As he completes his twenty-third year as a faculty member at Spring Arbor College—we are proud to dedicate our 1969 *Echo* to Dr. Eldon Whiteman, Chairman of the Natural Science Division. Due to the development of the new Science Center, we thought it only fitting to emphasize this important aspect of Spring Arbor College. Dr. Whiteman has been the sponsor of the class of 1969 all four years, served on the Academic Council, and previously was sponsor of the *Echo*. We thank you Dr. Whiteman for your dedicated life and concern for each student attending Spring Arbor College.

"To everything there is a season, and a time
to every purpose under the heaven.
A time to be born, and a time to die;
a time to plant, and a time to
pluck up that which is planted;
A time to kill, and a time to heal;
a time to break down, and a time
to build up;
A time to weep, and a time to laugh;
a time to mourn, and a time to
dance;
A time to cast away stones, and a time
to gather stones together; a time to
embrace, and a time to refrain from
embracing;
A time to get, and a time to lose; a time to
keep, and a time to cast away;
A time to rend, and a time to sew; a
time to keep silence, and a time to
speak;
A time to love, and a time to hate; a
time of war, and a time of peace."

ACADEMICS

ADMINISTRATION

Throughout the school year Spring Arbor College has grown to appreciate her new president, Dr. Ellwood A. Voller. The administration has learned to value his judgments, the faculty appreciate his guidance in all areas of academic life, and the students consider him as a real friend. Dr. Voller is a man of involvement, aware of the problems that exist in our contemporary world. As a student body we feel that he has fulfilled his purpose outlined for us when he took over his administrative duties. "It will be my purpose to continue the emphasis on academic excellence within a climate conducive to the cultivation of human understanding at Spring Arbor College."

"The Miracle Worker" chosen as all-school drama

It is opening night of a play. Minutes before the curtains open a set is put up. Costumes just picked at random are doctored and all the stage lights are flicked on. Now the show is ready to begin.

This is a farce, of course. Yet so often the audience considers the long hours the actor will practice but forgets the numerous stage hands who spend their time behind the scenes. For every important moment in a play there is some special emphasis using sound and lighting effects. There are props to keep track of, costumes to be kept in good repair, and settings to make. Every detail adds to the realistic view the audience sees.

In "The Miracle Worker," to be presented Thursday and Friday nights, November 14-15, many backstage crew members play an important part.

Assisting Miss Maddox as student director will be Sharon Newby. The student assistant in charge of children is Kathy Fisher. Linda Byrd and Sue Maxwell are the prompters. Ann Luce and Barbara Shans are the house managers. In charge of ticket sales is Mrs. Phyllis Miller.

"The Miracle Worker" has been chosen as the all-college drama this year. It is a moving story which deals with the emotional relationship between young Helen Keller and her tutor, Annie Sullivan.

Born in Tuscumbia, Alabama, on June 27, 1880, Helen Keller was stricken by an illness diagnosed as brain fever when she was nineteen months old. As a result, she remained unable to see, hear, or speak. Trapped in a silent world, little Helen became bitter and violent. Her unknown fate seemed nearly hopeless until her parents reluctantly hired a young Irish tutor, Miss Sullivan. Twenty-year-old Annie had been born blind herself and was the only one who recognized that, in reality, Helen longed to be rescued and released from her secret world. Helen's special education began when she was seven years old. At first, she was almost animal-like, but Annie was diligent in her efforts. Only after turbulent, violent, and discouraging experiences was success finally achieved.

Ed Lamoreaux and Del Shinnabarger tack up part of stage setting.

Seniors will receive will be that which we students give.

Senior Day which is under the direction of Dean Clifford McGrath, will follow a course somewhat similar to that of last year. While enjoying coffee and donuts, the seniors will register at 8:00 Saturday morning. Besides general tours conducted by Spring Arbor students, throughout the day there will be a series on the Spring Arbor Concept—Involvement, Commitment, and Participation—in the Student Union. Several Spring Arbor students will be giving insight to the seniors through The Happening, which will give the nature of such activities as Student Action Community and Campus Crusade.

Editor Jan Bonner, Asst. editor Faith Colclassure, with Dr. Covey Advisor.

Senior Day this year, which is part of SAC's program of saturation in order to accomplish a greater increase in admissions from senior high school students from Michigan, Ohio, Indiana, and Illinois, will be moved back to a week following Homecoming, Sat., Nov. 23 to better accommodate them all. Since twenty to thirty percent of those on the college's mailing list are expected to visit, probably two or three hundred more student enter-ent, more tours, and lunch, there will be sessions concerning the four main divisions of study offered here at Spring Arbor College—the divisions of humanities, of natural and physical sciences, and of philosophy of religion. Cougar Comments

What's wrong with you SA guys? Even garbage gets taken out once a week and SA girls are nationally recognized for their beauty and personality. (Witness the Who's Who choices: Girls 4-1). Don't complain that there's nothing to do—Spring Arbor is full of thrilling pastimes—you can watch the grass grow around the student center, play footsey in the library, stand around watching the faculty shoot pool, or go to Church—and that's only a glimpse of Spring Arbor's myriad of Social Events. All seriousness aside: what's the deal? Are you shy? SCARED? Timid? If you're scared of the friendly SA girls, you'd be terrorized by the haughty, pseudo-sophisticated, blasé little women who inhabit an unfortunately large portion of the rest of the world. So put on your ties, your Jade East (or Tonga if you can afford it), and your wing tips (along with the other habiliments customary for men) and be sociable. If you don't want to date, transfer to Bob Jones; they like mice like you.

Student Action Community

The tutoring program is an effective measure in which S.A.C. is involved.

Student Action Community is a volunteer organization. It provides some tangible opportunities for Spring Arbor students to become involved in this contemporary world. This involvement has three phases: the tutoring program, the Y.M.C.A., and the Big-brother, Big-sister program. Students may participate in any area they feel they can be most beneficial and rewarding to them as individuals. This is one of the organizations Spring Arbor is proud to have, because of its vast out-reach in the community.

The church pastor and family—the Sebrec's.

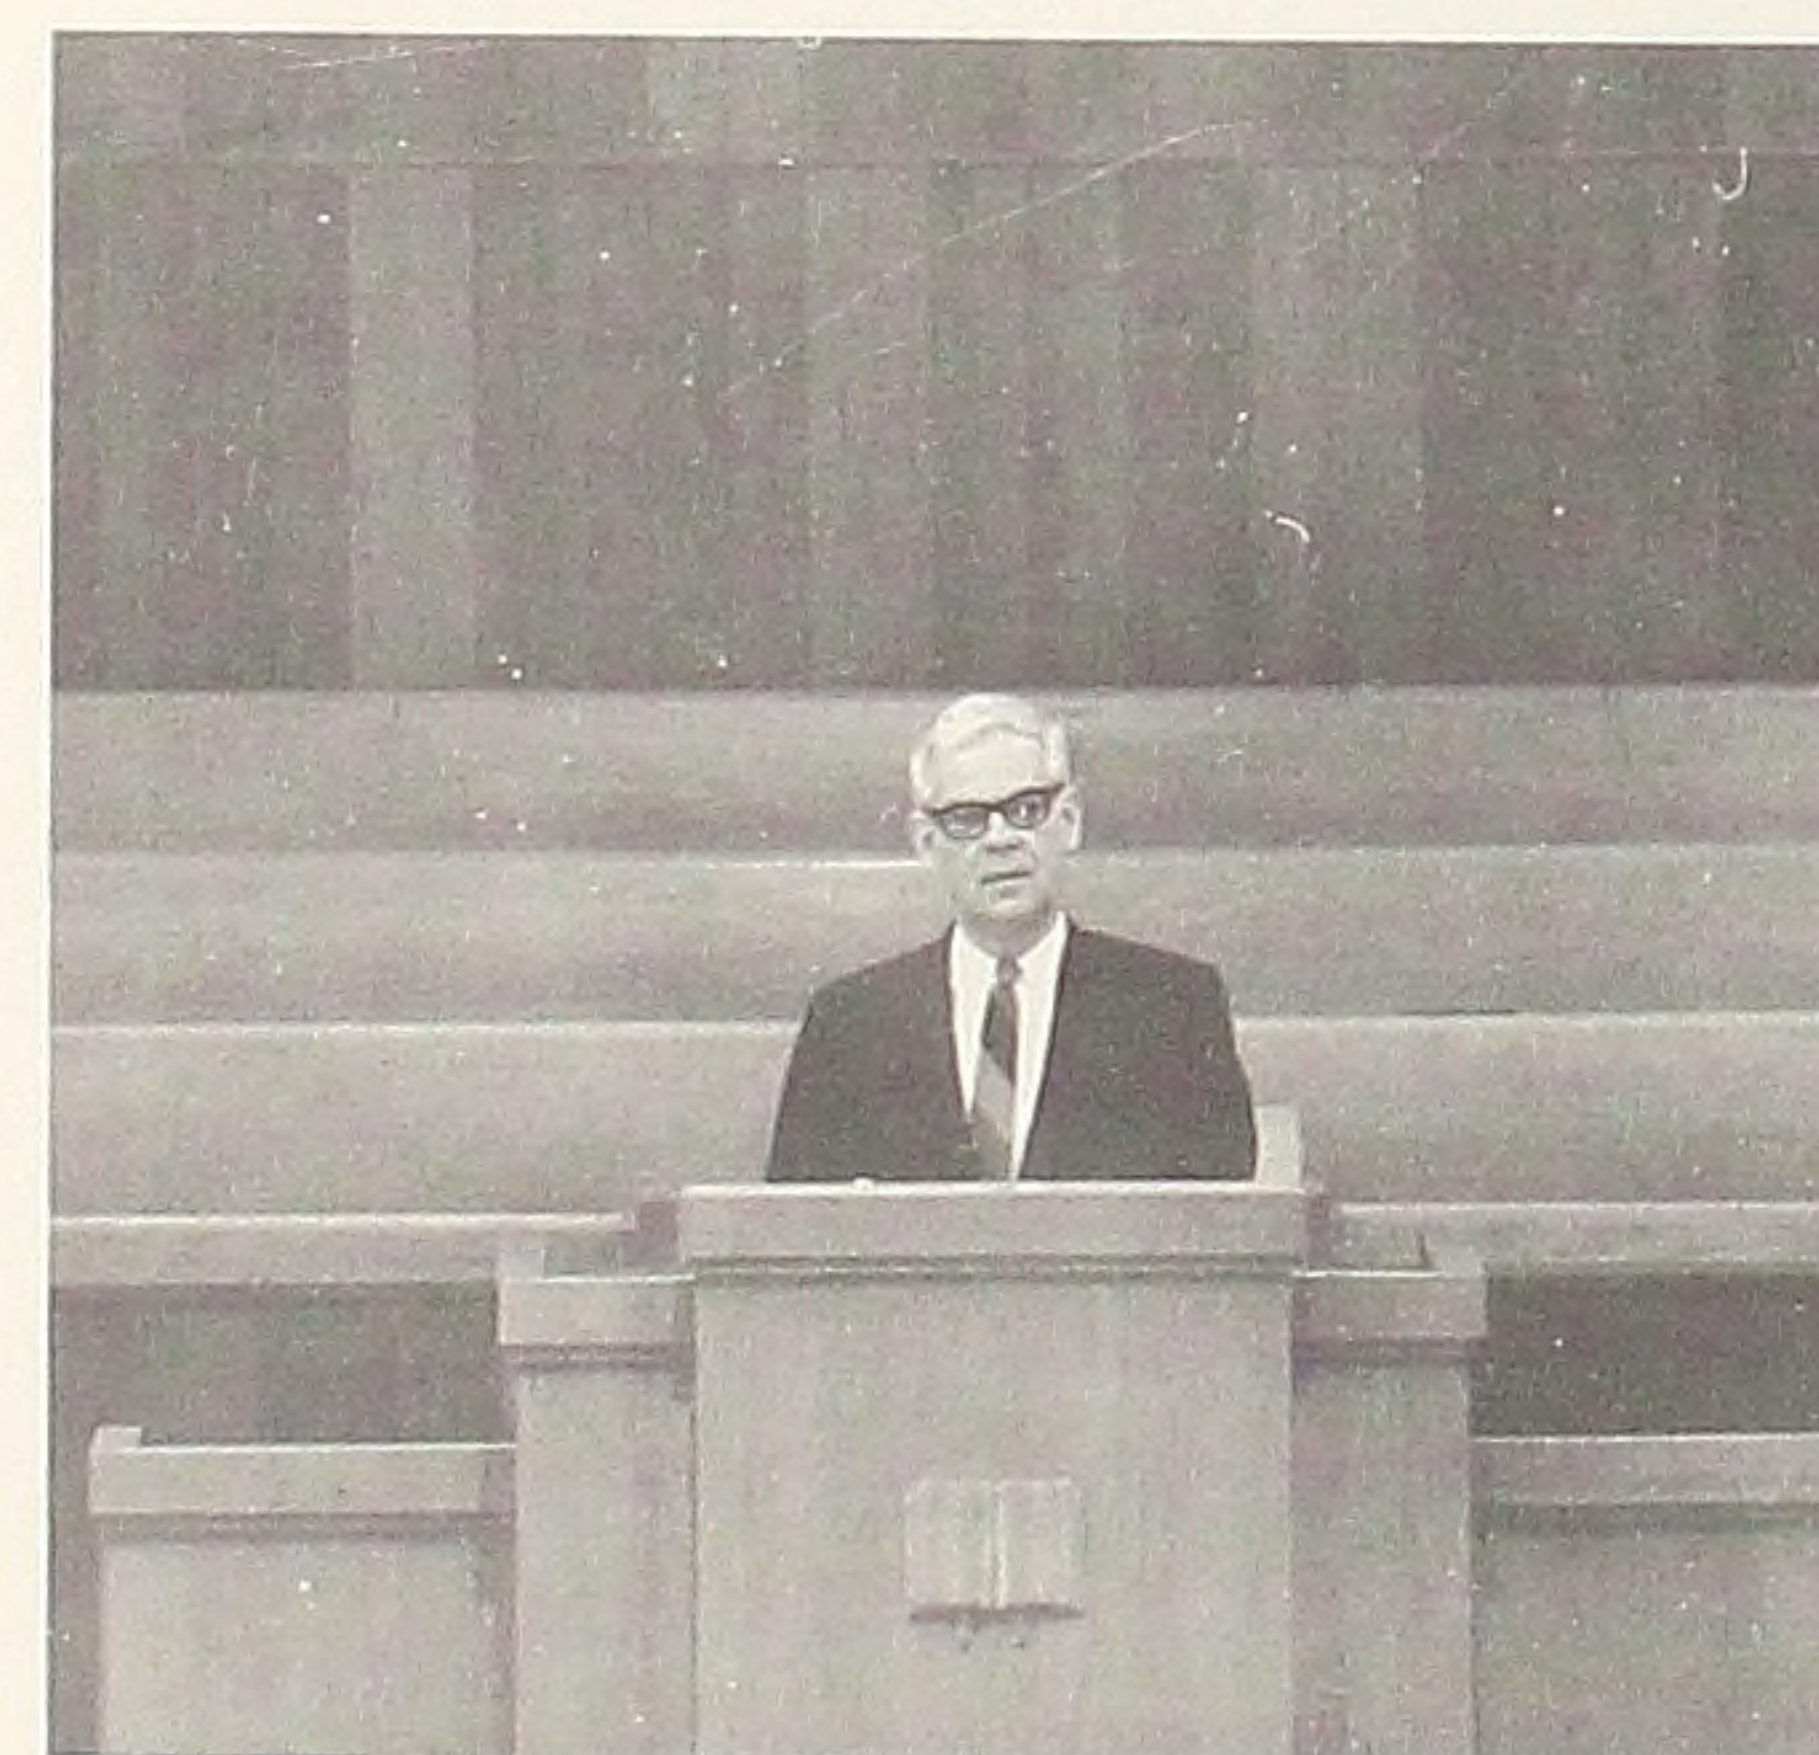

The Spring Arbor church is the focal point of the community. A place for spiritual guidance, direction and blessing. The church serves both the student body and families of the community as their spiritual home. We, as students, appreciate this spiritual center.

A view of the church during Sunday morning worship.

We were honored during the school year with a visit from Dr. E. Stanley Jones.

Bishop Ellis was a great inspiration and blessing to all during the Fall Spiritual Emphasis Week.

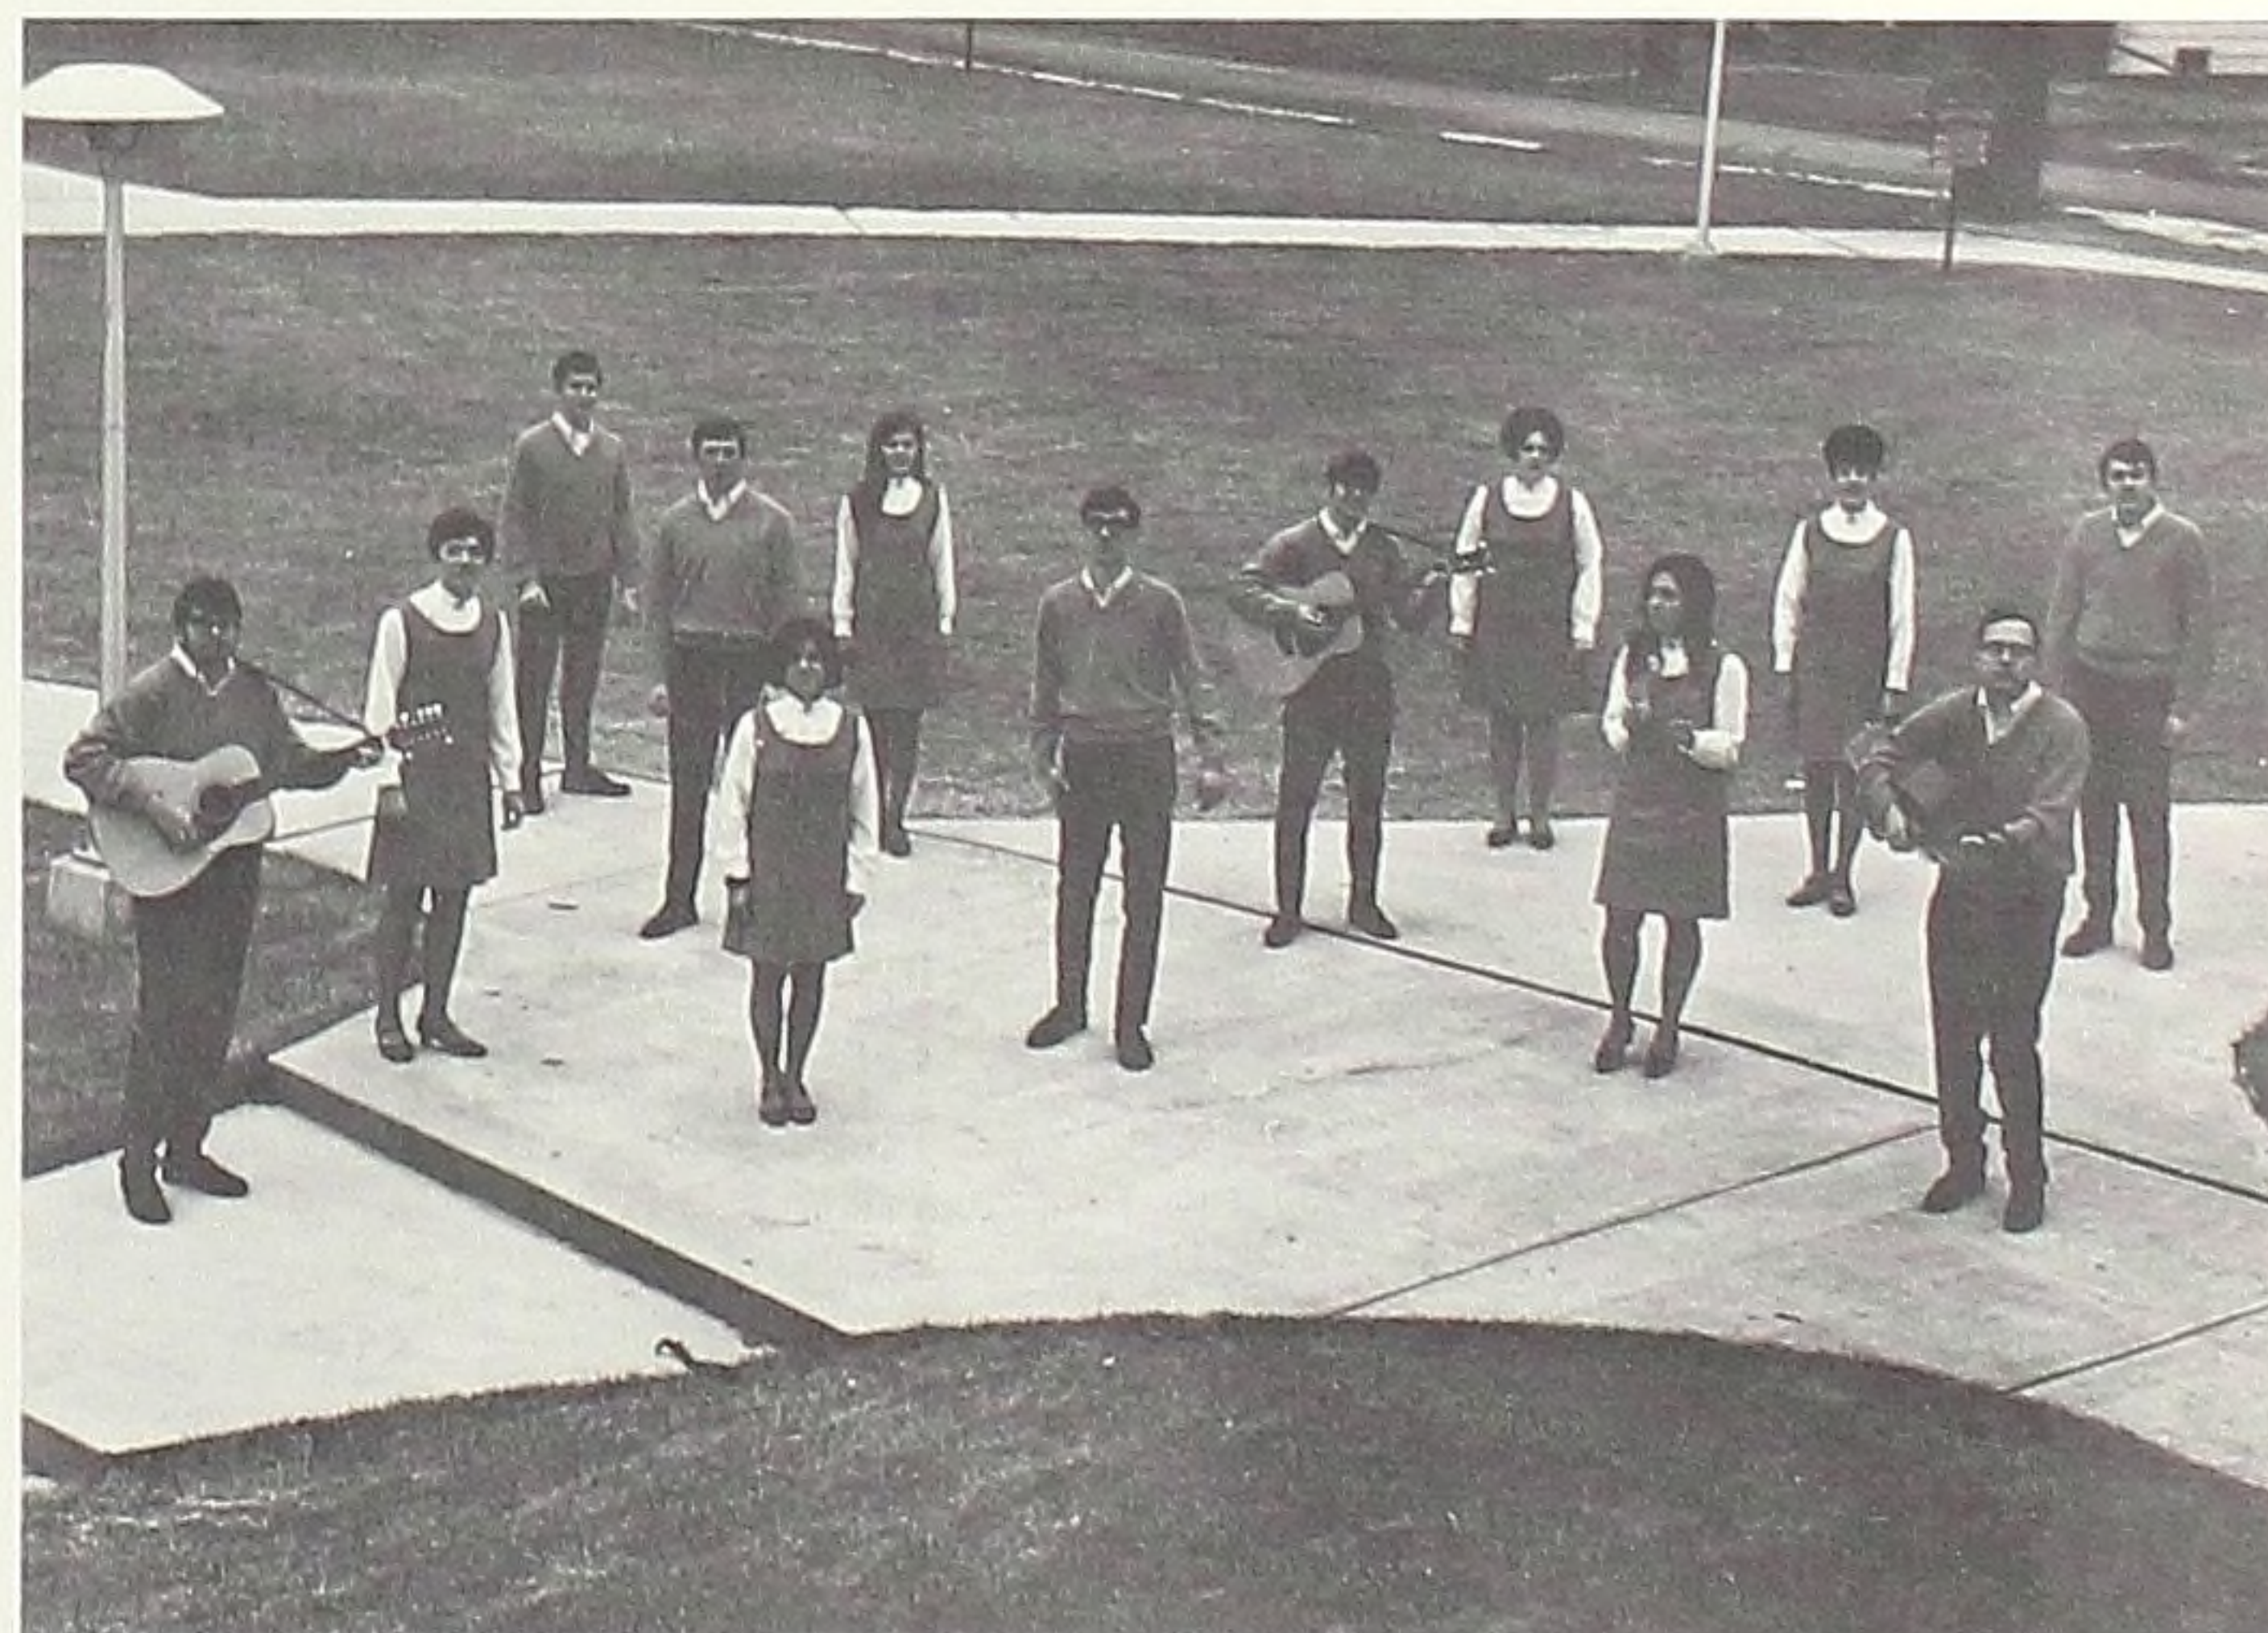

During the summer of 1968 Ron Gemmill, Dave Oswalt, Les Bell, Karl Sommerville, and Russ Warren, travelled representing Spring Arbor as a quartet in special meetings and camps.

Sherry Hudberg, Pam McKinney, Charlene Baker, and Bev Coates form an effective trio as they sing a glorious message.

FIELD MINISTRY

The Agappe Singers perform with a new sound which brings much enjoyment and blessing to all who hear.

An early morning group of ministerial students meet for prayer.

Dean McCrath presiding over one of the chapels during second semester.

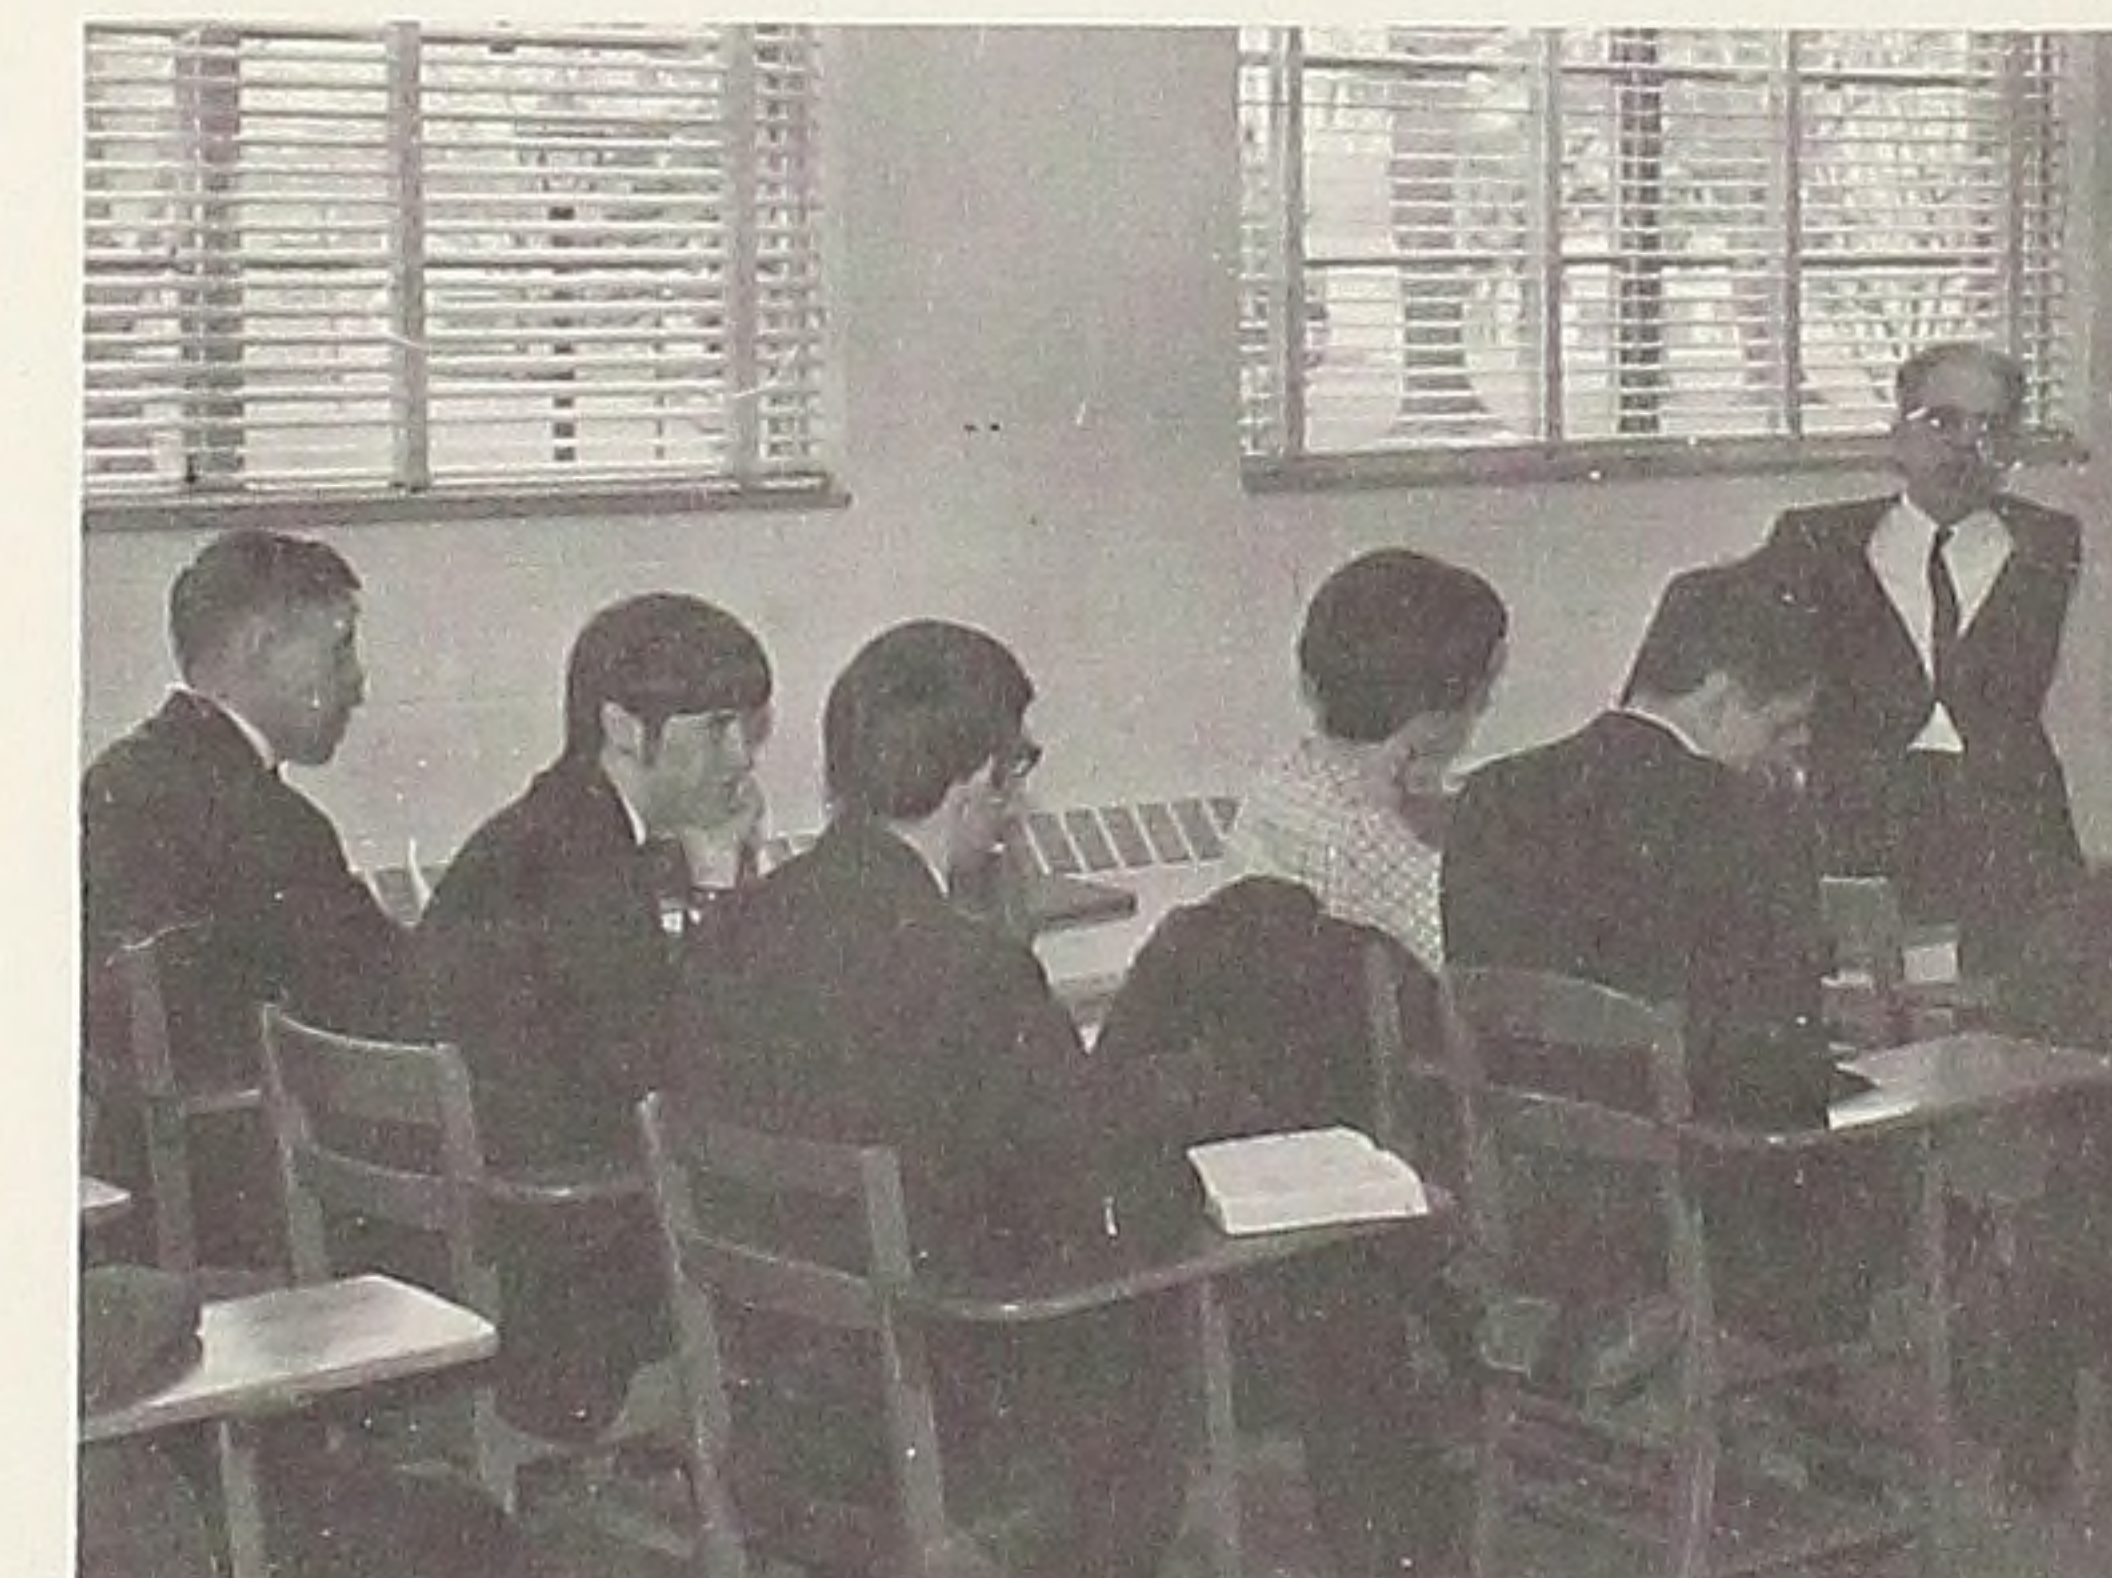

Sunday morning and Carol, Carol, and Sue are on their way to Sunday School at the Free Methodist church.

Minister's Conference was pleased to have Rev. MacVitte visit and speak to the students during chapel.

The spiritual life at Spring Arbor is an essential part of the college. Every Sunday during the Sunday School hour different classes are held of special interest for each student. The choice is for the student to make as to which one he will attend.

Dr. Coleson's Sunday School class.

Chapels are held in the sanctuary of the Free Methodist church upon occasion.

Another Sunday School class held in the Stone Church especially for the college student.

Robe's sliding tackle succeeds in advancing the ball.

The Spring Arbor College soccer team in its second season has proven itself a team that plays to win. Under the coaching of Dean McCrath the Cougars have compiled an amazing record for a second year club. The biggest asset to their success has been tip-top conditioning. This of course involves hours of practice on the field and a life of rigid discipline off the field. Soccer at SAC has caught on like wild fire and the interest shown by both players and fans has added to its great success.

Stonehouse booms the ball up the center to begin a Cougar drive.

After losing the entire infield because of graduation at the end of last year, the 1967-68 Cougar Baseball season did not appear to be promising. However, with the acquisition of new men, Coach Henry Burbridge built one of the toughest small college baseball teams in the Midwest. One look at the outstanding record of 21 wins against only 4 losses will convince anyone that Spring Arbor was for real. Playing schools many times larger than itself, the SAC Cougars in their consistent play were able to score victory after decisive victory. Team effort and determination proved to be the real dynamo of success.

This years track team made school history by winning the first duomeet for Spring Arbor College since it became a four year college. The overall balance between the field events and those running seemed to pace the Cougars all year.

TENNIS SERVES SAC

Balance is the key word of the Spring Arbor College tennis team. Relying on outstanding performances in both singles and doubles, the Cougars finished with a winning season. Though competition continues to be tough, future prospects are promising with the return of almost the entire team. SAC is proud of Coach Carey and his Cougars.

As Spring arrives at Spring Arbor the Golf Team begins to get in practice for their different matches to be played before the end of the year. Each year during this time the team travels to different colleges in order to play against other golf teams. We are proud of our men who play this sport so well and represent our college in a good manner to other schools.

Girl's basketball can be just as exciting as it's popular counterpart in men's basketball. We at Spring Arbor College are proud of our girl's basketball team and their fine efforts and skill in playing a fine game. Most of all we appreciate their enthusiasm and school spirit in all of the games as they travel from place to place. The team was also privileged to take weekend trips away from campus in order to participate in several games.

The new Science Center, which is in the process of being built, will be designed to meet the specific needs that scientific advancement has created for Spring Arbor College and its community. It will offer the student the maximum benefits of recent scientific developments and enable him to bring his liberal arts knowledge to bear upon the social and moral questions raised by scientific inquiry.

A T I M E

to LEARN

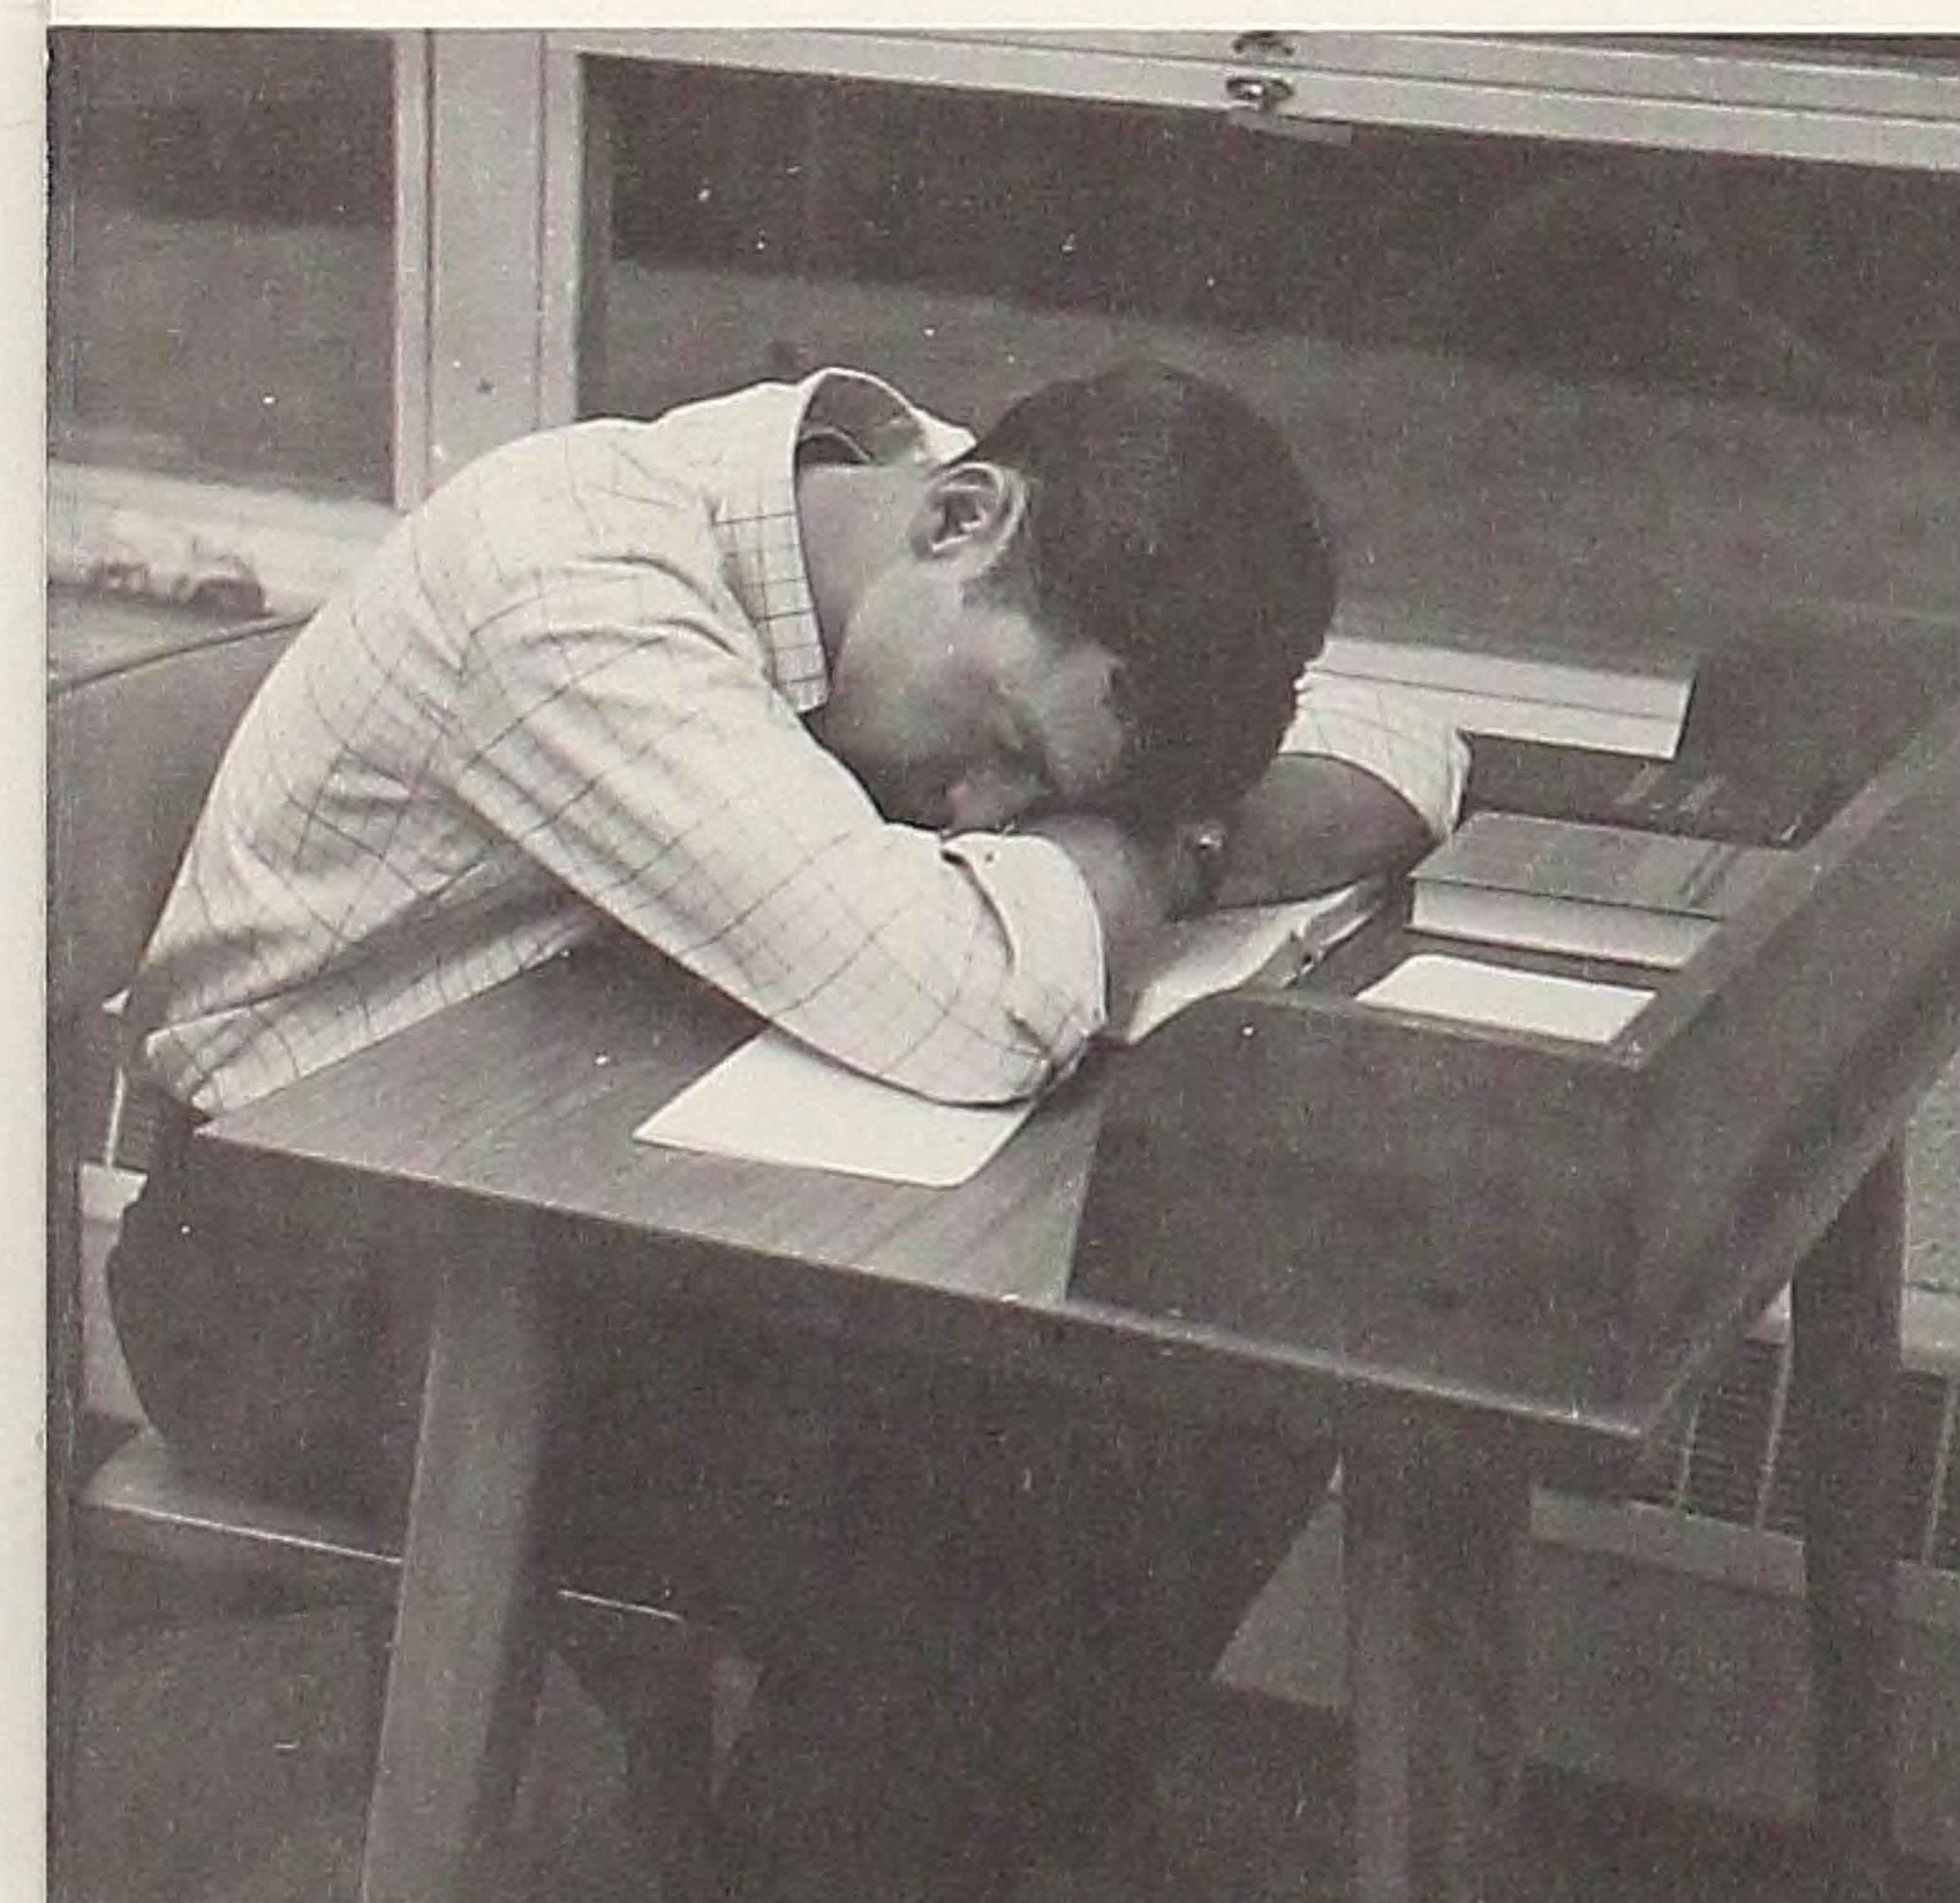

Students find it necessary to find moments to study as well as socialize.

"Throw away all ambition beyond that of doing the day's work well. The travelers on the road to success live in the present, heedless of taking thought for the morrow. Live neither in the past nor in the future, but let each day's work absorb your entire energies, and satisfy your widest ambition."

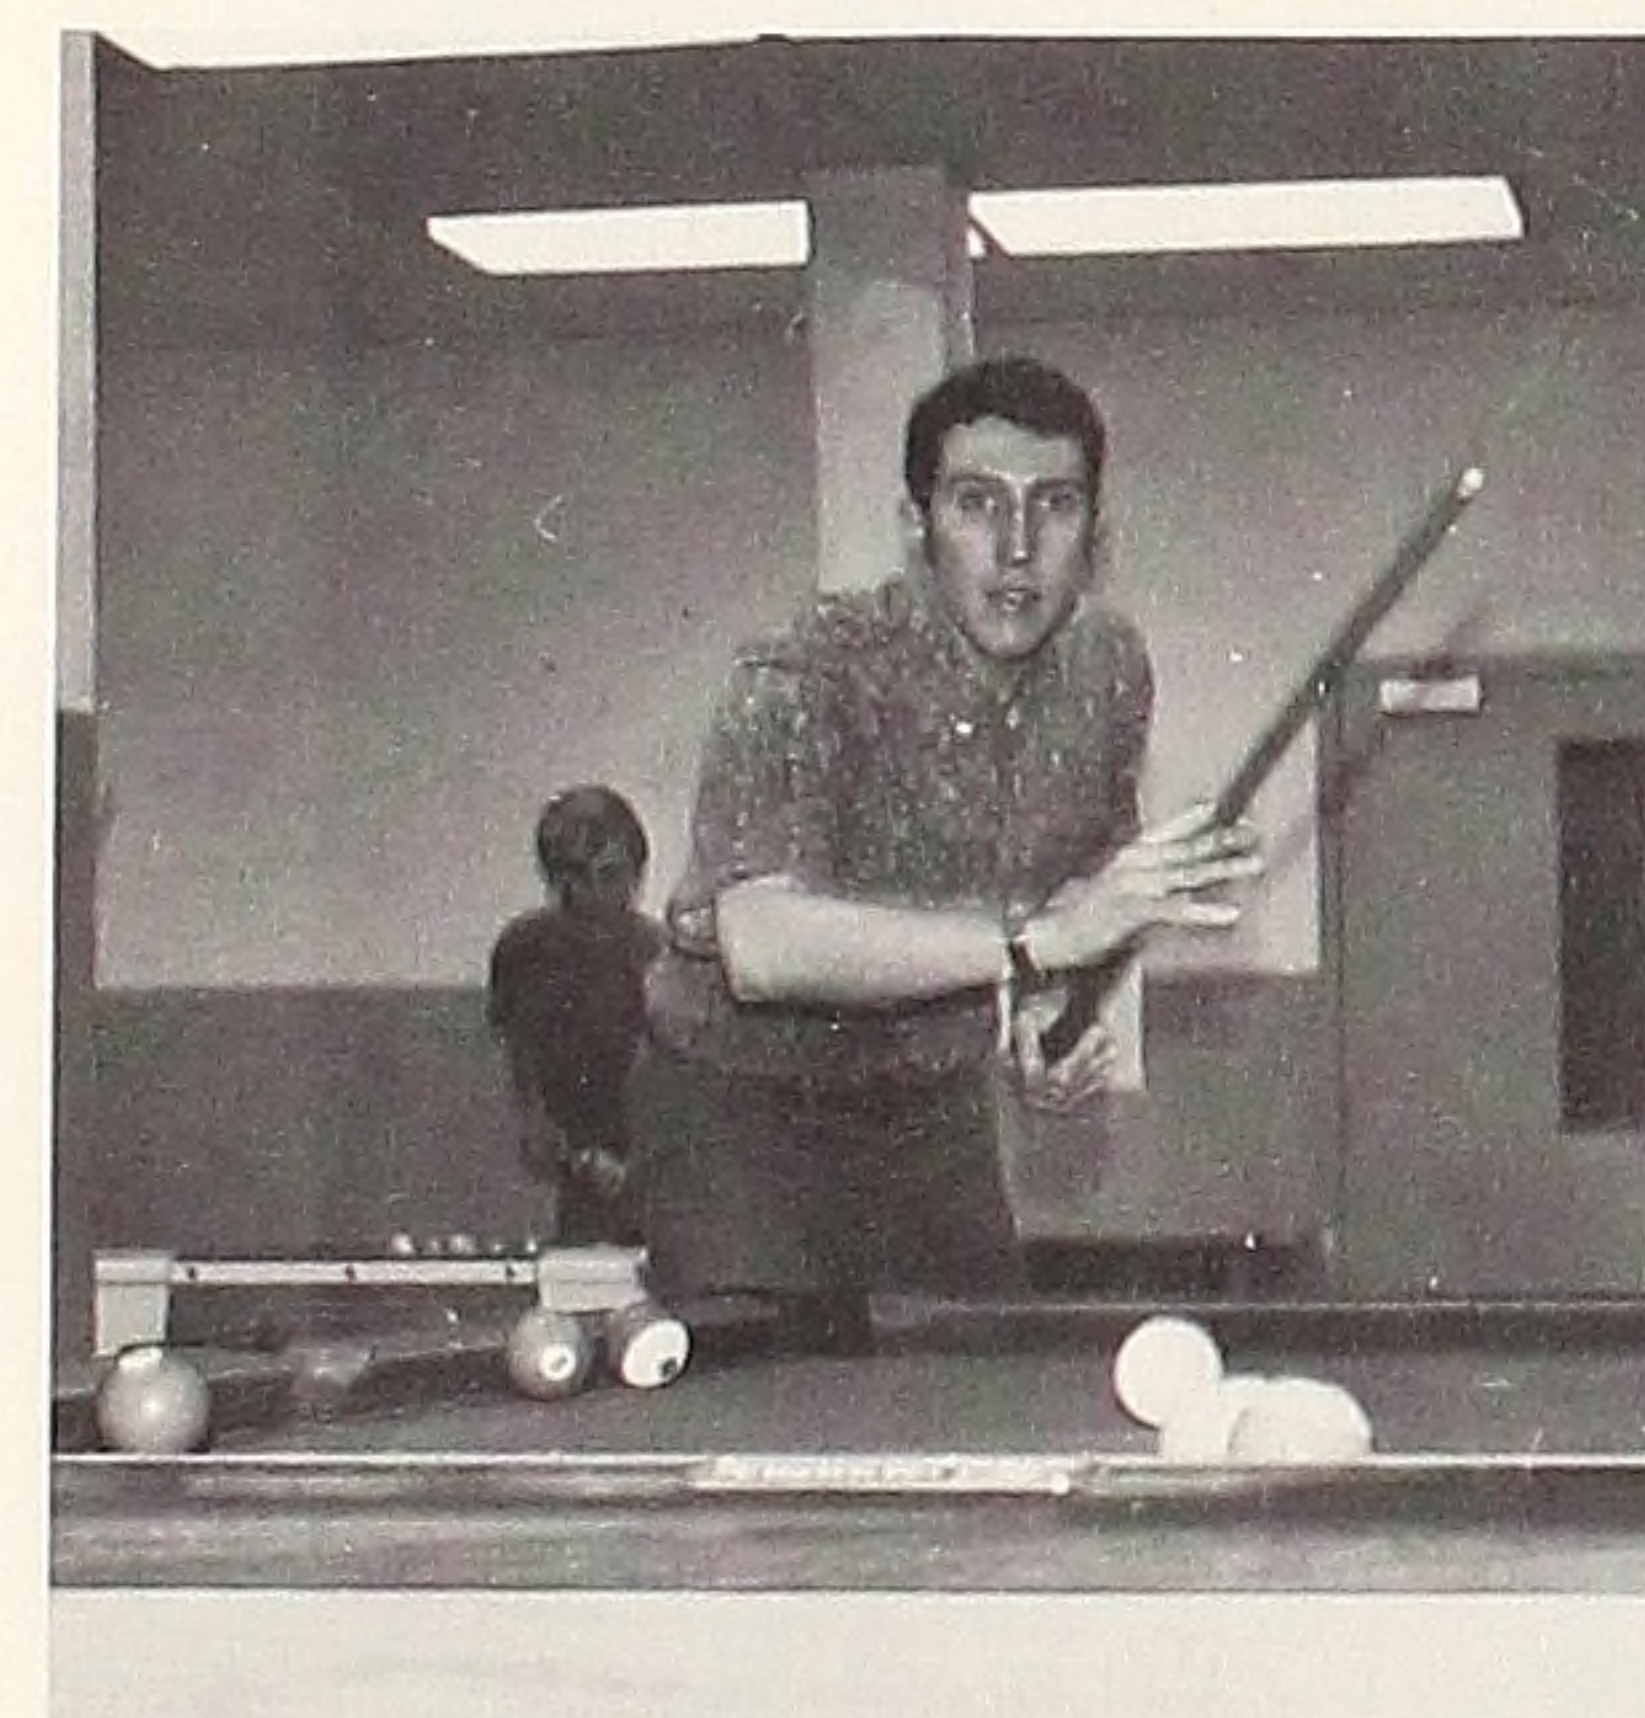

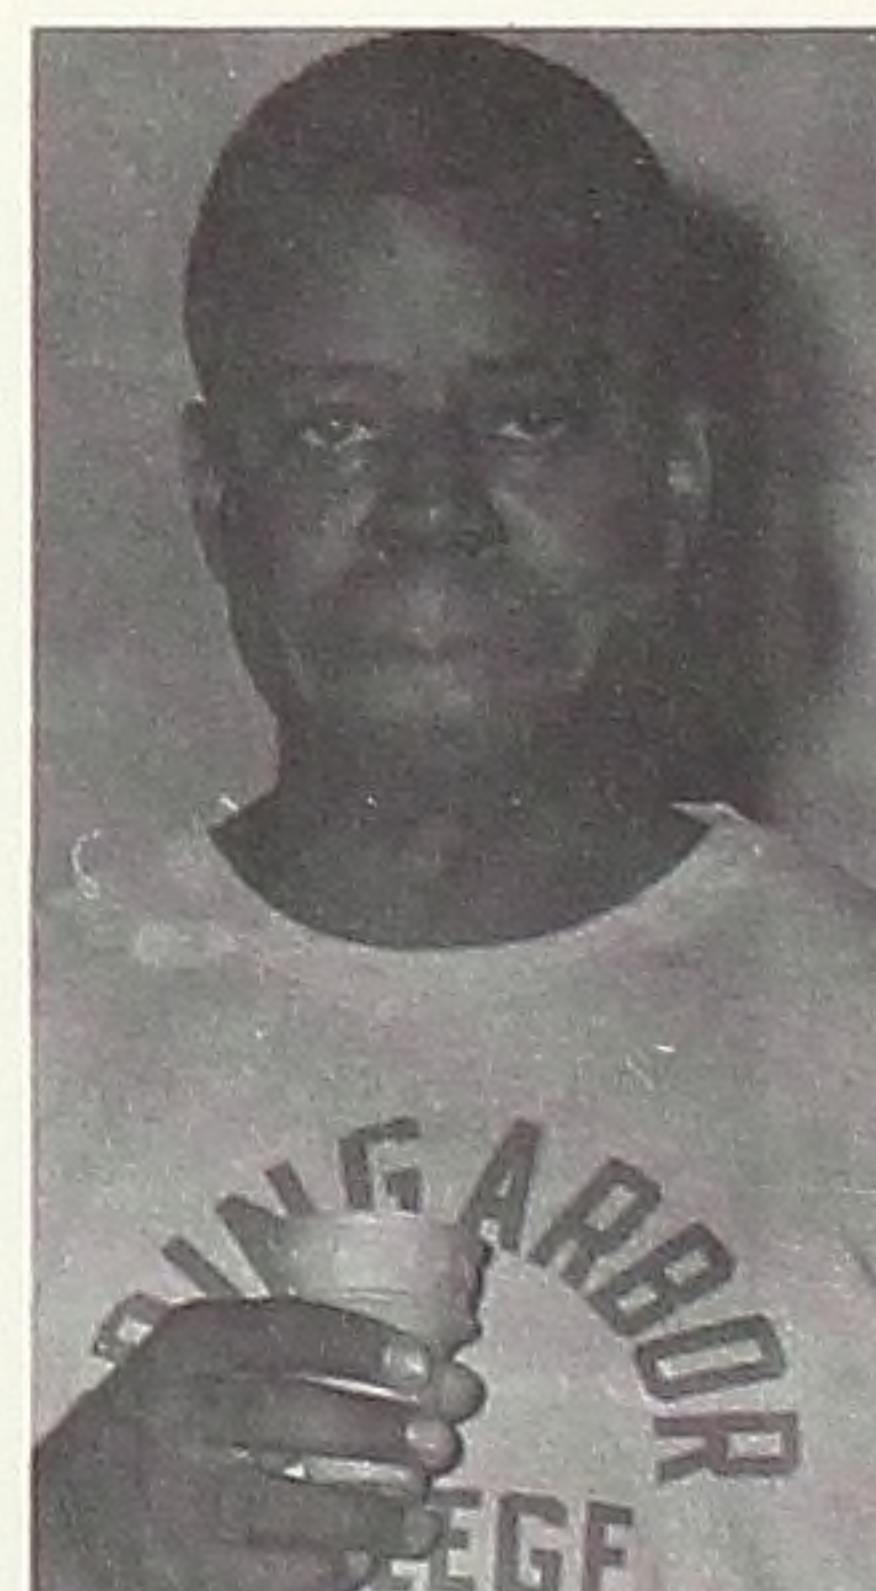

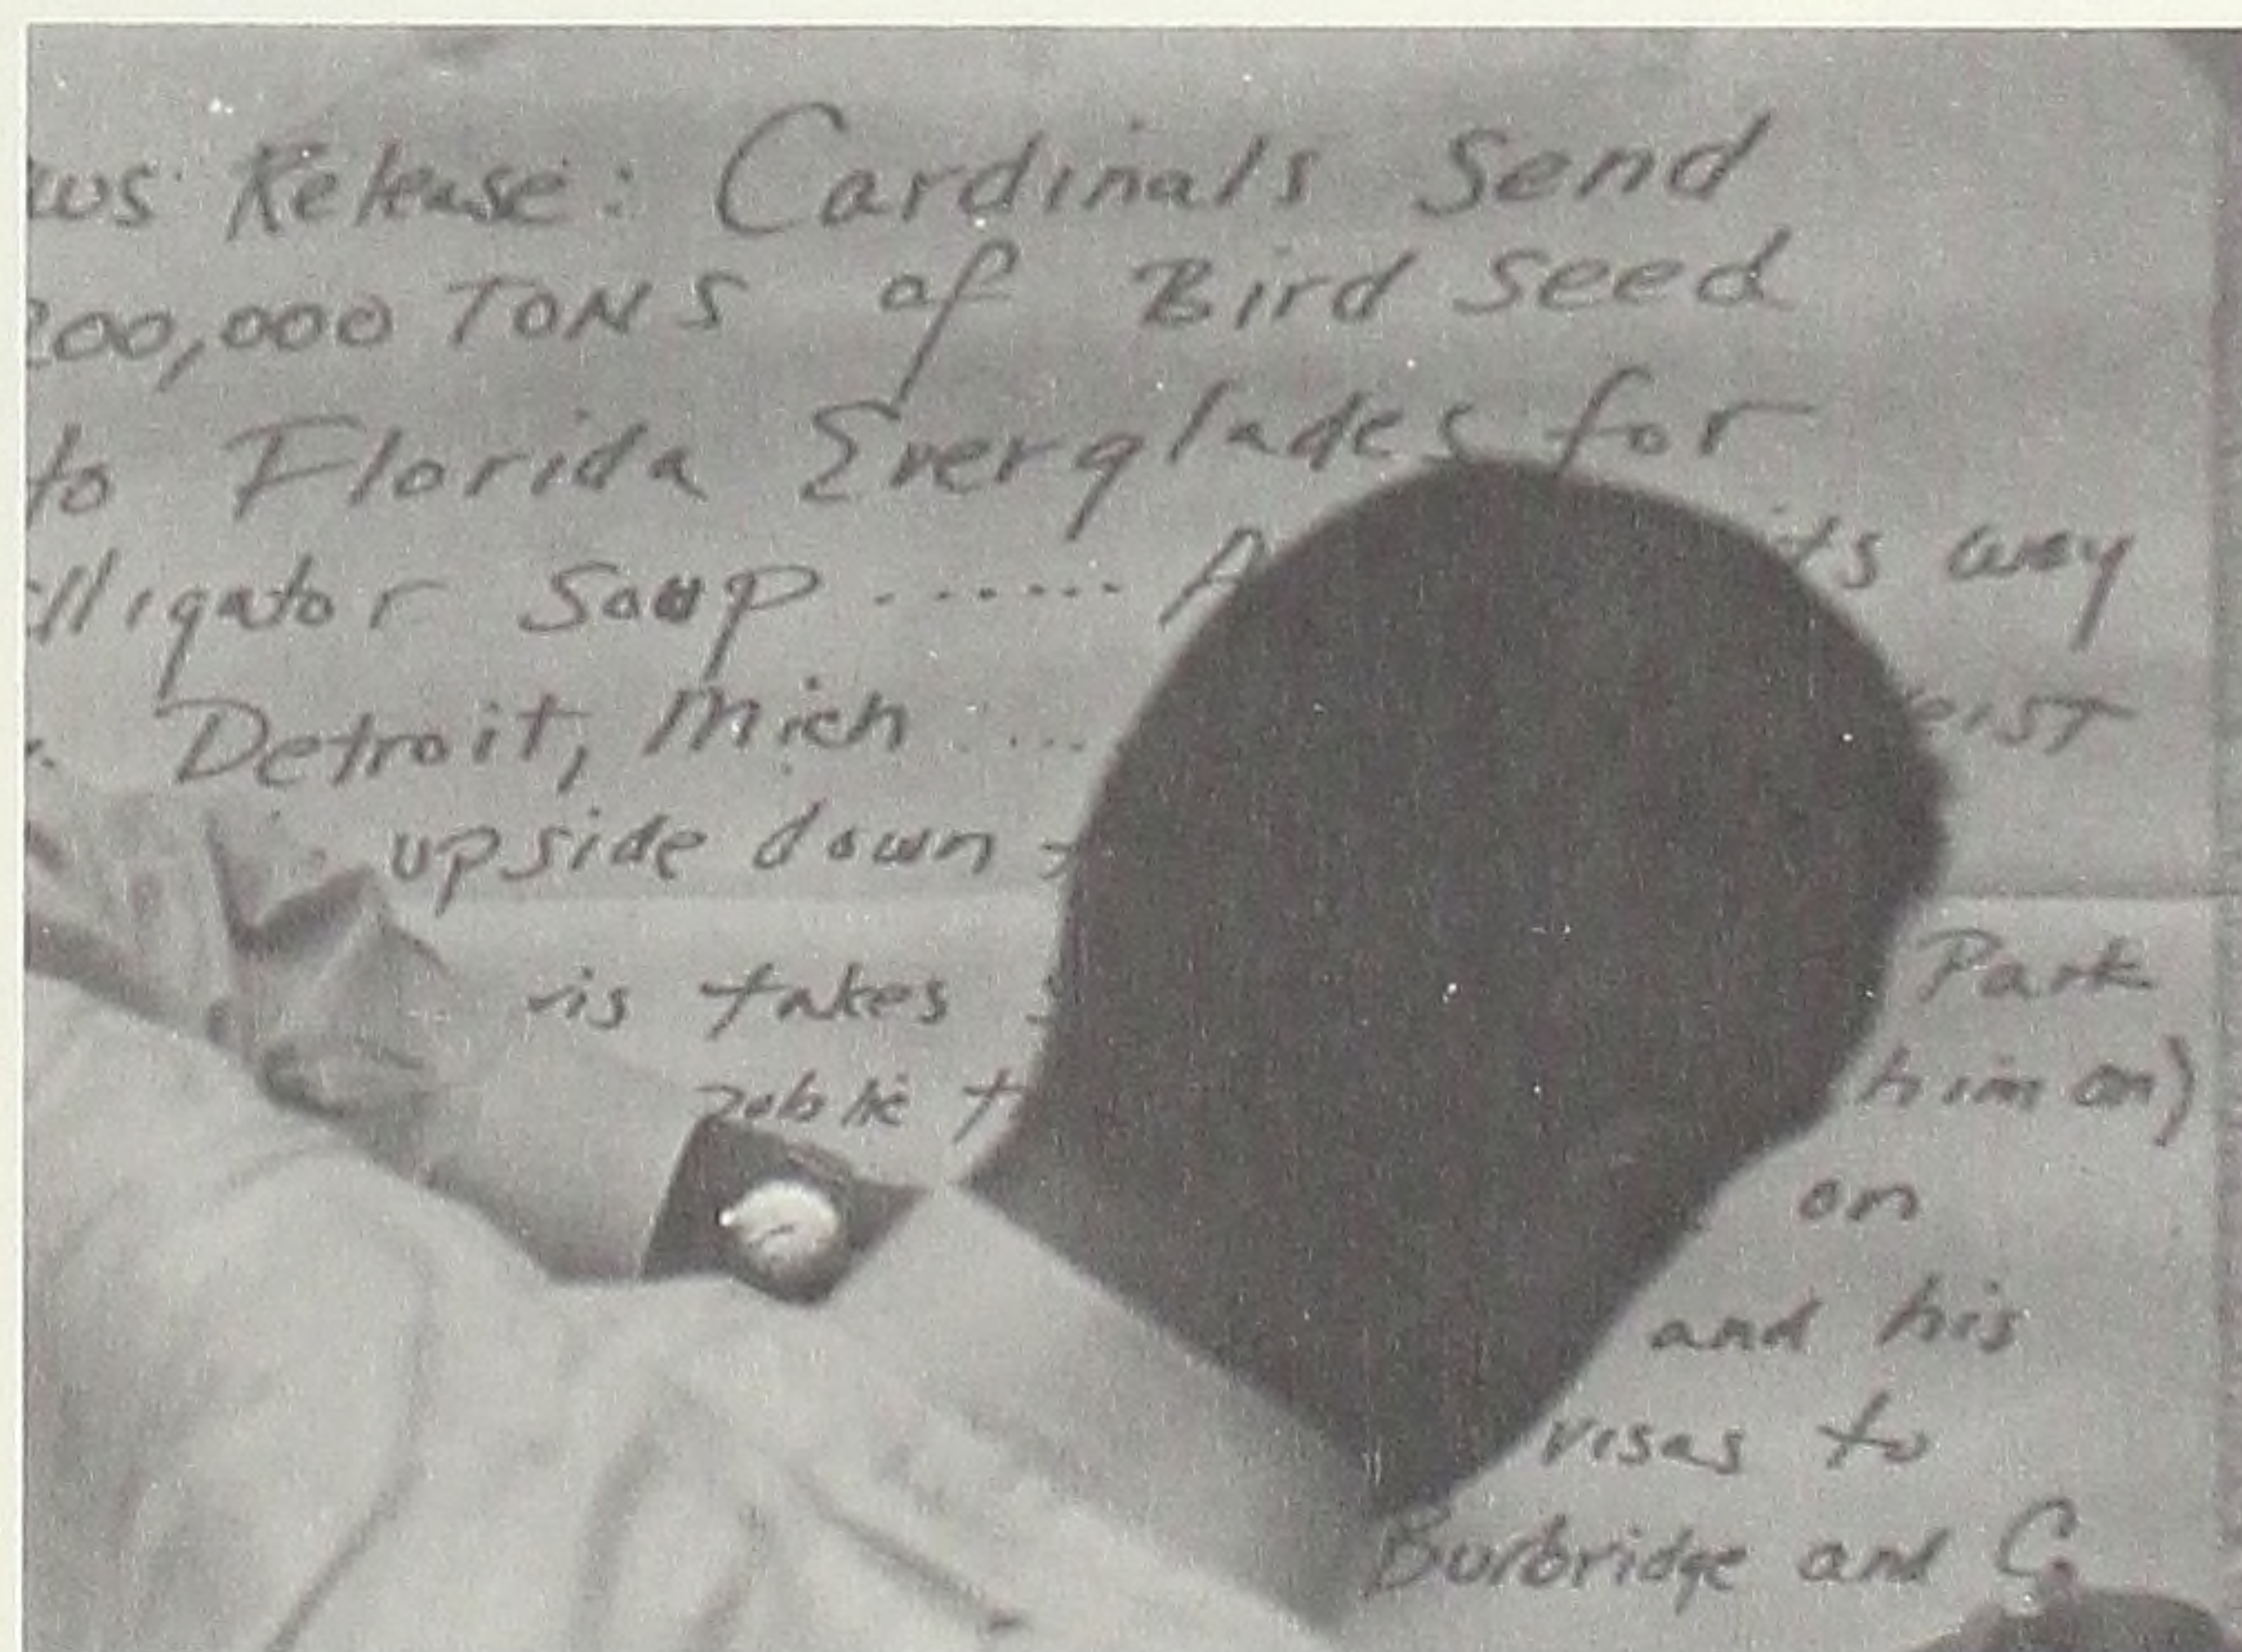

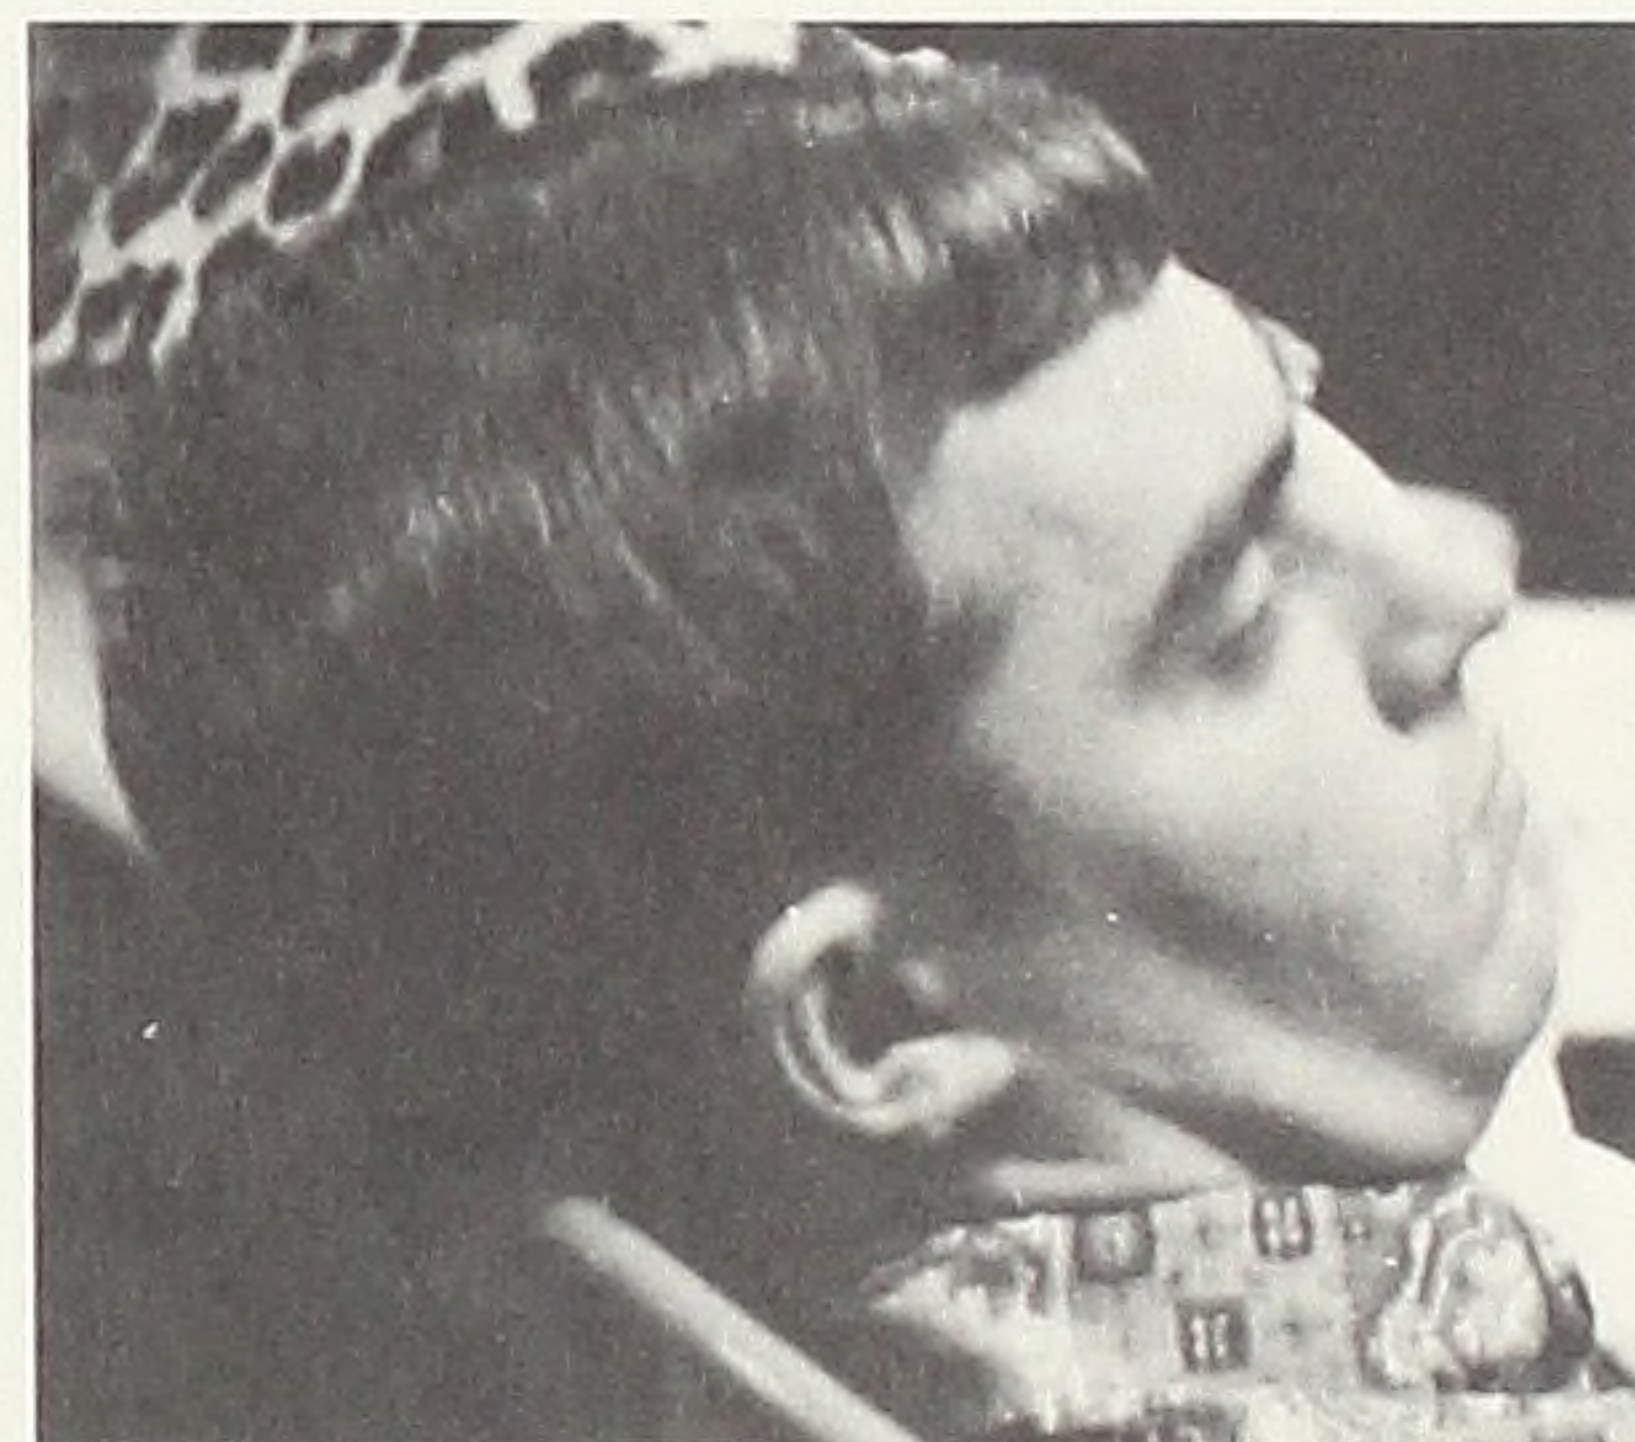

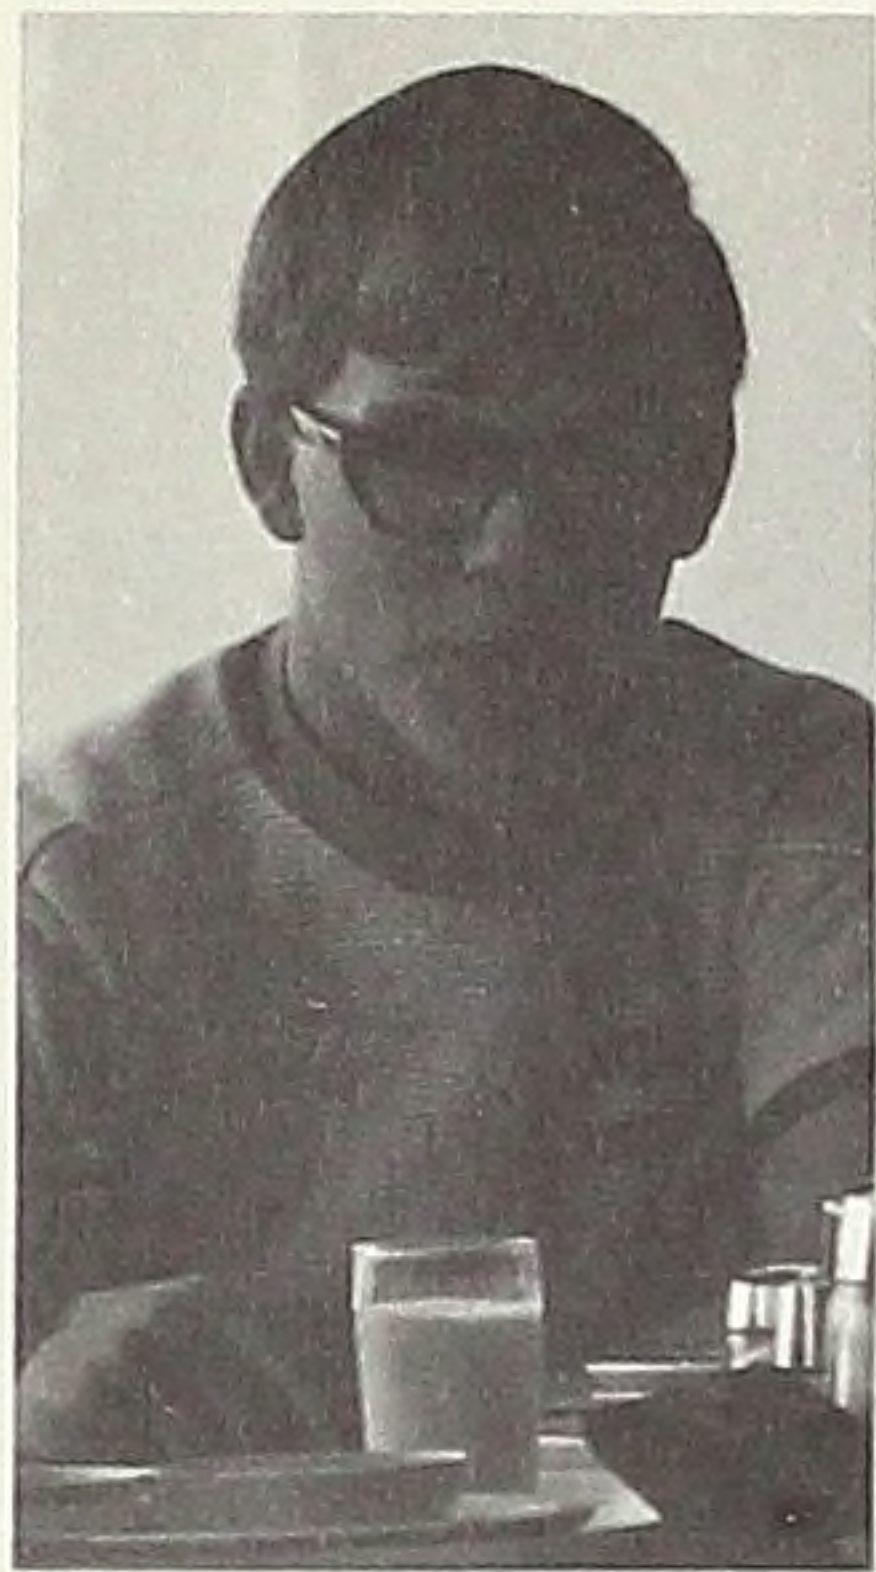

A time for intense concentration.

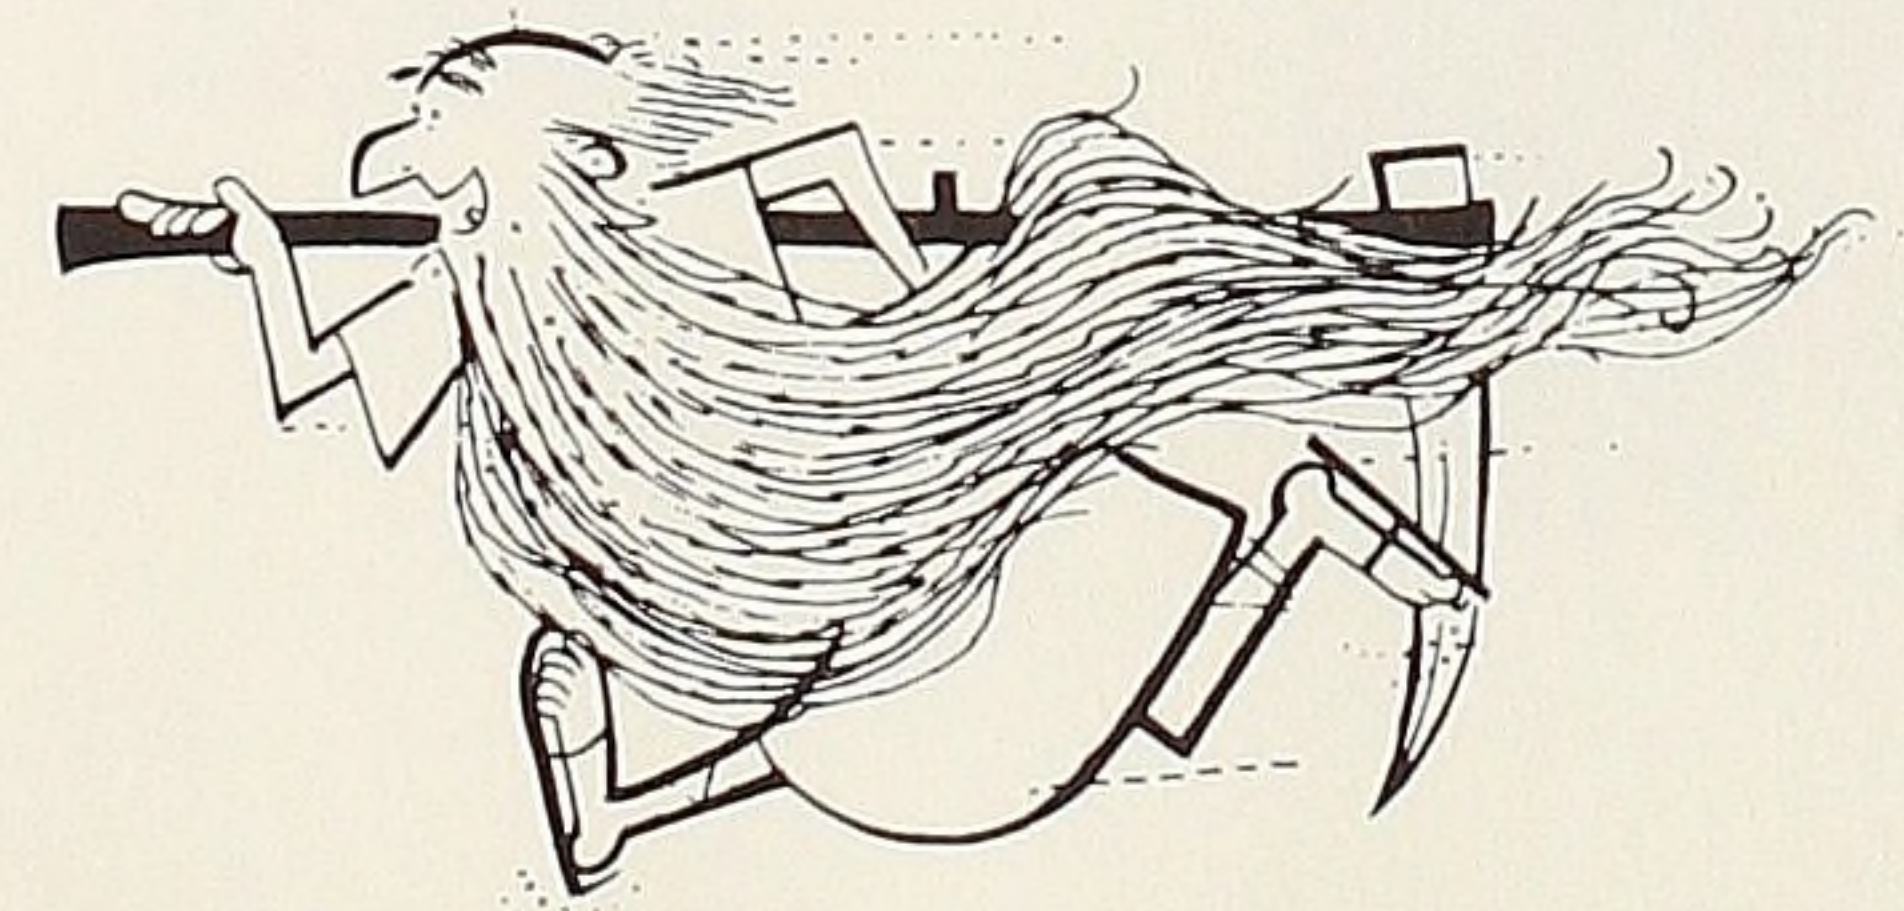

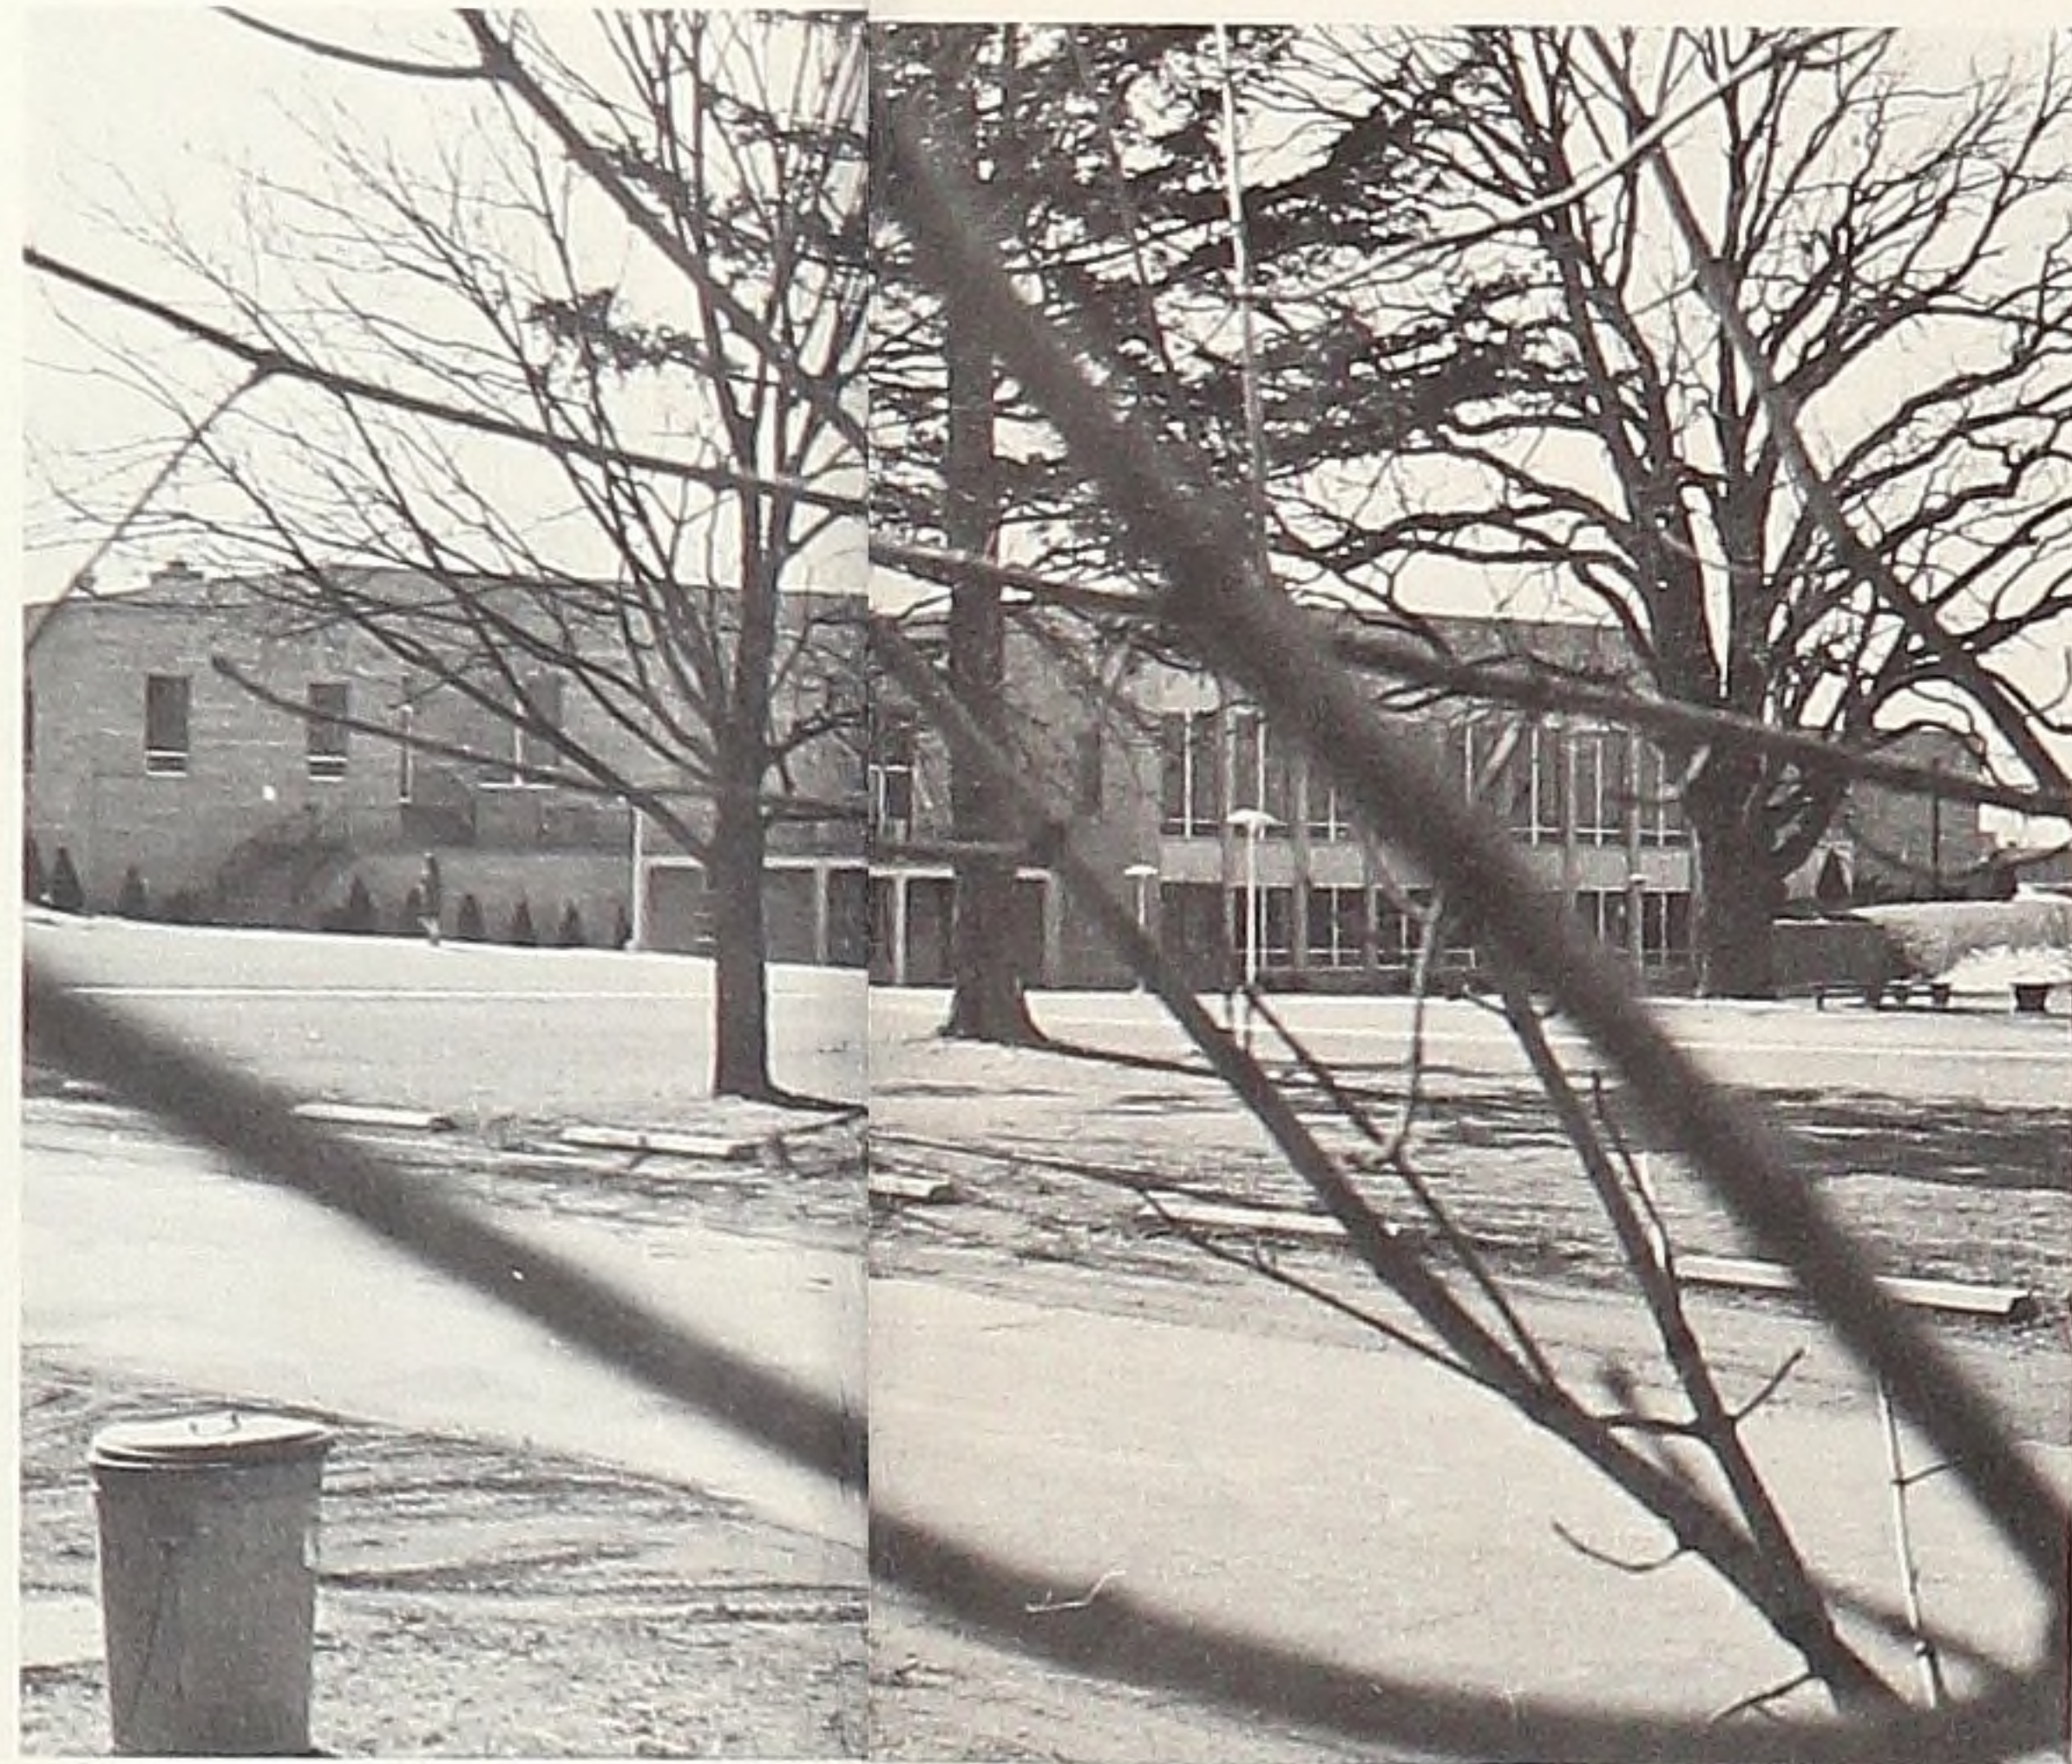

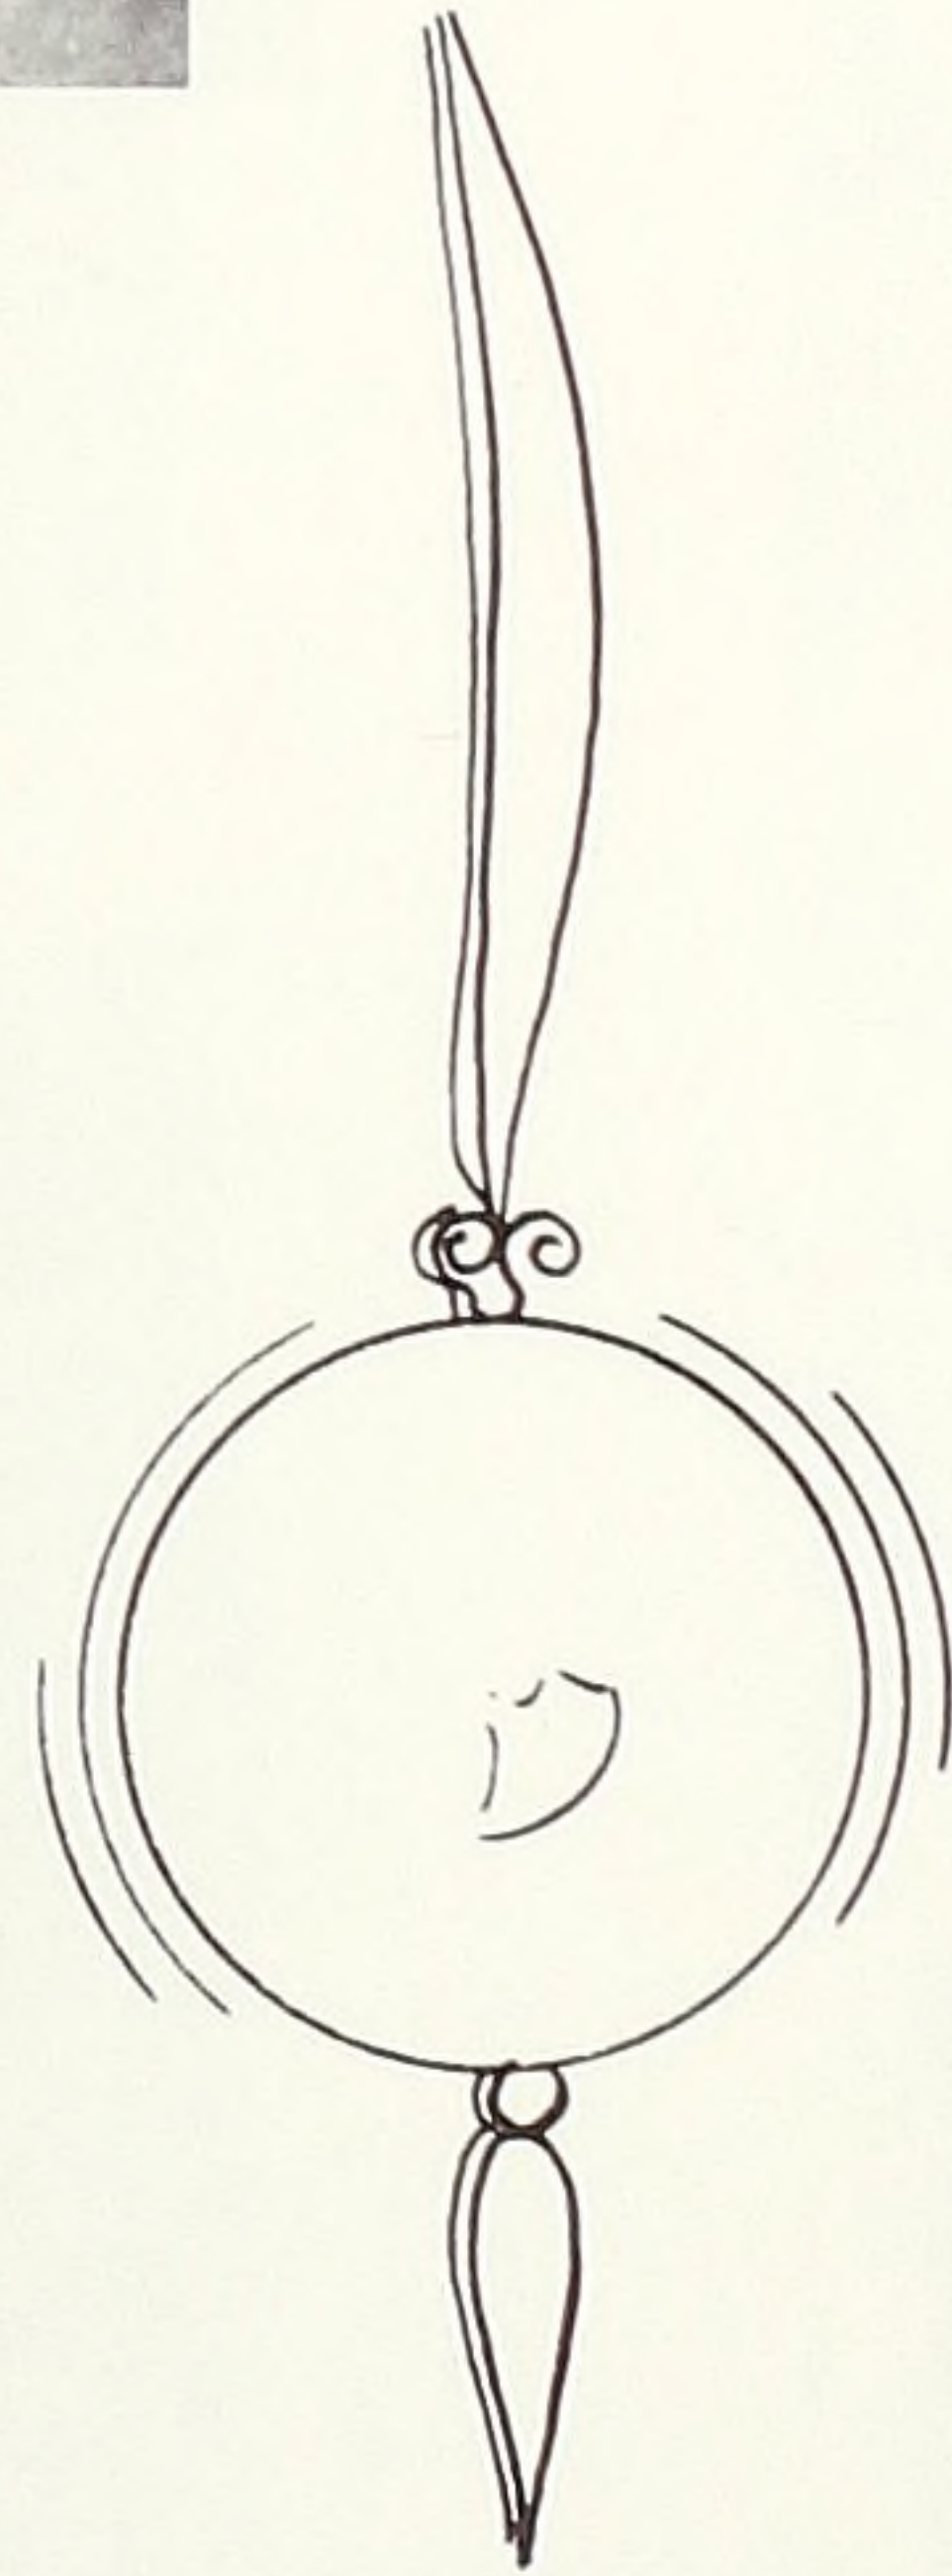

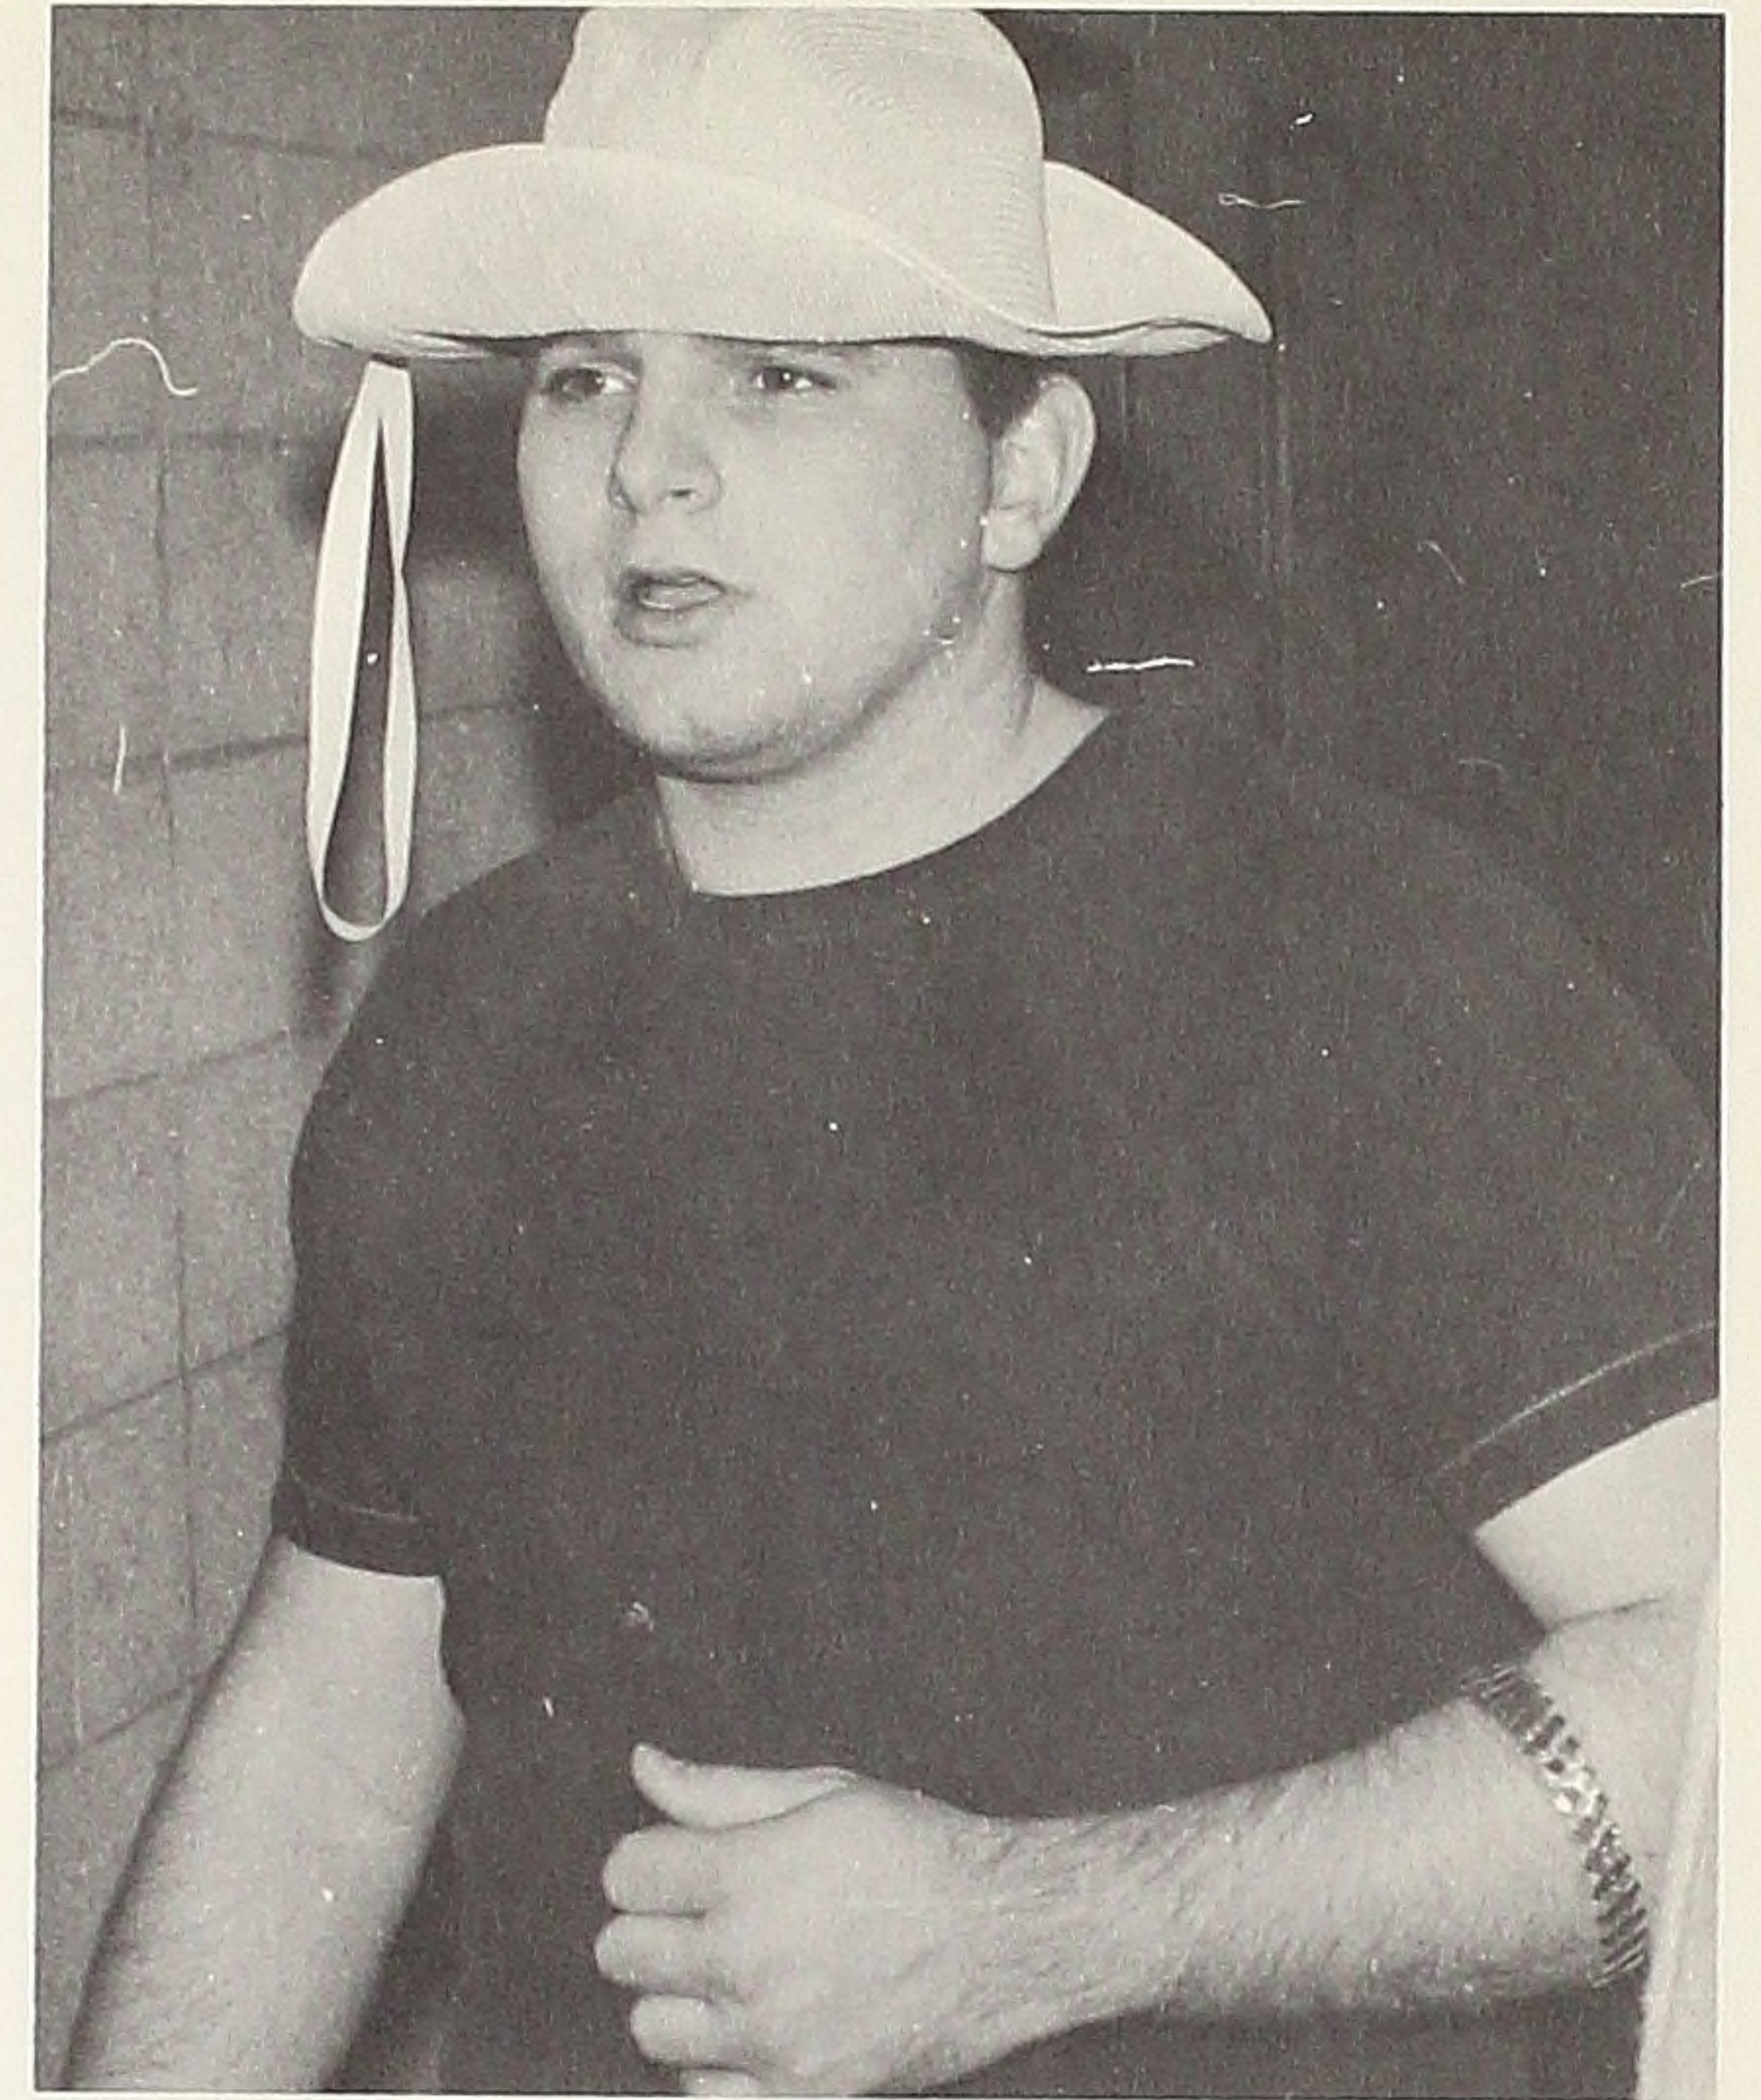

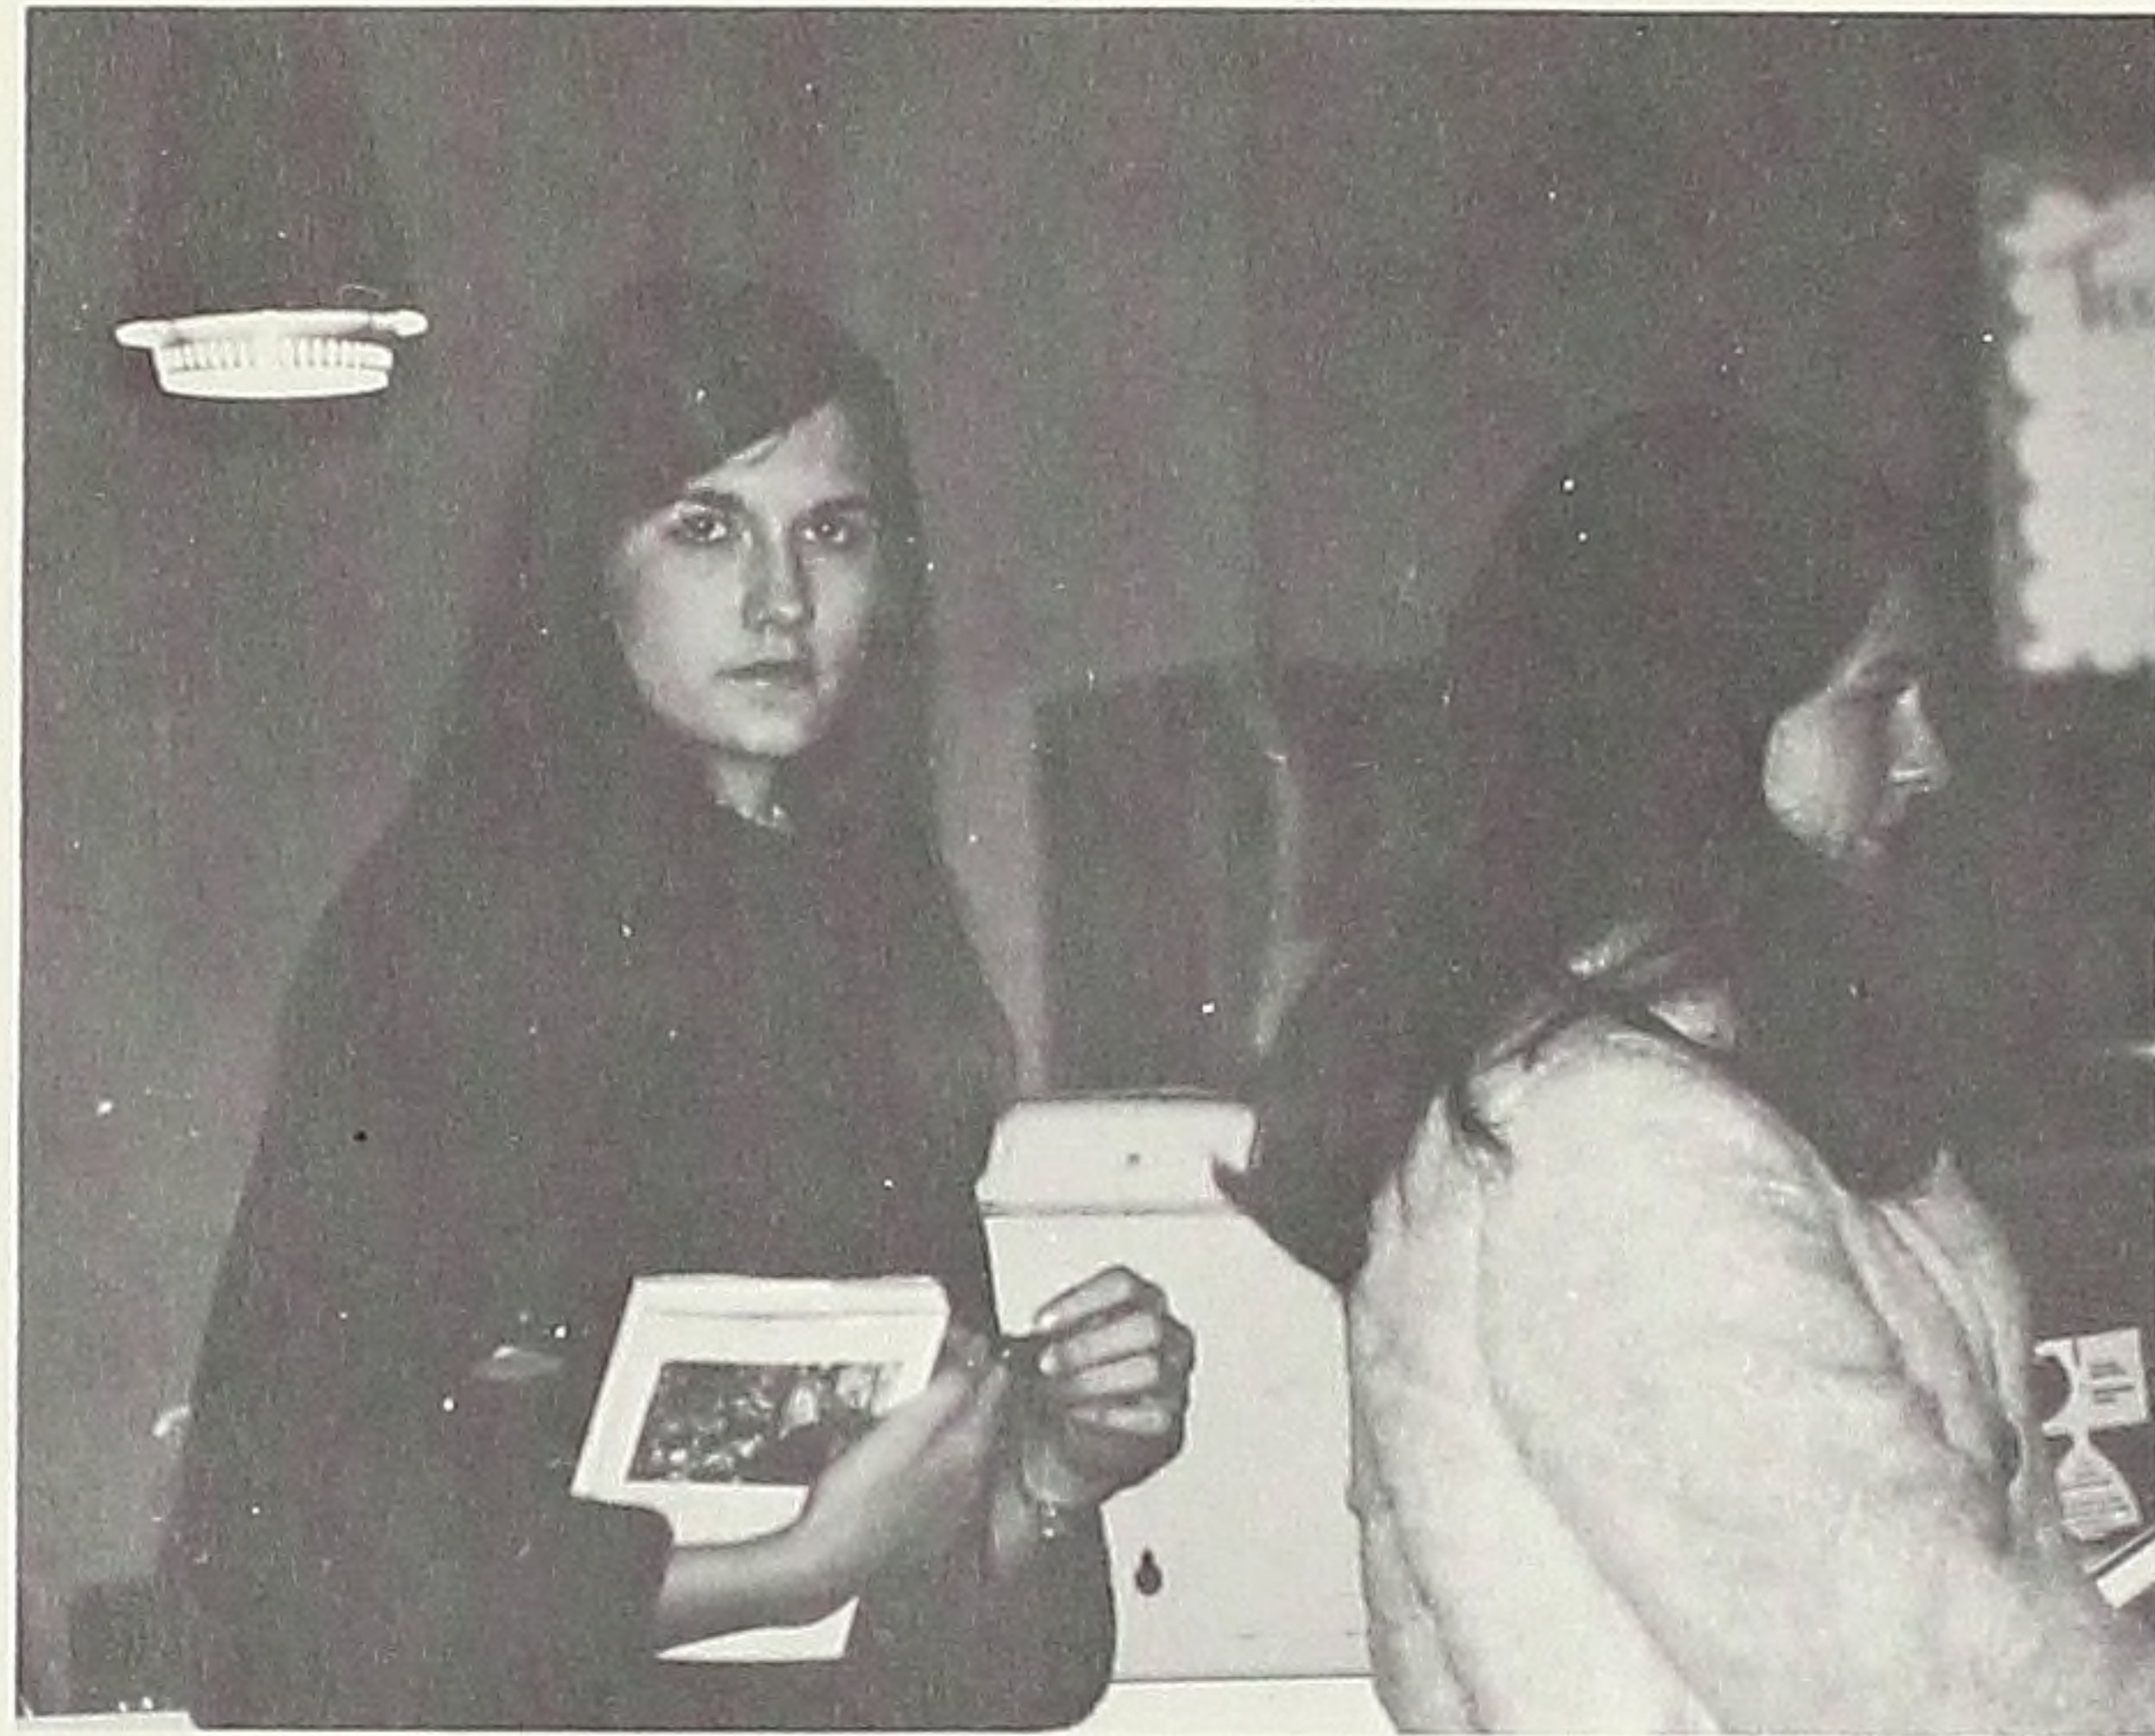

Studying can be in a relaxed atmosphere also.

A LEARNER

Each day I learn more
Than I teach;
I learn that half of knowledge is another's life
And this leads to false judgement.
I learn that there is a surprising kinship
In human nature;
I learn that it's a wise father who knows his
own son;
I learn that what we except we get;
I learn that there is more good than evil in the world.

LORD OF OUR LIFE

Lord of our life, and God of our salvation,
Star of our night and hope of every nation
Hear and receive thy church's supplication
Lord God Almighty.

Lord, thou canst help when earthly armor faileth;
Lord, thou canst save when deadly sin assaileth;
Lord, o'er thy Rock nor death nor hell prevaieth:
Grant us thy peace Lord:

Peace in our hearts, our evil thoughts assuaging;
Peace in thy Church, where brothers are engaging;
Peace, when the world its busy war is waging:
Calm thy foes' raging.

Grant us thy help till backward they are driven;
Grant them thy truth, that they may be forgiven;
Grant peace on earth, or, after we have striven,
Peace in thy heaven.
