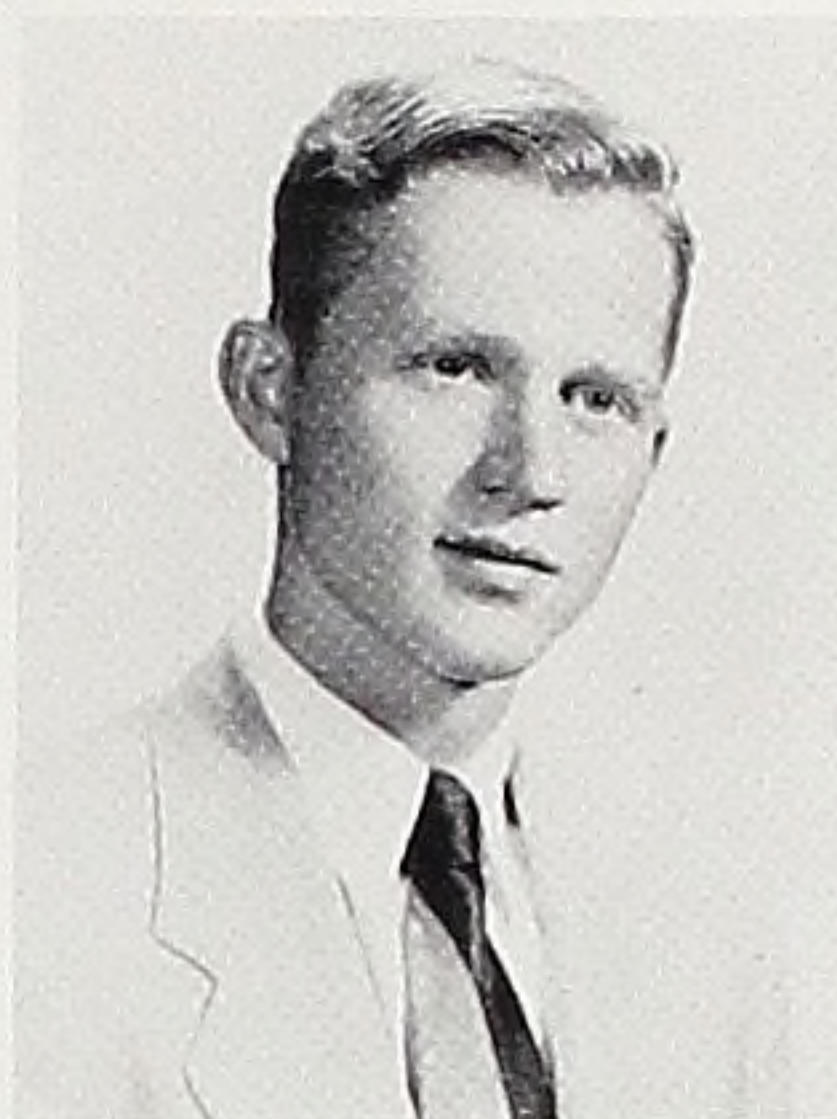

helped to make us what we are. We have grown spiritually, physically, and scholastically, and for much of this growth we give Mr. and Mrs. Soldan, our sponsors, the credit. Furthermore, we are not excluding the fact that it was Bob Parks, our capable President for these past two years, who kept us moving rapidly up our road of success.

We feel our class gift was a real contribution, too. As we leave, we feel a little sad and as we look around at the tear-dimmed eyes of our Freshmen friends, we feel sorry — because truly we should not be blamed because there will never be another as great as the SOPHOMORE CLASS OF '51.

Class Prophecy

Place: Spring Arbor, Michigan

Date: July 12, 1961

A quiet, cool evening in the summer finds Mr. Roller leafing through his scrap book of newspaper clippings of his Senior Class of 1950, reading the headlines to his ten-year old daughter, Jana Maurine. We hear:

Nina Campell is named "America's most prominent farmer's wife."

"Michigan again wins Rose Bowl." We congratulate Coach Starr for such a brilliant undefeated season.

"Dorman's Bakery Opens . . ." We wish it success, but a large amount of it goes to 'waist.'

"Kimball's experimental farm develops self-milking cow."

"Barry Cracks Smuggling Ring." Mrs. Barry, the former Miss Virginia Terman, is proud of her husband's great F.B.I. work. He is now taking over the position of Mr. Hoover for solving the crime which so long has puzzled the F.B.I.

"Wendell Johnson invents new waterless dishwasher."

"Andrew Sisters replaced by the 'Three Misses' composed of Lee, Snyder, and Delamarter."

"Manley Thompson, American spy leaves for Russia."

"Brooks Sterling discovers a new common mullin."

"Hubbert runs ice breaker on Lake Superior."

"Ice Cream factory established by Burt and Reese at the North Pole."

"Bishop Henry Shackley receives his D.D."

"Irene Hall replaces Miss Eva Rensberry at Spring Arbor Jr. College as Bursar."

"Laughing contest won by Jones and Howe."

"Richard Thrall, Bob Truesdale, and Bill Zeller make record trip around the world."

"Buy a 'mole car' invented by Miss Underhill."

"After Miss Richardson's retirement, Miss Revels is appointed English teacher and Head Librarian at S.A.J.C."

"New Uranium is discovered in Kentucky Mountains by Bill Rose. His sister Leatrice is his assistant."

"Vaudeville is Back! Tune in N.B.C. every Monday night and hear Groat, Rodriguez and Chapman in their new comedy hit."

"Penguins brought back to Zoo from South Pole by explorers—Parks, Greve, and Hibbard."

"Jim Blackburn, famous singing evangelist, has Sutch a different opinion toward the 'fairer sex' these days."

"Do you need an all-around handy man? If so, call Ernie Poole at 3-6941."

"Gilchrist replaces Miss Lindsey as Athletic Director at Spring Arbor Jr. College."

"Miss Donna King wins baking contest at World Fair."

"Bucher wins scholarship on 'Musical Nights with Horace Heights'."

"Bartlette crosses the 'Jordan'."

"Rev. and Mrs. Grimes are being visited by Rev. and Mrs. Wayne Meadows."

"Harrison breaks book reading record."

"Marilyn Williams becomes first woman Vice President of the United States."

"Janet Latta is elected President of the new Interior Decorating Company."

"Veach surpasses Tschaikovsky."

"Avery and Robertson form 'Lonely Hearts' club."

"Fisher appointed head of the farm at Spring Arbor Junior College."

"Dexter invents new fine-speed turret lathe."

"The Engagement of Miss Leanor Swart is announced by her parents."

'Twas the Fall of '47 when a group of Freshmen set foot on a wonderful campus. At first we were all homesick, but the upper classmen were so nice to us that we told our mothers not to worry, we would like it.

Our Freshman year found us looking up to the Seniors, hoping that in three more years we would be taking their place. We enjoyed all the hikes and picnics. A year of hard studying ended and we found ourselves leaving good 'ole S.A. for the summer.

At Last! The summer was over and we were on our way to Spring Arbor again.

This year we had the privilege of helping the new students. Just two more years to go and we would reach our goal as being those "dignified Seniors." A lot of interesting things happened that year. And we feel that we made lots of progress. We again found ourselves homeward bound, waiting for school to start next fall.

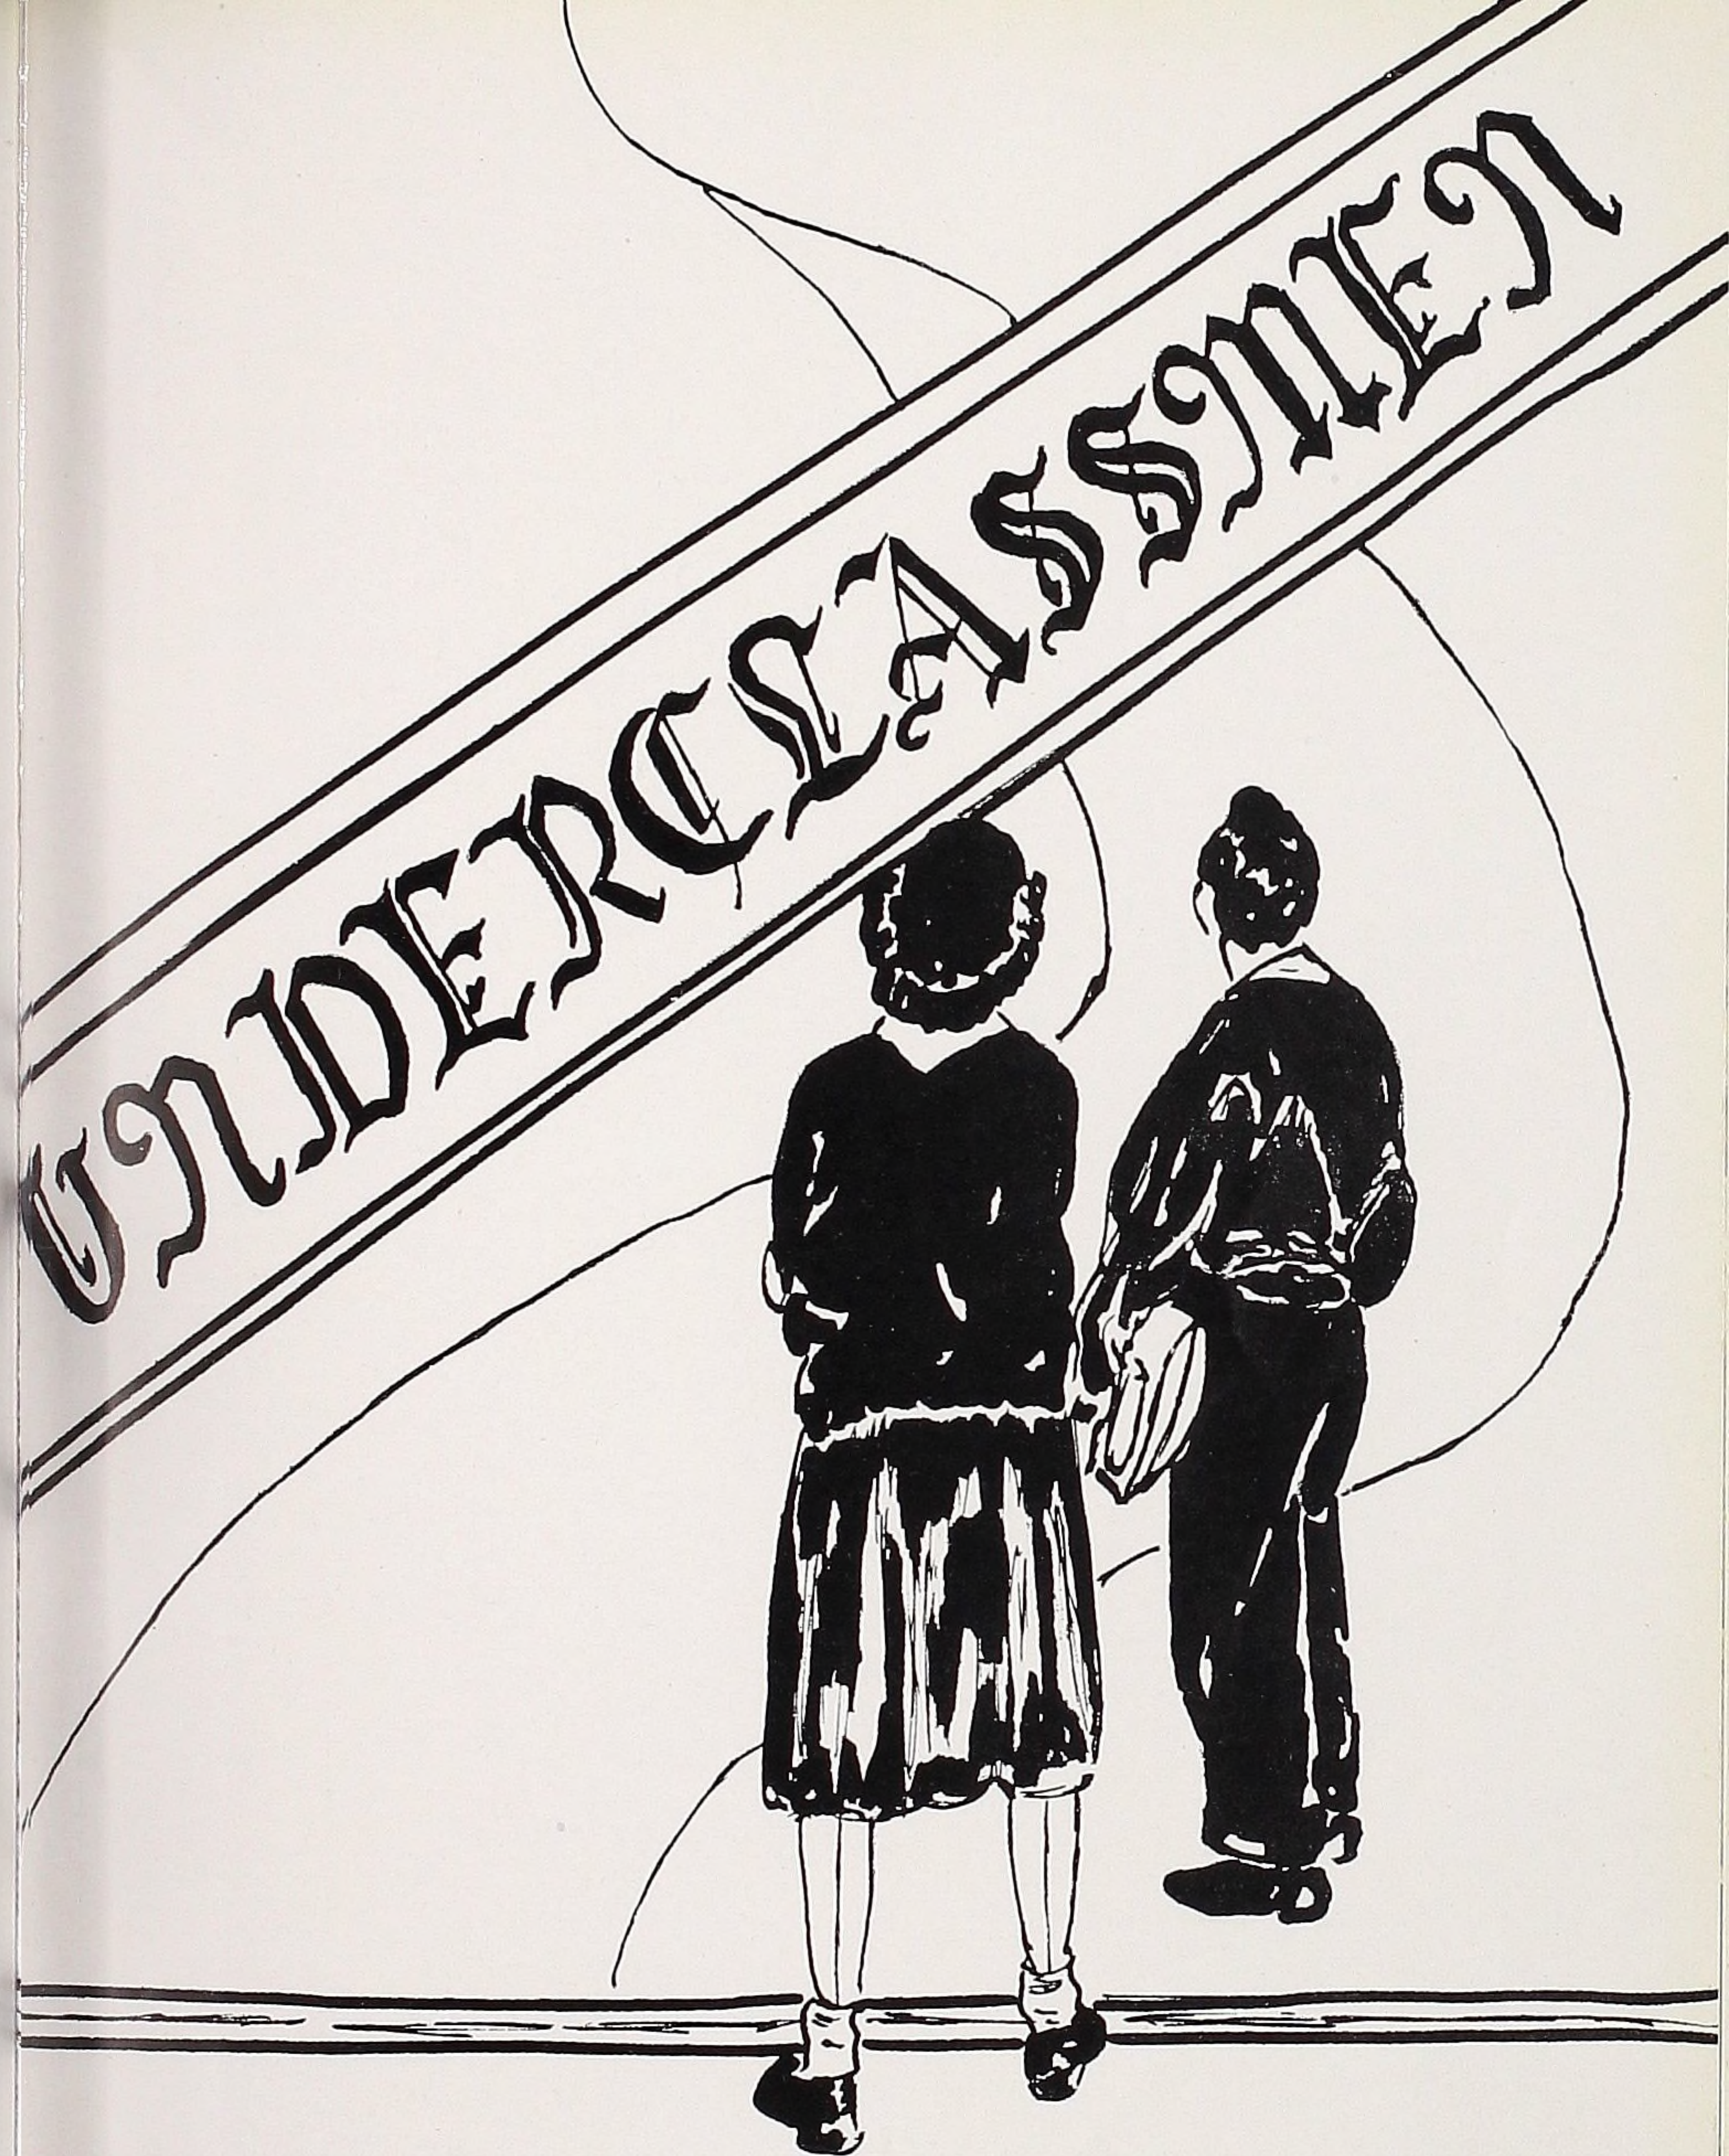

Back in S.A. for our Junior year and a little closer to our goal. This was one of the best years we had spent in Spring Arbor. Class programs, picnics, and class athletics. The outstanding event of this year was our banquet given for the Seniors of '50. It was a wonderful banquet with a Dutch theme and scrumptious food. A good time was had by all and we were glad we had worked so hard for this success. We watched the Seniors graduate, thinking that only next year we would be doing the same thing.

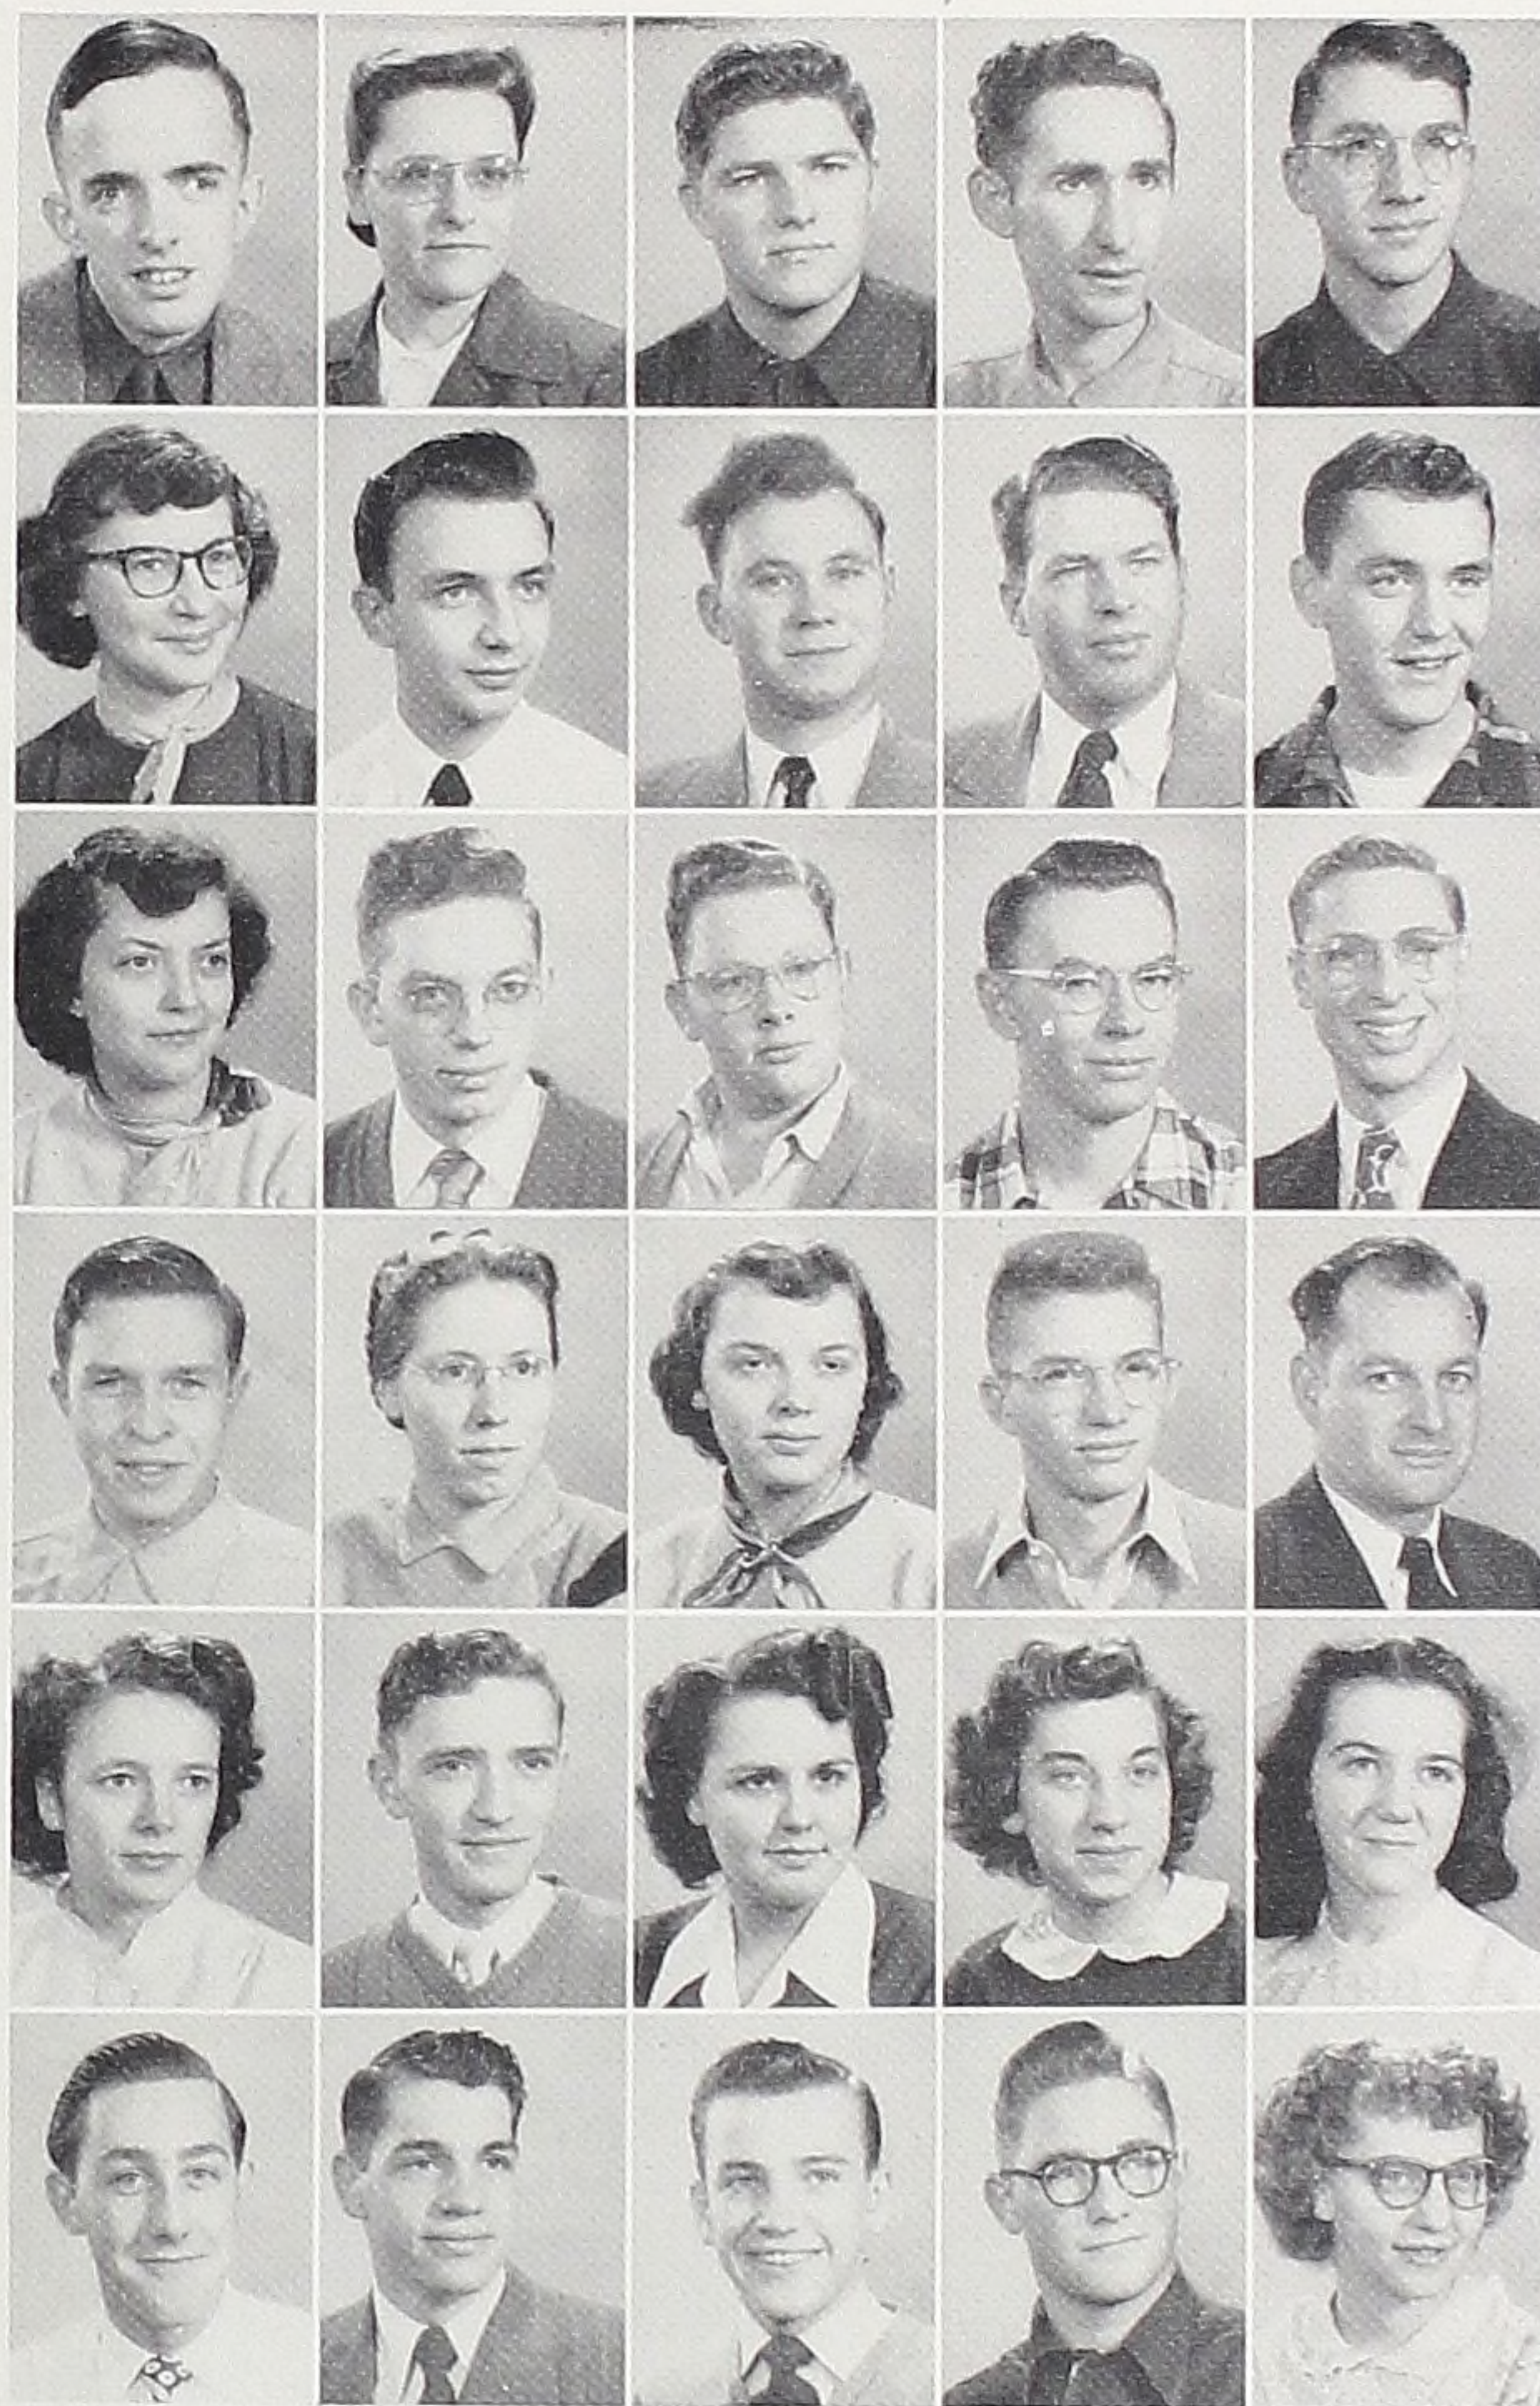

Now the Fall of 1950. At last we have reached our goal - we are Seniors, those "dignified Seniors." But of all the years in S.A. this one has been the best one. We awaited the day for our Skip Hike. November 10th found us leaving for Yankee Springs. Everyone had a good time and ate lots of food. The food consisted of material food and spiritual food. The Lord was with us and we really had an enjoyable time together. Also we have Mr. Roller, Mr. Whiteman, Miss Morgan, and Mrs. Ormston to thank for helping to make a wonderful week-end.

With great success we put on a good class program. After all, we are a good class and deserve nothing but success. We wish to thank the Juniors for the super banquet.

These years have been wonderful ones for all of us in Spring Arbor. We feel we have grown spiritually, physically, mentally. We know that wherever our footsteps are led in the years to come, we will never forget our school which has meant so much to us.

Ministerial Assoc.

The ministerial association is an active organization of student preachers, whereas the Christo-Volunteers includes any Christian person who wants to prepare to be a better Christian worker for the Lord. We see many fine future preachers and laymen in this group who have felt the importance of training for these fields.

A Capella

This year the students and community presented Handel's *Messiah* in the Merlin G. Smith Gymnasium. Four outstanding soloists coming from different sections of the surrounding territory helped to make this concert a success.

The A Cappella, under the direction of Miss Vera Lindsey, took their annual spring tour this year into Canada, Pennsylvania, Ohio, and the different parts of Michigan. The Lord was very near to them as they travelled during their tour and also their post-tours. They thank Him for helping them to sing for Him once again.

Student Council

Setting the course for the rest of the school, Student Council is composed of students elected by their respective classes to represent the class with its various problems and suggestions for improvements. It is through this organization that new student projects are launched around the campus.

"It's Friday again," was heard throughout the halls all year long. Everyone looks forward to that day, because it's Re-Dit Day. A glance around the classrooms and halls reveals an air of anticipation. Each student scans the pages to see if he has invaded the Snooper Column, Who's Who, or Sports page. The Re-Dit Staff did their job well under the guidance of their adviser, Mr. Kingsley.

Do you enjoy reading good books? The newly organized library club, the Sodalita Librorum, does and has had many enjoyable sessions together reviewing and discussing interesting and important books.

The "shutterbugs" are the ones who really click around our school. Snapping every-day scenes for enjoyment and experience in photography.

We have a fine group of Vet's here this year. They have a stabilizing effect on the student body.

Having four hot shots back from last year, and some new players with good skill, our basketball team has gone out to rack up a record of 6 wins and 3 losses. Asking God's help before going upon the floor, every game has been hard fought and something to remember. The battle they had with Roberts to keep the trophy here at S.A. was among the high lights.

High School Basketball

One of the best teams Spring Arbor High School ever had was out for the state class D championship this year. The best of the crop back from last year, returned with some new players that were on the ball. Nearly every game was in the bag. The best game they played was with Roberts High School — 54 to 49 in S.A.'s favor.

If you were one of those lucky fellas with a good pair of football shoulders and a little skill for passing that pigskin down the field, you were chosen for the All-Star Football team of '50-'51. The H.S. Juniors and College Sophomores tied in producing the strongest element in this All-Star team, each with five players. The College Freshmen contributed four men and the Seniors were represented by three.

Are we proud? Well, I'll say — what with a cross-country team such as S.A. produced in their first year to ever compete in cross-country track, S.A. needs to feel elated. The team placed 5th in the State for Class C and D, which was very good as S.A. has only a Class D rating. Moreover, Jim Chapman, our Athlete from Louisiana, placed 1st in the State as runner of the 2-mile in Class C and D. Congratulations, fellows, and much more success in future years.

Now before we let you close this cover and put this 1951 ECHO up on a shelf, we'd like to say that it's been fun running, playing, studying, worshipping, and just plain being with you throughout this year.

There is one thing in particular we would like to mention, that is, how our High School Basketballers brought home that beautiful trophy from the District Tournaments in Jackson. We all know what an exceptionally fine team Spring Arbor possessed this year and how hard they really did fight for "Spring Arbor, the school we love." A glimpse of these fine sportsmen will be found in the Athletics Section of the ECHO.

Our capable cheerleaders who so enthusiastically cheered our boys on to victory also join with us in cheering each one of you on to higher heights and a victorious game of life. May we say Good-Bye and God Bless You.

In the Years to Come: Remember
the Word of the Lord

"I will go before thee, and make the
crooked places straight: I will break in pieces
the gates of brass, and cut in sunder the bars
of iron."—Isaiah 45:2.

THEREFORE

"Trust in the Lord with all thine heart,
and lean not unto thine own understanding.
In all thy ways acknowledge Him, and He
shall direct thy paths."—Proverbs 3:5, 6.

a matter

of degrees . . .

The enjoyment of electric and gas service depends, much like an education, on the degree to which it is used.

Wires and mains, like brain cells and nerve centers, are full of potential energies needing but to be called upon to bring to you new realms of convenience, helpfulness and comfort.

These services are aiding in creating new standards of living, in shortening and lessening domestic labor and through the allowing of more time for relaxation, leisure and recreation, such services contribute to health, and longer and fuller lives.

These advantages, both economic and personal, are yours for but a few cents a day—one of your soundest investments.
